TARTS ON DECK.

MAGOG, Que., Oct. 15.—Hon. Mr. Tarte inspected the Dominion Cotton Mills here today and replied to an address of welcome presented to him by the mayor in behalf of the citizens. He stated he was in favor of giving the Americans the job for tax and knew all his colleagues did not agree with him. But he did not care if his remarks embarrassed any one. He was responsible to the premier, and he was prepared to step out. At the luncheon President Grant of the company stated that but for the hopes of a better tariff held out by Mr. Tarte, the Magog mills would be closed down.

THE ST. JOHN STAR is published by THE SUN PRINTING COMPANY (LTD.), at St. John, New Brunswick, every afternoon (except Sunday) at \$2 a year.

ST. JOHN STAR.

ST. JOHN, N. B., OCTOBER 16, 1902.

POLITICAL SERMONETTES.

Dear People—I would impress upon your minds today but one thought—our great indebtedness to our Reverend Dr. Pugsley, our much beloved the Honorable Tweedie, and the newspapers supporting them, for having inspired us with loftier conceptions of public duty, and lifted the discussion of political questions to a higher plane than ever before in the history of New Brunswick. Contrast their methods and principles with those of Dare Devil Dug, and I need say no more.

SOME THANKFUL PEOPLE.

Today is by proclamation Thanksgiving day. Once every year the secretary of state tears himself away from his arduous duties, and names a certain day for thanksgiving. In this work he is aided and abetted by His Excellency the Governor General, whose name, with all the titles appertaining thereto, is used in the proclamation. No one objects to this action of the secretary of state. In fact it would be well if everything else done by him and his colleagues was as certain to commend itself to the people of the Dominion. It is well to have a day for returning thanks, and though the manner of doing this has changed somewhat since the days of our forefathers, the custom is still commendable. And despite the fact that there is very little coal and much cold weather, and that the turkey and the goose are making themselves prominent only by their exceeding costliness, there is still much for which to be thankful. For instance, the people of this province should be profoundly grateful that the investigation into the affairs of the Deaf and Dumb school is over, and that the Telegraph and Gleaner, previously estranged, are now lying in amity. Bitter invective, libellous and otherwise, has been forgotten, and Bro. Milligan and Bro. Crockett may now lift their heads from each other's bosom and whisper a little hymn of thanksgiving. The Rothery forgers should be deeply grateful that the heart-rending pursuit to which they have been subjected has not resulted ratatory, and the Attorney-General is doubtless thankful that his own health has not broken down under the strain of the search, and that he has been allowed a further allotment of time on his footstool to look after crown business by proxy. The Ontario people who got the \$200,000 out of the Muskoka deal have undoubted reason to be thankful, and the local people who lost ought to be thankful that Hon. Mr. Tweedie and his colleagues did not give away any more. They may not see it that way, but this is the glad thanksgiving time and they should.

PROSPERITY VS. GRAFTING.

The St. John Star applies the telescope to the blind eye in refusing to see the influx of population into Canada, and insists that there is still an exodus, because in three months it says nearly 36,000 worth of settlers' effects passed through St. John for the United States. What of that? A Transcript representative stood on the banks of the Petitcodiac the other day, and saw the Bore rushing in on one side of the river and the tide still going out on the other. A few hours afterwards the river was full. If the Star Editor will go down to the wharf any day in St. John, he can see a similar phenomenon, the incoming tide and the outgoing ripple. But the tide comes in just the same. With such a tremendous exodus lasting so many decades, it is more than probable that those Canadians who have settled in the United States will pull for a few years, their friends after them. The Transcript ventures the assertion that more people have returned from the United States within two years than have gone away. Every member of parliament responsible for I. C. R. patronage can tell the same story of scores of applications from Canadians in the United States, wishing to return to Canada under the more prosperous times of liberal rule.—Moncton Transcript.

The Star is glad to have the assurance of the Transcript that more people have returned to the Moncton district than have gone away, during the last two years, but sincerely hopes that the suggestion of the concluding sentence, that they have, all got jobs on the I. C. R. is not to be taken seriously. Neither would the Star regard it as an evidence of general prosperity under liberal rule in Canada for numerous persons to apply to members of parliament for jobs in the government service. It would rather suggest that the grafter considered a liberal government more easily "worked" than a Tory one. These observations are made with all due deference to our valued Moncton contemporary.

The Hon. delegates were shown around Fredericton yesterday by Mayor Crockett, and were entertained at dinner by Lieut.-Governor Snowball.

S. S. CONVENTION.

General Booth seldom received even from his own constituents a heartier welcome than was accorded by the New Brunswick Sunday School Association in the German street Baptist church last evening.

Before the regular business of the session had been entered upon a resolution was passed by a unanimous vote expressing appreciation of the work of General Booth, now in the city, and conveying to him the sympathy of the convention and its best wishes for a successful tour throughout Canada. The resolution was immediately forwarded to the Charlotte street barracks, where an officers' council was in session.

The answer came unexpectedly and dramatically just before the convention closed. The business under consideration was the reception of written pledges for subscriptions for the ensuing year from the various counties represented. The crowd in the room was very still when a door at the back opened and a party of four entered and walked up the aisle until the pulpit had been nearly reached where they recognized, and then, on their feet with enthusiastic applause and waving hands, the venerable leader of the Salvation Army, his daughter, the Canadian commissioner, and the two officers who accompanied them.

Then General Booth, who is showing the strain of his unremitting work during his tour in America, spoke briefly but with deep feeling. He expressed his high appreciation of the honor extended to him by the convention, told them that their work was his and would be his while life remained to him, and wished them every good thing that could come in the Lord's way.

As he walked down the aisle on his way out, Mr. Excell sat at the piano and struck the opening bars of God Be With You Till We Meet Again. In the singing of which the congregation joined until the exit doors closed.

The meeting of the convention is growing in attendance, enthusiasm and profit as the convention continues. Last night's session was the best of the series. The large auditorium of German street Baptist church was filled to its capacity. Every seat was taken, and the aisles were lined with people. The singing, under the direction of Mr. Excell, went with a vigor and swing new to St. John assemblies and aroused the audience to a keen interest in all that followed. It is a matter of regret to all that Mr. Excell is suffering with a severe cold and is unable to add to the success of the convention by the contribution of solos.

After the opening formalities, Rev. A. Lucas, provincial field secretary, read an interesting and encouraging report of the general progress of the work during the past year. He pointed out the necessity of business methods and their application to the work under his direction. He told of the greatness and variety of the work under his control and described interestingly the way it was carried out. The various exercises, addresses, and other accomplishments were mentioned and high praise given to the county officials for their noble, unselfish and intelligent laboring. Among the many duties of the secretary, he said, were conducting exercises, addressing the children and preaching. During the year he had travelled 11,881 miles; had worked 13 hours a day week days, and on Sundays the hours of his work depended upon the distance he had to go to hold his three and sometimes five services. As the rewards of the work he had had in seeing this magnificent convention, which would be an inspiration for years to come. During the coming year he said the committee would look to the readjustment of many points of the work, and he wished that county officials would send him any exercise, addressing the children and preaching. During the year he had travelled 11,881 miles; had worked 13 hours a day week days, and on Sundays the hours of his work depended upon the distance he had to go to hold his three and sometimes five services.

Marion Lawrence's subject for last evening's address was The Sunday School as a Business Investment. In opening he congratulated the convention on the reports presented and paid a high tribute to the services of Rev. Mr. Lucas and Mr. Machum, the latter being followed by the report of the treasurer, E. R. Machum, who stated that with the balance on hand of \$34.02 left from last year the receipts for the year had been \$2,329.92. The disbursements amounted to \$2,329.17, with all bills paid. The financial condition was far better than last year, although the various counties were \$142.91 short of the payment of their pledges. Two thousand dollars, he said, was needed to meet the running expenses this year, and \$300 more should be raised to wipe out the debt.

In addition to this personal subscription were received to the amount of between \$200 and \$400. Three sessions will be held today, closing with a farewell meeting tonight.

THE METHODIST MISSIONARY SOCIETY.

The missionary committee of the New Brunswick and P. E. Island Conference met yesterday at Centenary church, the first session being held in the forenoon.

Those present were Rev. Wm. Harrison of Dorchester, president of the conference, and the following clergy, chairmen of the different districts: Rev. Dr. Sprague, St. John; Rev. Jas. Crisp, Fredericton; Rev. J. C. Berry, Woodstock; Rev. John Goldworth, Chatham; Rev. Dr. Read, St. Stephen; Rev. S. H. Reid, Charlottetown, and Rev. G. P. Dawson, Summerside.

The committee met for the purpose of apportioning the grant made by the general missionary for the New Brunswick and P. E. Island district. A sub-committee was appointed and it took them several hours to come to an unanimous arrangement. A very satisfactory arrangement was reached. St. John district receives \$1,500.00 of the total amount voted, \$8,136.00.

WEDDED AT ARLINGTON, MASS.

A very pretty wedding took place at St. John's church, Arlington, Mass., on Tuesday afternoon, when Miss Mabel Babson of that city and the Rev. Winslow Raymond, rector of Grace church, South Boston, were united in marriage by the Rt. Rev. Bishop Lawrence. The church was beautifully decorated with flowers, and there was a large gathering of friends, amongst whom were clergymen, including Rev. W. O. Raymond of this city, a cousin of the groom. There was a reception after the wedding at the home of the bride's father. The young couple took the train for this city the same evening and will spend several weeks in the maritime provinces. Rev. Mr. Raymond is a brother of E. P. Raymond of the firm of Hazen & Raymond of this city. The happy couple are at the Royal.

BRITISH ARMY REFORM.

MONTREAL, Oct. 15.—The Star's London cable says: The St. James's Gazette today expresses the satisfaction of all army reformers at the addition of Lord Strathcona, Canadian high commissioner, and Sir Frederick Darley, lieutenant governor, and chief justice of New South Wales to the war commission, not because they themselves are army experts, but because they will ensure frank evidence from colonial officers who saw the British army at work in South Africa. The whitewashing report of the re-muneration committee made the British public supremely anxious that the lessons of the war be fully learned by the war office.

WATER ON WEST SIDE.

The water and sewerage department is preparing to lay a section of pipe from city line road in Lancaster to the corner of Lancaster and St. John streets, a distance of about 250 feet. When this is done there will be a continuous iron pipe from Spruce Lake to the winter port supply pipes at Sand Point. The section now to be laid will replace a section of cement pipe which has been the cause of trouble for years. It has been giving trouble and can not be relied upon. The department is having considerable difficulty in getting workmen for this small job, an evidence that there is plenty of employment for laborers on the west side at present.

LIPTON'S CHALLENGE.

NEW YORK, Oct. 15.—Sir Thomas Lipton's third challenge for the America's Cup by the Royal Ulster Yacht Club arrived by the steamer Oceanic today. It was delivered to the regular mail at the New York Yacht Club in West 44th street at 1 o'clock in the afternoon, and was opened by Secretary George A. Cormack, to whom it was addressed. The important document was then deposited in the safe until tomorrow night, when it will be read before the members at a meeting especially called to consider the contents of the challenge.

LATE SIR JOHN BOURINOT.

OTTAWA, Oct. 15.—The funeral of the late Sir John George Bourinot took place this afternoon to Beechwood cemetery, attended by a large number of prominent public men and citizens. All day yesterday, as soon as the bad news had been announced, messages of condolence and sympathy with Lady Bourinot and the family were received. They were many in number and included a cable from Sir Gilbert Parker and telegrams from Sir Charles Tupper, the Hon. L. P. Brodeur, speaker of the dominion commons; H. L. Borden, leader of the opposition; T. B. Flint, M. P.; Senator Casgrain, Quebec; Dr. Louis Frechette, Quebec; Dr. Stewart, Quebec, and Archbishop O'Brien of Halifax. Besides these there were numerous messages from the immediate friends of the family.

Today the funeral arrangements were of the most simple character. It had been intended to have but a private funeral, until Speaker Brodeur, on behalf of the staff of the house of commons, asked that the arrangement be changed so as to allow of their attendance. The request was granted, and in consequence the speaker and the house staff followed the mourners to the grave side this afternoon. The judges of the supreme court were also in attendance, as well as the ministers of the cabinet who were in the city. The chief mourners who followed the cortege from the house, where a private service was held, at which Rev. Mr. Kittson of Christ Church Cathedral officiated, were Egerton Bourinot of Montreal, Sir John's eldest son; Sydney and Arthur Bourinot, the two little boys, the youngest of Sir John's family; Henry Ayles and his little grandson Jack. There were no pall-bearers, owing to the desire to have the funeral as private as possible. By request the floral tributes were confined to only the immediate family and relatives, and consisted of but a few pieces. These were elaborate and beautiful. Lieut. Col. Smith, sergeant at arms of the house and one of the late Sir John's closest friends, is in the city from Kingston to attend the funeral.

GENERAL BOOTH GONE.

General Booth after a visit to St. John, which has been an inspiration to New Brunswick Salvationists, left last night for Halifax in his private car, the Rambler. He was given a glorious send off by hundreds of provincial soldiers. Since his lecture Monday night the general has been engaged almost constantly in council with the maritime officers, urging, exhorting, advising, inspiring, and leaving the city nearly worn out temporarily. He will speak tonight in the Academy of Music, Halifax.

OPPOSITION MEETING.

At Fredericton Junction Was Large and Enthusiastic. FREDERICTON JUNCTION, Sunbury Co., Oct. 15.—The largest and most enthusiastic public meeting seen in the parish of Gladstone for ten years greeted the leader of the opposition and his colleague, Mr. Glazier, last night. Numbers of electors came sixteen miles to hear the speakers of the evening. Robert D. Wilmot, the dominant member for Sunbury, spoke briefly and was heartily received. There is no mistaking that public opinion is running adverse to the Pugsley-Tweedie government in this corner of Sunbury. There is no frost on Gladstone.

OTTAWA NEWS.

OTTAWA, Oct. 15.—Hons. Scott, Sutherland and Charles Fitzpatrick left for Quebec today to welcome Laurier. The Ottawa assessment commissioner has decided to see if he has power to assess supernumerary civil servants on the supernumeration income, and has placed half a dozen on the roll. They have entered an appeal and will fight the case to a finish. McDONALD, organizer for the association of street railway employees, is here to look into the difficulties between the company and its employees. The re-survey of the boundary between Canada and the State of New York is nearly completed. Three of these steamers, the Mantana, Leucra and Canana, bound from New Brunswick ports to places in the U. K. with deals, left Cape Breton yesterday.
