LONG WHARF CRIBWORK. A very successful piece of work was ione in the harbor on Thursday last, when No. 1 of the cribs constructed by when No. 1 of the cribs constructed by G. S. Mayes was towed from the west side to the head of the harbor and anchored in readiness to be put in place. The orth, which is nearly 200 feet long, 55 feet wide and 16 feet deep, was taken in tow at high tide, when there was a strong current, by the tigs Dirigo, Neptune and Storm King. They very eleverly handled it, and got it safely to the eastern side of the Long wharf site, where it was fastened to pyramids of piling driven at the corners to hold it. It was also made fast by wire cables to shore anchorage. The piles driven at the corners were huge timbers 70 feet long, and the great mass of cribwork is firmly held. Many predicted that the thing could not be successfully done. As soon as the dredging at the front is completed, in eight or ten days, the crib will be moved around there and sunk. Then orib No. 2 will be brought up of There are five cribs completed. When all of the cribwork is placed there will be a mass of birch timber a quartar of a mile long, 60 feet deep and 50 feet wide. Mr. Mayes has been very successful in knowling feet deep and 50 feet wide. Mr. Mayes has been very successful in handling the first section, and this, it is said, is the hardest of the lot.

Private Orriault of Guernsey Won the Queen's Prize-Canadians Well Up.

BISLEY, July 22.- This was the plo ng day of the annual meeting of the National Rifle Association, and mannessed the conclusion of the shooting for the Queen's prize and the St. George's challenge vase. Three Canadians had been left in the final stages of each competition. O. M. Mundser won the St. George's, adding 46 to his score this morning. The Canadians, Huggins and Fleming, added 42 and Graham 40 to their scores.

Graham 40 to their scores.

The final stage of the Queen's prize consisted of ten shots each at 800, 900 and 1,000 yards. The shooting at 800 yards finished with Matthews still in the lead, having increased his total to

Boyd for second place, with 254. The other Canadians, Crowe and Fleming, scored 251 and 248 respectively.

The final for the Queen's prize resulted in a tie between Sergt. Jones of the Weish Fusiliers, Private Ornault of Guernsey, and Sergt. Anderson of the Fourth Lanark, with aggregates of 256 each. In shooting of the tie Ornault 336 each. In shooting off the tie Or-riault won, and therefore became the prize man. The captain of the Cana-dian team, Wilson, wins a bicycle, the first prize in the Kynoch. In the competition for the Queen's prize the co pletion of shooting at 900 yards for sergt. Black of the Lanark regime and Jones of the Welsh Fusiliers lead-ing, with an aggregate of 299 each. Of the Canadians, Crowe had 289, Bertram 287 and Fleming 283.

At 1,000 yards Bertram secred 27, Fleming 36, and Crowe 41. Bertram's aggregate for the match was 224, Crowe's was 330, and Fleming's was THE PERSON OF THE PERSON OF THE PERSON PRESIDENT KRUGER.

Advices to the London Standard Intimate That He Has Resigned.

PRETORIA, July 24.—President Kruger has been absent from the government building since Friday afternoon, and it was understood that, owing to the opposition shown him by the legislative council and the volks-raad regarding the questions of the Johannesburg fort and the dynamite monopoly, he had arrived at the cenclusion that he no longer possessed clusion that he no longer possessed the volksraad's confidence, and threatened to resign. Today, however, a deputation, including Gen. Joubert, the vice-president, Herr Enschelank and vice-president, Herr Enschelank and Bourger, and the chairman of the volksraad, waited upon the president at the presidency and induced him to attend a special session of the volks-raad, which lasted over three hours. Meanwhile, an anxious crowd assembled outside the building, waiting expectantly to learn the outcome of what was regarded as a momentous

Late this evening it was announced that the volksraad had finally assured the president that they had the utmost confidence in him.

It is understood, however, that a majority of the members of the raad still differ with the president on the dynamite monopoly question.

LONDON, July 25.—The Johannesburg correspondent of the Standard says: "President Kruger sent a letter to the volksraad resigning the presidency, in consequence of the refusal to give him a free hand as to the dynamite monopoly. He attended the meeting of the reads this afternoon, during the consideration of his letter. It is not yet known whether his resignation was conditional. The news was kept secret at Pretoria."

MYSTERIOUS DISAPPEARANCE. The Relations and Many Friends of Jas. H. Pattison Anxious as to

There is considerable anxiety among the relatives and many friends of ames H. Pattison, for some time past icket agent at the Opera house. Mr. Pattison went to visit a relative about six miles from Quaco some few days ago, and has been missing from the house where he was visiting since Thursday last. A diligent search has

Wm. Hughes, the stage carpenter of the Opera house, who has long been a personal friend of Mr. Pattison's, in all efforts, combined with about forty scarchers, were unsuccessful. That night Mr. Hughes gave the Sun the following facts in reference to the matter. Mr. Pattison strolled away from the house during the middle of Thursday afternoon, and was seen standing on a bridge over a small stream not very far from the house. Later he left the road and walked along the bank of the stream some little distance, and set down on some along the bank of the stream some little distance, and sat down on some logs. Here he was seen by a boy who had been out ploking berries and who was on his way home. The lad saw Mr. Pattison enter a belt of woods, and thought no more of the matter until he heard that Mr. P. was missing, when he pointed out the spot where he say him enter the woods. Not far from the edge of the clearing the searchers found Mr. Pattison's watch hanging on a twig just above some hanging on a twig just above some logs where he had probably sat down. They also found on the logs some small change. This is the last trace the searchers have found of the missing man. Some little distance from where the watch was found is Dotty's Lake.

A careful examination of the lake had evealed nothing. The two rafts on the lake, which is very shallow for some distance from the share, were in their usual positions. A boat was aken to the lake and a careful examnation of the shore made. The water is very clear, and with the exception of a few holes near the centre the bottom is easily discernable. The holes and deeper parts have been dragged, but to no avail. In fact, so far there is not a narticle of evidence to justify the belief that he was near the lake. The majority of the people now holieve that he in some way got lost in the woods or in them met with some accident.

W. H. Smith and Thomas Evans,

brothers-in-law of Mr. P., went to Quaco yesterday and assisted in the search. One of Mr. P.'s brothers has been there since Friday.
