

DISAPPOINTED.  
I thought, to-night, to see thy face,  
And mourn not for the sun gone down;  
But now the shadow in his place  
Hangs on my cheated heart its frown.  
  
I could not doubt that thy dear voice  
Would cheer me more than bird or lute—  
How can my heart to-night rejoice,  
With bird and string and voice all mute!  
  
The breath of June upon my cheek  
I bow, impatient for thy kiss;  
My fainting lips their anguish speak,  
The sweetness of thy breath to miss.  
  
Oh, why did thy sweet steps delay,  
Since bird and song and breeze are gone?  
Slighted for hope of thee, the day!  
Without thee night puts sackcloth on!  
  
Were I away, thou shouldst not chide  
One heedless moment of delay;  
I seek my sunshine at thy side—  
Thy voice my song, thy smile my day.  
—(Harper's Magazine.)

A man out West who married a widow has invented a device to cure her of "eternally" praising her former husband. Whenever she begins to decant on his noble qualities, this ingenious number two merely says—"Poor, dear man! how I wish he had not died!" and the lady immediately begins to think of something else to talk about.

A very handsome young fellow from Baltimore assaulted a citizen on the street at Staunton, Va., a few days ago, and was sentenced to the chain-gang in default of payment of his fine. While the gang was working near a girls' seminary the girls caught sight of his handsome face, which so appealed to the sympathies of the tender-hearted creatures that they "clipped in" and paid his fine. He manifested his gratitude by getting beastly drunk.

**Why the Valve Jar is Superior to all Others for Preserving Fruit.**

1. Because it is the only one in which the contents can be securely fastened, and cooked while thus fastened, without risk of an explosion.  
2. It is the only one that is automatically Sealed, therefore, the only Self-Sealing Jar in the market.  
3. It is so simple that no skill is required to use it successfully.  
4. It is a securely fastened when placed in the kettle, and being immersed, the fragrance of the contents is confined in the Jar, a more perfect vacuum produced and the hardening of the hot jars entirely avoided.  
5. It is well known that fruit Jars which are closed with rigid fastenings burst by fermentation, and the effect upon the closet and surrounding is well understood by many housekeepers.  
The Cover of the Valve Jar forms a perfect safety valve makes an explosion impossible, and entirely obviates every difficulty that exists in other fastenings. For sale by
