England's Friend What words or names do the figures spell? The magic circle will tell you. Each number in the words called for above stands for a letter of the alphabet. When all the numbers in each word are found and placed in proper rotation you will have the word asked for. What words or names do the figures spell? That is the puzzler for bright girls and boys,

riow to solve the section has a number and one single circle and you will see that sech section has a number and contains a certain number of dots. In the words above each number stands for a corresponding section of the magic circle. The sections of the circle in turn each stand for a letter in the highspet. You find the letter by counting the number of dots in the section. For instance "A" is section of containing one dots "A" is section of the above the section of the section.
