DR. JIM MUST GO TO PRISON

Guilty of Violating Foreign Enlistment Act.

The Ringleader Sentenced to Fifteen Months in Jail-His Associ ates Ten and Five.

Lord Russell Charges Very Strongly Against the Prisoners.

London, July 28.-The trial of Dr. Jameson and his associates was resumed to-day. The court was packed with people in anticipation of the conclusion of the celebrated case.

Lord Russell, of Killowen, Chief Justice, in summing up was distinctly hostile to the defendants. He began by pointing out that none of the essential facts in the case against the prisoners had been contested, and there was no doubt as to their having taken part in or abetted the proceedings at Pitsania and Mafeking, where the invading forces were mustered preparatory to entering the Transvaal. It was entirely unimportant, in the opinion of Lord Russell, whether the foreign enlistment act was in force. There was no doubt, he said, that the expedition was of a military character, and whether it was aimed to overthrow the Transvaal government or to force a change in the laws of the republic in the interests of others it was equally an expedition against a friendly state.

The jury returned at 4:30 p.m. When the jury returned the foreman announced that all the defendants had been found guilty of the charges of violating the foreign enlistment act.

Dr. Jameson was sentenced to fifteen months imprisonment, without labor. Major Sir John Willoughby was sentenced to ten month's imprisonment. Major White was sentenced to seven months imprisonment and Captain Henry F. Coventry, Col. R. Grey, and Col. H. F. White were sentenced to ave months imprisonment each.

THE CUBAN TROUBLE

Important Engagement Fought Between General Linares and Insurgents.

While Spaniards Lost Heavily the Rebels Were Driven From Every Position.

Havana, July 28.-An important engagement has been fought between Gen. Linares and the insurgents under Calixto Garcia, in which the Spanish losses were heavy.

General Linares set out from Ramon de Los Yagus on July 23rd, having learned that the forces under Calixto Garcia, Cebreco and Rerequito Parez. three thousand strong, were encamped between Perseverandia and Santa Ana. Coming up with the insurgents about 4 o'clock in the afternoon he opened fire and the engagement soon became general. Gen. Linares took their camp and they fell back to Santa Ana, fight-

ing as they went. Early on 'he 24th the insurgents took an offensive movement by attempting to Turks in Crete on Saturday upon the turn the right wing of the Spanish col-They attacked with vigor and hard fighting ensued. They made an obstinate stand and refused to go back before the opposition of the Spanish. The attack was finally repulsed by a bayonet charge by the Spanish, led by Col. Bazan with four companies, assisted by Gen. Linares with two companies and two pieces of artillery. The insurgents' position was taken, and at the same time Col. Rubin, with four companies, made an attack on their flank

and put them to flight. In the camp of the insurgents was found a letter from Calixto Garcia in which he lamented the death of Jose Maceo. This was in the form of an official document.

On July 25th Maximo Gomez followed the Spanish troops to Ramon de Los Yaguas, where was heard the hot fire of an engagement between General Sandoval and the insurgents, part of whom were dispersed. Capt. Rabadan had a tight with a band of El Inglesito and after a lively engagement dislodged and dispersed them, leaving 16 killed.

CARDINAL TASCHEREAU DYING.

The Remaining Days of the Venerable Prelate's Life Are Numbered.

Quebec, July 28.-Cardinal Taschereau's condition changed for the worse yesterday afternoon, his physicians beng hastily summoned to his bedside. Jameson and His Associates Found His excessive weaknes renders his condi tion alarming. His eminence is suffer-ing from ailments common to old age, and his strength fails him entirely. The doctors term the malady "decrepitude." It has been an open secret for some time that he was suffering from both mental and physical decay. His helplessness and infirmities have weighed upon the venerable prelate and his private physician says the remaining days of his life Gadesden, She Says, Came to Engare numbered. Last night the cardinal was a little better, but his pulse is very feeble and unsettled.

Jameson and Companions Likely be Convicted - General News From Europe

London, July 28 .- The curious spectacle is afforded here of the Chartered Company's organs on one hand exaggerating the severity of the reported repulse of the English by the Matabeles in the Matoppe hills, and of the government press on the other hand trying to minimize the disaster.

The reason is not hard to conjecture. Cecil Rhodes finds the stormy rebellion on the part of the natives carefully fostered by him in order to give an excuse for his absence from England during Jameson's trial, cannot be allayed as easily as he expected. Certainly he himself is such a grotesque failure as a military leader that he has already retired to comparative safety.

Joseph Chamberlain, on his part, is naperial troops, and thus making the nation pay Rhodes' bill.

Hence the anomalous state of affairs bestowed on the nation by the vanity adventurer, Rhodes, who, in addition to the disastrous scandals of the Jameson raid, is now forcing Great Britain into a war that is likely to cost more valaable lives and milions of money.

The Westninster Gazette expresses the opinion that the jury is likely to convict Jameson and his companions. The speech of Sir Edward Clarke in Jameson's defence yesterday, is commented upon as weak in the extreme. Continuing, the Gazette says: "Oratorical reference to his being a defender of worned and children are absurd in view of the well-established fact that the whole affair was a stock-jobbers' conspiracy. It is reported on good authority that Clarke himself only hopes for a disagreement of the jury."

The Westminster Gazette this afternoon says that during the debate on the home office vote on Friday next, the home secretary, Sir Matthew White Ridley, will probably announce the mitis. gation of the sentences of the Irish politient priseners.

An Athens dispatch to the Daily News referring to the threatened attack by Christians, and the lowering of five boats from the British ironclad Hood to land marines, says the hoats were recalled because other foreign warships present failed to follow suit. The Daivy News correspondent goes on to say: "Private information reaches me tha. the insurgents, in a strong force, have approached within cannon shot of the Retimo and engaged the Turks success fully, the inhabitants watching the bat tle from the house-tops. The English men-of-war witnessed the fighting and cheered the insurgents. The Turks were hard pressed, and have sent to Canea for reinforcements."

The correspondent also says of the quibreak in Macedonia: "Macedonian surgents are said to be everywhere received with open arms by the inhabitants, many of whom have joined the in. surgents. The Greek government has arrested several officers of Prikkala and Larissa garrisons for abetting the insurgents in Macedonia, but no government will be able long to resist the public enthusiasm, which, as regards Macedonia, is a hundred times stronger

than that regarding Crete." Zurich, July 28.-The riots, which bicke out on Saturday, arising from the killing of Swiss by Italians, were renewed vesterday evening and continuel all night long. An infuriated crowd attacked the Italian quarter and committed serious excesses. The rioters were finally overpowered by the police and military after 70 men had been arrested. The disturbance was finally quelled. Constantinople, July 28.—It is rumor-

Mrs. Yarde-Buller admitted she then defended herself with a kitchen rake.

In regard to the statement made by Mr. Yarde-Buller on the witness stand that one night his wife insisted upon going to the Alhambra Music Hall, and afterwards to the Cafe Cavour, a resort frequented by gay people, where, he claimed, she made a disturbance while he was talking with a friends, and afterwards drove home with a strange woman and locked him out of the house, the respondent said he took her to the Alhambra, and left her to pay for the supper at the Cafe Cavour. As she did not have enough money to foot the bill, wcman who was supping at another table in the place, came to her assist ance and paid the bill.

Mrs. Yarde-Buller denied the statements of her husband that she behaved like a mad woman, once going so far as to take poison, and at another time locking hersef in the drawing room and making strange noises. She also denied locking her husband out of the house, and said it was not true that she had struck him with a dinner plate, in short, Mrs. Yarde-Buller denied having committed any of the acts of violence attributed to her by her husband.

Regarding Mr. Valentine Gadesen, who in the suit brought by Mrs. Yarde-Buller against his wife, is made co-respondent, Mrs. Yarde-Buller testified that Gadesen came to England from San Francisco solely to arrange her affairs and protect her from the violence of her husband. She denied having committed adultery with him, and said it was not true that she had called him

It was construed by Dr. Herne and some of his friends as implicating the doctor in the murder of Amos J. Stilwell, at Hannibal, Mo., in December, 1888.
