GOVERNMENT ESTIMATES RUN UP TO \$111,506,462; REVENUE WILL BE LESS THAN \$90,000,000

Special to The Standard.
Ottawa, May 10.—The supplementary estimates for 1909-10 were brought down today. They amount to \$1,016,687. When added to the main estimates of \$110,489,774 the grand total of \$111,506,462 is reached, as the disbursements which the government intends to make this year on a revenue of eighty-five or ninety millions. The consolidated fund expenditure will be \$81,022,722 and the capital account \$30,483,739.

An Omission.
Perhaps the omission which will be most noticeably noticed is that the Department of Militia does not get the extra necessary to drill the whole force.

Provision is made for the new Department of External Affairs and for the Conservation Commission. The former will cost \$14,950, the latter \$12,400. The details in the former case are a deputy head at \$5,000; one official at \$2,500; one at \$2,100, one at \$1,050; one at \$900 and contingencies \$2,500. The Conservation Commission will have a chief at \$3,500, two at \$2,500, two at \$1,600, two at \$500, and a messenger at \$500. It also gets \$10,000 for expenses.

Agriculture.
Under the Agriculture department a present vote of \$7,000 for experiments for cold storage for fruit and \$10,000 for a commission to investigate the swine industry of Great Britain, Ireland and Denmark.

Intercultural.
The Intercultural gets \$83,500 in capital expenditure; \$27,500 for a wharf extension at Dalhousie; \$50,000 to put the line between Indian town and Blackville into condition for operation, and \$6,000 to pay Henry N. Paint for land taken at Point Tupper.

Public Buildings.
Under the head of public buildings appear \$2,400 for Nova Scotia, the most important item being a revote of \$1,400 for Lunenburg, and \$5,000 for New Brunswick, of which \$3,000 is a revote.

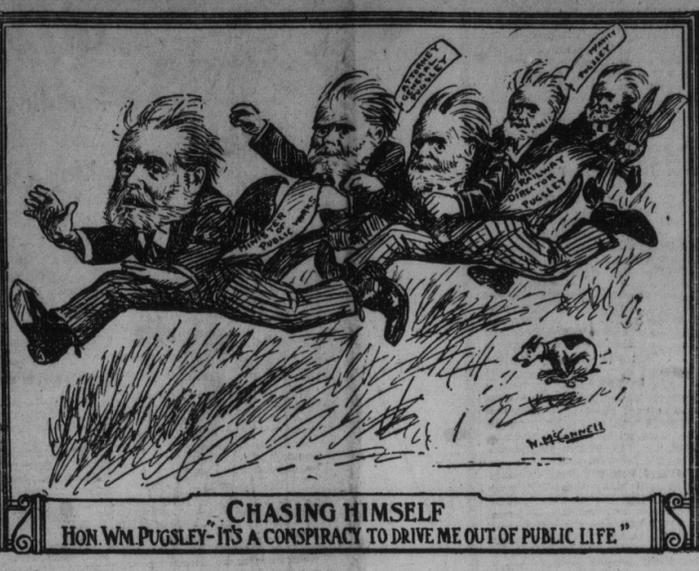

Harbors and Rivers.
Taking the harbors and rivers vote there appear:
Nova Scotia—Closing northern entrance to Port Hood harbor, \$15,000; general vote \$25,000, of which \$2,500 is a revote.
New Brunswick—General vote, \$7,000, of which \$800 is a revote; Richibucto harbor, to pay Vian and Lachance the balance on their contract of 1902, \$12,883.

Dredging Estimates.
The dredging estimates are:
Maritime Provinces, \$150,000; Quebec and Ontario, \$150,000; British Columbia, \$25,000.

An addition is made to the mail subsidies vote of \$6,000 for a service on the North Shore of the St. Lawrence.

In the lighthouse and coast service appear items to pay John Kelly, inspector of lights, New Brunswick, and J. L. Richard for the period of their suspension pending the appearance of the Cassels report.

Other Votes.
Among the miscellaneous votes are:
—Expenses of Hague Tribunal arbitration \$50,000. Grant towards expenses of quinquennial conference of the International Council of Women at Toronto \$1,000.
Grant towards maintenance of Dr. Gignell's experiments with reindeer in Labrador, \$1,000.
Expenses of Royal Commission, trade relations between Canada and West Indies (Canada's portion) \$20,000.
Grant to Canadian Forestry Association, two years 1908-9 and 1909-10, \$4,000. Grant in aid of memorial tower, Halifax, \$5,000.
Grant in aid of Laura Secord monument, \$210,000 as follows:
Further supplementary estimates for 1908-9 brought down at the same time, increase the expenses of that year by \$210,000 as follows:
Messina grant, \$100,000; Foot and mouth disease quarantine, \$100,000 and International Agricultural Convention at Rome, \$10,000.

NO ONE TO SPEAK IN HIS BEHALF; MR. PUGSLEY MAKES A DENIAL

THEY PAID NO ATTENTION TO THE REPORTS

Special to The Standard.
Ottawa, May 10.—In the House today came an echo of the Pugsley debate. It is fresh in the mind that no Minister and indeed no Liberal, took up the cudgels on behalf of Mr. Pugsley. So today HE HAD TO DO WHAT MR. CARVELL DIDN'T: complain of some of Mr. Crockett's statements. The statement to which he objected was Mr. Crockett's reading of certain correspondence between Mr. Pugsley and Mr. Babbitt, the Provincial Deputy Receiver General, in which there was a conspiracy to compromise the men specially charged by the chief with watching places for Sunday selling by bribing them not to report, and then placing the evidence before the chief. A new charge came up when Capt. Boignet, who was retired on a pension about a year ago, testified that while he was in charge of No. 12 police district, he had the C. P. R. Stock Yards Hotel, kept by J. Pateneau in his district. He reported this place for selling on Sunday on three occasions, and one day Inspector Lamouche notified him that the hotel had been taken out of his district and placed under Captain of No. 14. He thought it strange as the place was right in the middle of his district.

A Conspiracy.
Evidence was given going to show that there was a conspiracy to compromise the men specially charged by the chief with watching places for Sunday selling by bribing them not to report, and then placing the evidence before the chief. A new charge came up when Capt. Boignet, who was retired on a pension about a year ago, testified that while he was in charge of No. 12 police district, he had the C. P. R. Stock Yards Hotel, kept by J. Pateneau in his district. He reported this place for selling on Sunday on three occasions, and one day Inspector Lamouche notified him that the hotel had been taken out of his district and placed under Captain of No. 14. AN EVENTFUL VOYAGE OF A SMALL SEALER

Special to The Standard.
Halifax, N. S., May 10.—The fleet little sealer, Beatrice L. Corkum, returned to port this morning after an absence of nearly nine months. It was a happy crew which stepped from the vessel at noon today, for a catch of 1,200 seals had been successfully disposed of and not a casualty had taken place on board. The schooner sailed from Halifax on the 20th of August and reached Fernando Noronah, an island off the coast of Brazil, on September 23rd for the purpose of replenishing the water supply. This is an island where Brazilian convicts are kept. On October 21st, Trestantina Chuma was sighted. Heavy northerly gales made it impossible for the schooner to approach till the 25th, when a landing was effected. This little island is 8,400 feet high. Vegetation is stunted and the inhabitants of the island depend on passing ships for the four they use. On the 25th day of October the South Atlantic isle was left and Prince Edward Island reached. On November 14th Marion Island was reached. About 1,200 seals were taken in the vicinity of the island. The Crozeta were killed but very few seals were taken. After sealing for about three months the sealer left for Durban. She left that port for Halifax on March 8th. The trip was made in about two months. The voyage was uneventful. The equator was crossed April 15.

TWO MEN LOST FROM A VESSEL ON THE BANKS

Special to The Standard.
Halifax, N. S., May 10.—With her flag flying half mast for the loss of two of her crew the Mahone Bay schooner Mianke Mosher, in command of Capt. Clarence Mosher, reached Canso today from the fishing banks. The two men, Andrew Munro and Jeffrey Fougere, of Dover, Guysborough county, were lost last Wednesday on the western banks. Early in the morning they launched their dory and started for their day's work and not returning at nightfall a search was made and an oil hat and compass box were found floating in the vicinity of their gear, but no trace of the two young fishermen could be found. Capt. Mosher is of the opinion that the dory up coast while the men were hauling their gear.

DR. DANIEL PROTESTS AGAINST PROVISIONS OF GOVERNMENT'S HARBORS AND PIERS' MEASURE

Special to The Standard.
Ottawa, May 10.—At the opening of the House today Mr. Fielding introduced a bill "to authorize the raising by way of loan of certain sums of money for the public service."
Now, isn't it a pity that Mr. Carvell didn't deal with the subject when the debate was in progress? A fresh instance of how annoying the collapse of the other day.

Mr. Borden suggested that the Government print the report of the Scottish farmers which recently visited Canada. Mr. Fisher concurred.

Col. Hughes asked if the Government had considered the establishment of a school of technology.

Sir Wilfrid replied in the negative.

C. B. Lobster Trouble.
Mr. Maddin asked if the Government was taking any action in regard to the difficulties between the lobster packers and the fishermen in Cape Breton. Mr. Brodeur replied that the Committee on Fisheries is asking the House to send a commissioner there this summer.

Private bills came on. Mr. Comtee revoiced himself for the trouble caused him by opposing Mr. Smyth's bill to declare Thessalon and Northern Railway Company a work for the general advantage of Canada, on the ground that it was a contravention of provincial rights; "if there be such a question found," as Mr. Comtee incidentally observed. Mr. Smyth's explanation was that the railway had been absorbed by the Canadian Pacific. The House was greatly amused at Mr. Comtee's advocacy of provincial rights.

Incidentally the bill passed.

The Divorce Bill.
On a divorce bill there arose a discussion on divorce. Mr. Borden referring to Mr. Ethier's observations of the other day on the increase of divorce bills, expressed the view that the evidence submitted to the divorce commission should be limited to such as would be admitted in a court of law. He cited the English practice, where the King's Proctor watches the case to ensure that there is no collusion. Precautions of this sort are taken in New Brunswick and Nova Scotia. If it were true that there had been laxity he protested.

Mr. W. F. MacLean said that the logic of Mr. Borden's remarks was that there should be a divorce court and a general divorce law.

Mr. Monk thought that the evil of a divorce law should be put off as long as possible.

Mr. Carvell said that if a bill prohibiting divorce were introduced he would be inclined to vote for it. Since they were granted, it should be done by means of a court.

Censured Senate.
Mr. H. H. Miller censured the Senate committee for laying stress on the evidence of paid American detectives.

Mr. Lancaster said that they could best protect Canada by refusing to grant divorces.

Immigration Act.
In the evening the Government harbors and piers measure was a third time after which discussion turned to Hon. Frank Oliver's immigration act.

Dr. Paquet, speaking in French, urged the importance of strict enforcement of immigration law. One specific suggestion made was that a certificate should be required of each immigrant that he had not been guilty of crime in his native country. He also urged the strict enforcement of the law requiring that each immigrant should be examined by a physician.

J. A. C. Ethier made an extended defence of the policy of the Government which elicited a rebuke from Mr. F. D. Monk. Mr. Ethier, he said, had been "primed" to make a political harangue.

"As far as I am concerned," replied the minister of the interior, "he was not primed by me."

This statement Mr. Monk accepted as far as the minister is concerned. "I quite admit," he added, "that since he came into his office there has been a change, a great change from a frightful state of affairs."

The Waterways Treaty.
Mr. MacDonald asked if the government has considered whether or not the proposed waterways and boundaries treaty will prevent the construction of the proposed enlargement of the Welland and St. Lawrence River canal, or the construction of the proposed Georgian Bay canal, without the consent of the commissioners, under that treaty, because of the fact that these works, or either of them, may raise the water expected to affect the height of water in Lakes Huron, Erie and Ontario.

Mr. Aylesworth replied that the whole subject of the treaty is under consideration at present.

Major Currie learned that a certain number of new barrels will be available for corps armed with Lee-Enfield rifles. These will cost the government approximately \$5 each. If corps procure them on their own account, duty will be charged.

In explanation of the fact that it may be noted that last year the department threatened to stop the issue of these rifle barrels altogether.

A CHATHAM WOMAN SAID TO BE DYING

Special to The Standard.
Chatham, N. S., May 10.—Miss Elizabeth Coppock suffered a severe stroke of paralysis early this morning and is now expected to live many hours. She is the sister of Mrs. Kay, wife of Magistrate Kay, of Moncton, and of Thompson and Isaac Coppock, of Chatham.

The trustees, elders and organ committee of St. Andrew's church held a meeting tonight to award tenders for the new organ, but no decision was arrived at though two tenders were received.

WILL BEGIN TONIGHT.
Special to The Standard.
St. Stephen, May 10.—The Laymen's Missionary Movement is to be formally launched here tomorrow evening, when a banquet will be served in the Methodist vestry and addresses made by His Lordship Bishop Richardson, Rev. Dr. Smith, of the Presbyterian church in Fredericton and Mr. J. N. Harvey, of St. John.

KINRADE CASE GETTING MORE PUZZLING

Special to The Standard.
Toronto, May 10.—"What is to be done if Mrs. Kinrade and her daughter Florence leave the country for Europe?" The question will be asked tomorrow morning at the Cabinet meeting, over which Sir James Whitney will preside.

The Crown officials are very close mouthed over what action, if any, they will take.

It is understood that the united finding of the alienists, Dr. Bruce Smith and Dr. C. K. Clarke, who were detailed on the case by the attorney general's department, is in favor of immediate and drastic action, and it is also known that Mr. G. T. Blackstock has recommended that action be taken in accordance with this.

The contemplated step, however, involves great responsibility, the more so as the Crown has nothing definite upon which to proceed. Careful consideration is therefore called for.

FIRE DOES MUCH DAMAGE.
Special to The Standard.
Halifax, N. S., May 10.—An early morning blaze on Browning street did \$40,000 damage to the Staple and Cook blocks today. The fire started in Adam Keddie's bakery in the Staple block about two o'clock and in thirty minutes both blocks were ablaze. The losers are as follows:
S. Staple business block and living rooms, \$8,500, insurance \$7,000.
A. J. Carson, grocer, loss \$7,000; insurance \$2,000.
Adam Keddie, \$1,000. Ringrose Bros., Theatrical, \$1,500. M. Cook block and shoe store, \$5,000; D. Johns, assay office, \$1,500.

LIFE IMPRISONMENT FOR ONE KIDNAPPER; 25 YEARS FOR WIFE

Pittsburg, Pa., May 10.—James Boyle and his wife, Helen Boyle, were lodged in the western penitentiary this morning shortly before eight o'clock, the former under a sentence of life imprisonment, the latter under a sentence to serve a term of twenty-five years. The prisoners were taken from a side room at the jail where they would have to say goodbye as the rules of the prison did not permit them to see each other again. Mrs. Boyle threw her arms around "Himmy's" neck and kissed him. She said:
"We must take it the best we can." The prisoners then shook hands and the matron escorted Mrs. Boyle from the room. When she reached the corridor she burst into tears and asked to be permitted once again to see her husband. This request was granted, and she again kissed and embraced Boyle. The man maintained silence and had nothing to say.

When Mrs. Boyle gave her belongings to the matron, she asked permission to keep a small mirror she carried saying: "I do not want to leave it behind as that would make me seven years of bad luck."

The mirror was returned to her and she will be allowed to keep it in her cell.

Boyle and his wife arrived here from Mercer, Pa., escorted by Sheriff Chess, Deputy Thomas Stuart and Constable Frank Livermore, of Mercer county and were immediately placed in a patrol wagon and taken to the prison.

During the trip here from Mercer, where they left late this afternoon the kidnapers spent most of the time in quiet conversation together.

No Appeal for Her.
It has been decided tonight as far as Mrs. Boyle is concerned at least, that no appeal will be asked. At first she contemplated appealing to the superior court in the hope of obtaining her freedom on another trial. But it was discovered that even should she be liberated she would be returned to Ohio for trial, and that while her maximum sentence there on one charge would be twenty-five years, there was another on which she might receive five years additional and she would be allowed no time off for good behavior. When this is compared with the fifteen years she would have to serve here after making allowance for good conduct, it was decided not to appeal.

Sensations followed each other thick and fast today. The severity of the sentence appalled Mercer where it was pronounced, and surprised many elsewhere, who had not anticipated the extreme limit of the law. Then came the sensational scene in the court room when both prisoners collapsed and had to be carried from the room. Hardly had they reached their cells when it became public that the woman took poison last night and five children survive.

KINRADES NOW SAID TO BE IN MONTREAL

Special to The Standard.
Toronto, Ont., May 10th.—It is reported that Mrs. Kinrade and Miss Florence Kinrade, who left Hamilton Sunday, went on to Montreal. The first intimation that they had left Hamilton was given to the Crown last night by a newspaper man in Toronto. Surprise is expressed by Crown officials today, because although they undertook to do so, the Hamilton police have not yet notified the officials of the family's movement.

KNIGHTS GOING TO ST. STEPHEN.
Special to The Standard.
St. Stephen, May 10.—Frontier Lodge, K. of P., is to receive a visit next Wednesday evening from a dejected team of Union Lodge, St. John, who will exemplify the work in the rank of knight. This meeting will be held in the commodious lodge room of Sussex Lodge, F. and A. M., and later a banquet will be provided in the Pythian hall by the ladies of the Pythian sisters.

Dr. E. H. Vase, the senior member of the profession on this river, is seriously ill with pneumonia, at his home in Calais.

FISHING CRAFT REPORTS LOSS OF THREE MEN

Special to The Standard.
Ottawa, May 10.—The Government was waited on today by a deputation of Ontario wine growers, who asked that in consideration of the passing of the French treaty they be given the privilege of bringing in free materials, such as sugar, used in the manufacture of Canadian wines.

TO ELECT THE DIRECTORS.
Special to The Standard.
Ottawa, N. B., May 10.—At a meeting of the newly organized county agricultural society to be held tomorrow evening, an estimate of the cost of the proposed new building for the society will be presented and a board of directors elected.

FOUR MEN KILLED.
Columbus, Kas., May 10.—The mining room of the Laffland Powder mills, at Turck Station, near here blew up today, killing four men.
