While not fond of the water, rabbits can swim if they are forced to. They have a swimming position all their own and look queer enough in the water They keep the head and tail high and dry, while the front part of the

body sinks deep in the water. Wives by Purchase Wives are still obtained by purchase in some parts of Russia. In the district of Kamyshin, on the Volga, for example, this is practically the only way in which marriages are brought about. The price of a pretty girl from a well to do family ranges from \$100 to \$200, and in special cases a much higher sum is obtained. In the villages

the lowest price is about \$25. Fire Killed Wood. Government tests of fire killed-timber have demonstrated that this wood is good and should be considered as thoroughly seasoned timber so far as its

use is concerned. A Cunning Cricket.

A.hunter in tropical regions tells of seeing a cricket pursued around the trunk of a tree by a lizard. Suddenly the insect settled itself in a small de: pression in the bark, spread out its wings stightly and flattened itself so that the lizard actually crawled over It and went away without ever knowing what had become of it.
