### FOOTBALL.

#### College Games.

**CAMBRIDGE, Mass., Oct. 14.**—The game on Soldiers' Field this afternoon, in which Harvard defeated Wesleyan by a score of 17 to 6, was interesting to the spectators, but disappointing to the supporters of the crimson. Poor handling of the ball marked almost every play, and fumbles occurred in rapid succession. The fumbling seemed due partly to inaccurate passing by Marshall, but more especially to nervousness on the part of the backs. Wesleyan fumbled even worse than Harvard, losing the ball frequently.

At New York—Columbia, 5; Swarthmore, 9.  
At New Haven—Yale, 36; Holy Cross, 10.  
At Annapolis—Navy, 18; Dalhousie, 0.  
At Princeton—Princeton, 27; Lehigh, 6.  
At Philadelphia—U. of P., 7; Gettysburg, 0.

#### High Schools to Play.

A game of football will be played between the St. John High School and the Fredericton High School teams on the Shamrock grounds tomorrow (Friday) afternoon, beginning at four o'clock. There is a great deal of rivalry between the teams, and a most interesting game is expected. John beat Fredericton last year, and every effort will be made by the latter to regain the laurels.

#### A Tie Game.

Yesterday's game of football between Rothesay and the High School was sharp throughout. For a while the High School pressed their opponents hard, but good dribbling relieved Rothesay's territory, and a few minutes later Barnaby took the ball to the goal line, but could not score. Just before half time, however, he did the trick and no goal being kicked, the half ended 0-0 in Rothesay's favor. In the second half Rothesay had slightly the better of the play, but no score was made until Powers by a spectacular run of 40 yards carried the sphere over Rothesay's goal line. B. Malcolm tried for goal but failed, and the score at the end of the game stood 3-3.

#### Junior League.

Representatives from Rothesay, Y. M. C. A. and High School met last night in the Association parlors and arranged a junior football league for this fall. H. O. Barnaby was elected chairman and R. P. Stockton secretary. The following schedule of games was made out:

Oct. 17—Y. M. C. A. v. High School, Shamrock grounds.  
Oct. 24—High School v. Rothesay, Rothesay.  
Oct. 31—Rothesay v. Y. M. C. A., B. and A. Nov. 7—High School v. Y. M. C. A., B. and A.  
Nov. 14—High School v. Rothesay, Shamrock grounds.  
Nov. 21—Y. M. C. A. v. Rothesay, Rothesay.

It has been agreed that in case of a tie a rubber shall be played on the same grounds on which the game was played, and also that protests must be made on the field.

#### Carlton v. Y. M. C. A.

The following teams will line up for a game of football on the Shamrock grounds this afternoon:

## COX CAN'T WAIT.

**OTTAWA, Oct. 14.**—Hon. A. G. Blair does not propose to offer any apology to Senator Cox as demanded by the latter in the senate last night. Mr. Blair is still of the opinion that "Cox can't wait," and has challenged the Grand Trunk Pacific promoter to show him a good reason as to why an apology should be forthcoming. Mr. Blair was seen this morning at his residence on O'Connor street, free to a considerable extent from the harassing cares of the more strenuous political life. The ex-minister is the picture of health and is perfectly satisfied with the course he has pursued, knowing how it commends itself to the great mass of the thinking people of the dominion. He was asked what he had to say in respect to Cox's remark, that he was awaiting an apology or explanation for the sentence used by Mr. Blair, "Cox can't wait." The ex-minister thought a minute and then replied: "No, I have no apology to make nor explanation to offer. If Senator Cox says he wasn't pressing the government in connection with the Grand Trunk Pacific matter, if he can truthfully affirm that he didn't urge the construction of the road, then he might claim, very fairly, that I ought not to have made use of his name in my remarks in the house of commons, when the bill was under consideration, but, and Mr. Blair paused for a minute, I don't apprehend that the senator will deny anything of the kind. I reiterate that I do not see that there is anything for me to explain or apologize for. Similar remarks might truthfully be applied to almost every one who is urging the government to aid his scheme and I do not see just why it should be regarded as a reflection upon his integrity to say he couldn't wait. Promoters are not of course willing to wait if they can help it."

"And Senator Cox was the promoter of the G. T. P. project?" was asked. "Wasn't he very prominently mentioned for the presidency?" was the reply. Beyond that Mr. Blair would not go.

"Are you going to retire from politics when this parliament ends?" he hadn't made up my mind yet as to the course I'll pursue."

"Will you accept the presidency of the railway commission?" The ex-minister wouldn't talk on this subject at all.

"What are the chances of a general election this year?" "I haven't any inside information, of course," said Mr. Blair, "but personally I don't expect the elections in the near future."

## ASSOCIATED CHARITIES.

The regular monthly meeting of the Associated Charities was held yesterday afternoon. The report for the month shows that 80 applications for employment had been received, a somewhat larger number than usual. Of these 18 received employment through the efforts of the society, and 19 were recommended to employers. Eight persons wanted relief, and this was obtained for six of them. The number of people coming in from the country was very large at the present time, and demands for work are numerous, but the outlook for the winter is ample. Mrs. Holly, the secretary of the association, and opportunities of work for those who really desire this are ample. It is hoped that the wood yard formerly kept up by the Seamen's Mission will be reopened this winter. The society will resume its distribution of coal and wood this winter, and when the situation is not so acute as it was last winter, a large amount will doubtless be sold. The annual meeting of the society will be held next Wednesday at 4 o'clock, and a good attendance is requested. The reports for the year's work will be handed in and officers elected for the ensuing year. While this society is still young the good work done by it has been immense, and now that it is increasing in numbers there is good reason to hope that it has come to stay.

## LAKE SUPERIOR SEIZED.

### A Big Legal Fight in Sight.

There will probably be a big legal fight here in the near future in connection with the breaking up of the stranded steamer Lake Superior. Geo. Stack, a Lower Cove junk man, was injured some weeks since by being struck by a piece of iron thrown from the ship by an explosion. Mr. Stack retained C. N. Skinner to represent him, and the result was the seizure of what remained of the fine old ship. Mr. Skinner was seen by the owners, but he could not be persuaded to consider any settlement. Mr. Stack's claim was for a large amount, \$2,500, and the owners of the Superior had to give bonds to the amount of \$3,000. But the owners of the wrecked vessel had protected themselves by insurance against claims for damages by employees and all others. The company with which this insurance was fixed is the Maryland Casualty Company of Baltimore. This concern has instructed Col. McLean to fight the case for them.

## LIBEL SUIT.

**HALIFAX, N. S., Oct. 14.**—Trilled through the proceedings of a libel suit in the supreme court at Sydney today was the name of Mrs. Arnold-Forster, sister-in-law of H. O. Arnold-Forster, secretary to the admiralty in the British cabinet. The name of this lady figures conspicuously in a suit brought by Captain Horsfall, R. N. R., against a Sydney paper for libel. Captain Horsfall is alleged to have advertised in the English papers a school for the education of English gentlemen in literature, ancient and modern languages, as well as agricultural and horticultural subjects. Mrs. Arnold-Forster was named as a reference, and in response to this advertisement a number of refined young English ladies came out to Sydney to enter this school. Mrs. Arnold-Forster also came, but remained only for a short time, when she returned home to England. The girls soon after found that absolutely no preparations were made to give any sort of an education; in fact, that the school as advertised was a farce, and that they had been humbugged. They left their domicile at Captain Horsfall's, and a complete exposure soon followed, out of which grew the present suit. Exactly what relation, if any, existed between Mrs. Horsfall and Mrs. Arnold-Forster in connection with the school has not yet been determined. The exposure of the so-called school created a decided sensation at the time.

## ANNIVERSARY LAST NIGHT.

Carpenters' Union, No. 519, last evening remembered the anniversary of its formation in a substantial way. The chair was occupied by Geo. Seely, the president, and an interesting programme was carried out. During an intermission refreshments were served, and a goodly share of attention.

Banjo and autoharp selections were given by George Strang; reading, A. E. Hamilton; songs, T. J. Fitzgerald. Mr. Halligan and Edward Lake; gramophone selections; speeches, R. W. Givan and W. J. Johnson and several other pleasing features were provided.

Reference was made to the growth of the union and the progress it had made, financially and numerically. A most enjoyable evening was spent, and it is hoped was a precursor to many more such anniversary functions.

## THINK IT UNSAFE.

The opening up of the corporation wharf where the D. A. R. steamer lands for the purpose of putting in a new drop by the city has made the I. C. R. engineers fear that it was unsafe for a locomotive to pass over it. As a result of this opinion the I. C. R. were unable yesterday to take three carloads of goods up to the Furness str. Evansville, which was at the Pettigill pier. The goods will go over to Sand Point. The I. C. R. have notified the common council of this occurrence.

## SAIL ON THE HARBOR.

The officers of Karnak Temple of Montreal who assisted in the organization of Laxor Temple Tuesday night were given a sail on the harbor yesterday by members of the St. John temple on the yacht owned by G. W. Cook of Dunlap, Cook & Co. The majority of the Montreal shiners went home last night. One of the gentlemen was D. A. Young, a prominent Montreal wool merchant. Years ago Mr. Young came here as a boot and shoe traveller.
