C. HUMPHREY TAYLOR.

TRAGIC DEATHS.

TWO WELL-KNOWN PEOPLE PASS AWAY.

Mrs. Joseph Harvey, of Centreville, fell down stairs last Friday receiving injuries from which she died on Monday morning. She had for a couple of years been in poor health, and after her fall did not regain consciousness. James Harvey of Woodstock is her son. She also has a daughter living in Boston who arrived at Centreville on Tuesday.

Charles Good of Jacksonville, one of the best known and most prosperous farmers of the county dropped dead in Baker's stable at Woodstock on Tuesday evening. The cause of his demise is ascribed to apoplexy, to which his family have been predisposed. He, with his daughter, had taken tea with Chas. Comben at Woodstock and he had gone to the stable to get his horse. Up to his death he was in apparent good health. Though he was 70 years of age he was as erect and his step as elastic as that of a man 50. He leaves two daughters, Miss Helen, and Mrs. Schurman of Charlottetown. He has been widowed many years; his wife was a daughter of the late Rev. Samuel Hartt.

M. R. Keenan of Johnville, came down yesterday to meet the express which carried the dead body of his son, John E. who some little time ago was kicked by a horse and died from the result on Wednesday. The young man was 24 years of age and held a responsible position as book keeper with a Lewiston, Me. firm. Deceased was wellknown in the upper part of the county as an amiable and upright young man.

Kent Parish S. S. Convention was held in Bath on Thursday.

Rev. J. B. Daggett's regular preaching service in the F. C. B. Church tomorrow evening—7.00.

L. P. Fisher of Woodstock has returned from Boston where he had gone to spend the winter, and by poor health is confined to the house. He will not be able to get out until spring.

The Trustees of this district have found it necessary to open another school in the village. This is truly a wise move for the number of pupils in attendance is certainly too large for two teachers. Mr. Matheson's hall is being fitted up temporarily for a school room and in which Miss Susie Pass will be teacher.

On Thursday Miss Eva Cluff's many friends gathered at the home of C. H. Taylor, and spent a most enjoyable evening on the night previous to her departure. Miss Cluff who has been in our midst as a milliner since last spring has made many friends and she will be much missed from the circle she cheered and brightened.

BOARD OF TRADE.

A MEETING OF THOSE INTERESTED.

It has been decided to call a meeting of those interested in the organization of a Board of Trade and the date is fixed for next Monday and the place the ADVERTISER office. Every merchant, business man and citizen, interested in the welfare of the village and county is invited to attend. The object of organization is to seek to improve the business of the village: to call for a reduction in freight rates, to agitate the Bridge Question, to encourage and foster new and old industries of general benefit to the village and country, to unify the interests of the business men and the farmers. The ADVERTISER has been apprised of the meeting only as it goes to press and not in time for a careful write up. But it urges upon all the fact that the question is of great importance and the meeting should be at least representative of all lines of business.

DIED OF FEVER.

INSANITARY CONDITIONS AND BAD PORK

Up along the line the chief topic of conversation is the fever that originated in McNair's lumber camps. Four of the victims have died since coming out, and others are in a critical state. The insanitary condition of the camps is supposed to have been the exciting cause, but whether McNair's camps are worse in this respect than others our informant does not state. Much of the sickness originated in the the pork as before mentioned and the ADVERTISER hears that Mr. McNair has instituted a claim for \$2000 against the packers. It is true the brine had been drained off and that would help the meat to spoil, but it is said it was bad when first received. This affair will be a serious blow to Mr. McNair's business and may break up his winter's operations.

TO DISCUSS WHEAT-GROWING.

The Woodstock Dairy Association will meet in Cedar Hill school house on Monday evening next, and will discuss the wheat-growing problem. They have put the question thus: Resolved that the farmers of Carleton Co. should raise their supply of wheat rather than import flour. At the meeting of the People's Agricultural Union in Matheson's Hall next Thursday evening, this question should be argued. There are some farmers in this vicinity who could tell interesting and profitable experiences in this most live issue.

Stanley Sutton of Andover spent Christmas in the village.

Samuel Harmon of Fort Fairfield is stopping in the village.
