

PUBLIC HOSPITALS, &c.

The **PROVINCIAL AND CITY HOSPITAL** is visited daily at 12 M., by the Medical Officers, and may be attended by Students without payment of any fee. The **CITY ALMS HOUSE**, containing from 200 to 400 patients, half of whom are usually in the Hospital Wards, will likewise be available to Students, without fee. The best opportunities are here presented for clinical instruction, midwifery practice and treatment of diseases; likewise for the observation of pathological appearances, which will be demonstrated by postmortem examinations.

CLINICAL LECTURES will be delivered at the Provincial and City Hospital and City Dispensary. Instructions will be given at the bed side, including physical diagnosis, and many opportunities afforded to Students to become familiar with the operations of minor surgery.

The **HALIFAX DISPENSARY** is carried on after the model of the DeMilt Dispensary, New York, being divided into three Departments, viz.: (1.) *Surgical*, including the Eye and Ear; (2.) *Medical*, including the Heart and Lungs; and (3.) *Diseases of Women and Children*. At this Institution from 30 to 50 cases are treated daily. Here the Student can have the advantage of becoming practically acquainted with Pharmacy and Midwifery under the Officers of the Institution.

Certificates of Attendance on the Hospitals and Dispensary will be given to those Students who attend regularly.
