MAYOR WILL ARRANGE

CHILDREN'S WELCOME TO DUKE OF CONNAUGHT

That some active part should be taken by the school children of the city in the programme for the reception of H. R. H. the Duke of Connaught and party on their arrival here during the present month was the emphatic opinion expressed by Mayor Frink today. His worship said that he had been given to understand that the children, on account of the holiday season being on, could not be brought together. He pointed out, however, that in other places visited by their Royal Highnesses and party the children/had been prominent in the ceremonies. More than this their Royal Highnesses had expressed a special desire to see the school children and His Worship says that he intends to take the matter in hand himself and will issue a call for all the school children of the city to meet him on Monday or some time during the first of the week in Queen Square or some public place when arrangements will be made for them to take part in the programme.
