Return As If From Graves. The four west side men, Leo and Edward McLaughlin, George Cripps and Charles Newcombe, rescued from death near Grand Manan, were given a royal welcome on their return home yesterday afternoon. The shrill tooting of steamboat whistles joyously acclaimed their coming, as the steamer abetoon entered the harbor, and a large crowd was assembled on the government pier in Carleton to greet them. The reunion with members of their families was touching, and the welcome given by many friends who had gathered was hearty and sincere.

SAGE TEA DARKENS HAIR TO ANY SHADE. Don't Stay Gray! Here's an Old-time Recipe That Anybody Can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color is well known to grandmothers' time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or straggled appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wynth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy, dull, scaly and falling hair.

A well-known downtown druggist says it darkens the hair so evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant. Agent—Wasson's 5 stores.

KINGS AND QUEENS COUNTY TEACHERS' INSTITUTE. The 80th annual session of the teachers institute for Kings and Queens counties opened yesterday in the Hampton and Evans District School, Inspector A. J. Brooks, presiding.

At the afternoon session the institute divided into four sections, primary, intermediate, advanced, and trustees and ratepayers. The primary section was presided over by Miss S. B. Dickson, with Miss Irma Sharp, secretary. Lessons were given by Miss Bessie G. Howard on writing; by Miss M. Ruth Thurber, on drawing; by Miss Jennie H. Day, on sounds of letters; and a paper on primary hand work by Miss Mary Saunders.

The intermediate section had Miss Bessie A. B. Parker for president, and Miss A. C. Knollin, secretary. Papers were read by Miss Kate A. Corbett, on home geography; by Miss E. Louise Harris, on elementary history, and a lesson on the construction of phrases and clauses from words by G. G. Perry.

In the advanced section, Principal C. T. Wetmore, was president and W. N. Biggar was secretary.

Miss Eleanor Robinson, editor of the Educational Review, brought the interests of the journeymen, under his management, to the notice of the teachers and was encouragingly received.

N. S. Fraser, B. A., read a paper and gave a lesson on chemistry—the preparation of salts, and H. L. Logan a paper on the application of chemistry in experimental work in nature.

In the trustees and ratepayers section S. H. Flewelling was president and A. E. Pearson was secretary. The questions discussed were teachers salaries, viewed from the ratepayers' standpoint by Mr. Flewelling; the school as a school educator, by A. J. Adair.

A resolution was adopted asking every REVIVED. Old-Time Health, Eating Grape-Nuts.

"I had been sick for 10 years with dyspepsia and a lot of complications," wrote a Western woman.

"An operation was suggested, but no one seemed to know just what was the matter. I was in bed three times in the week and got so thin I weighed only 80 lbs. No food seemed to agree with me.

"I told my husband I was going to try some kind of predigested food to see if I could keep from this feeling of continued hunger.

"Grape-Nuts and cream was the food I got and nothing has seemed to satisfy me like it. I never feel hungry, but have a natural appetite. Have had no nervous spells since I began this food, and have taken no medicine.

"I have gained so much strength that I now do all my housework and feel well and strong. My weight has increased 8 lbs. in 8 weeks and I shall always eat Grape-Nuts as it is far pleasanter than taking medicines." Name given by Canadian Postum Co., Windsor, Ont. Head "The Road to Wellville," in pgs. "There's a Reason."

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If Cross, Feverish, Constipated, Give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep restless, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul wastes, the sour milk and fermenting food pass out of the bowels and you have a well and playful child again.

Children love this harmless "Fruit Laxative," and mothers can rest easy after giving it, because it never fails to make their little "inside" clean and sweet.

Keep it handy. Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 30-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember, there are counterfeiters sold here, so surely, look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.
