Relieves Excessive Perspiration

WHILE you may not have serious foot trouble—yet your feet are not comfortable if they perspire excessively.

It is this excessive perspiration that causes your feet to chill quickly in cold weather—or the soles become dry, parched and crack when the weather is warm.

Dr. A. Reed Cushion Shoe

will prevent these troubles by preserving an all-the-year-round healthy circulation of the blood.

When you stand or walk on a Dr. A. Reed Cushion Insole there is no compression of the veins and nerves because there is no hugging of the uppers, as the pressure is taken up by the soft fibre Cushion Insole.

MUNICIPAL COUNCIL WILL NOT UNDERTAKE HOSPITAL EXTENSION AT PRESENT

Feel that Building Should be Put Off Until After the War—Red Cross Grant Divided Between St. John, Lancaster and St. Martins Branches.

At the quarterly meeting of the Municipal Council yesterday afternoon it was decided to defer the building of any extension to the General Public Hospital until a later date, as it was felt that building material and labor would be much cheaper after the war. The matter of providing funds for the salary of a commissioner for the Children's Aid Society was deferred until the annual meeting. The Red Cross grant was divided between the St. John, Lancaster and St. Martins branches. The action of the county secretary in issuing his warrants for highway purposes in the parishes of Lancaster and Simonds on the valuation of last year was approved, and it was decided to move the offices of the county treasurer and auditor to the same building as the county secretary.

Warden McLellan presided and the following councillors were present: Hayes, Wigmore, Russell, Fisher, Dean, Golding, O'Brien, Bryant, Howard, Boland, Shanklin, Carson, Shillington, Stephenson, Thompson.

Finance and Accounts.

The report of the finance and accounts committee was taken up section by section.

The county secretary was empowered to borrow, in the name of the municipality, sufficient money to pay the proportion of the patriotic tax levied upon the county until such time as the taxes are collected for the year 1917.

Division of Red Cross Grant.

Having heard representatives from the council of the St. John branch of the Red Cross Society with reference to the assessment levied for patriotic purposes in 1916, recommended that instead of paying the assessment to the provincial Red Cross cause direct, that the sum of $4,500 be paid into the St. John branch of the Red Cross Society, and $1,500 into the Lancaster branch of the Red Cross Society.

After some discussion in which Councillor Howard pointed out that St. Martins branch was a chartered branch and entitled to part of the grant, it was decided to make the division $4,500 to St. John branch, $1,000 to Lancaster and $500 to St. Martins.

After section two had been adopted it was moved that the council go into committee to hear the representatives of the hospital commissioners in reference to the proposed extensions. Carried.

Hospital Commissioners Heard.

Dr. W. F. Roberts and Dr. Thomas Walker then placed before the council the plans for the proposed nurses' home, alterations in the present building and the maternity wing, and gave as lack of accommodation in the present building their reasons for asking that this work be undertaken at once. After they had placed their case before the council they withdrew and the report of the finance and accounts committee was taken up again.

Children's Aid Work.

Having heard representatives from the Children's Aid Society of the city and county of St. John urging the appointment of the Rev. W. R. Robinson as a commissioner under the Children's Protection Act for the city and county of St. John, at a fixed annual salary of $2,000, the committee reported that they do not concur with the Children's Aid Society in recommending the appointment of any commissioner. Adopted.

They recommended that the council when making up the assessment for 1918 give consideration to providing wages for an agent for the society. This section was not adopted and the matter of paying a commissioner will be considered at the annual meeting in January.

It was decided to purchase a typewriter for the county treasurer's office at a cost of $35.

The county treasurer was authorzed to employ clerical assistance for the making out of parish tax bills.

It was decided that the county treasurer's office be removed to 108 Prince William street, to offices now occupied by the county secretary, and that one of the rooms formerly occupied by Hon. J. D. Hazen be taken by the county for a committee room, and that the same be furnished under the direction of the warden and county secretary, and that old papers and books not necessary for immediate reference, be removed to vault in the registry office.

$25 was allowed to Police Constable Saunders to cover the expense entailed in using a horse during the fall and winter.

Accounts to the amount of $666.80, passed by the auditor, were ordered paid.

The report was then adopted as a whole as amended.

No Hospital Extension at Present.

The report of the finance committee dealing with hospital extension which was laid on the table at the January meeting was then taken up and Councillor Wigmore moved that a nurses' home at an estimated cost of $70,000, alterations to the present hospital building at an estimated cost of $30,000, and a maternity wing at an estimated cost of $25,000, be proceeded with. This was seconded by Councillor Russell.

Councillor Hayes said the city was spending more money now than any city in Canada for hospital purposes and the council should go slow in taking on more expenditures.

After some discussion, in which all the speakers conceded the need for more accommodation, but were unanimous in their opinion that this was not the time to build, Councillor Fisher moved that the council approve the recommendation of the hospital commissioners, but feel that it is not expedient at the present time to undertake any construction work. This was seconded by Councillor Carson and adopted.

Minor Matters.

The action of the county secretary in issuing the warrants for highway purposes for the parishes of Lancaster and Simonds at the same rate as last year was confirmed and the rate established as 28 cents on the $100 and in Simonds 22 cents on the $100.

The council agreed to guarantee the bonds of the parish of Lancaster to the amount of $10,000 for permanent sidewalks provided they obtain the necessary legislation.

A bill from Parish Clerk Gault of Lancaster for $4 for serving notice of special meeting of municipal council was paid with the understanding that no further money would be spent for this service.

Letters of thanks for grants were read frmo the Soldiers' Comfort Association and European War Veterans' Association and ordered entered on the minutes.

A letter from F. E. Williams, Ltd., claiming that the meats they were supplying to the St. John County Hospital were costing more than the contract price and asking that an increase be granted was filed. The members of the council felt this was a matter for the commissioners of the hospital and the contractor, not for the council.

Councillor Shanklin reported that he had succeeded in making a settlement in the dispute between J. P. Mosher and Bruce Davidson regarding lots at St. Martins and it was left in the hands of the St. Martins councillors and warden and county secretary to make the necessary conveyances.

On motion of Councillor Bryant Clarence Peer was engaged as Bay Shore policeman for the summer, to enter upon his duties on May 24, to be paid at the rate of $2 per day.

A Minister's Evidence

That Piles, or Hemorrhoids, Can be Quickly Cured—A Justice of the Peace Cured Many Years Ago.

Toronto, Ont., May 8—There has come to us recently these two letters from prominent men who bear unquestionable testimony in regard to Dr. Chase's Ointment as a prompt and lasting cure for piles.

These men give their evidence freely because they know what it means to suffer from the tortures of piles and then be cured. They feel it a duty and a pleasure to let others know they too may be cured.

Rev. Frank N. Bowes, Methodist Minister, Priceville, Ont., writes: "In the winter of 1912, I was stationed in Cobalt. I went for a snowshoe tramp one day, and sat for only a few minutes on a cold stump waiting for some comrades to catch up to me. From sitting on the damp stump I contracted piles, and suffered so severely that it caused me great pain to walk. A friend recommended Dr. Chase's Ointment, and I immediately purchased a small box which very rapidly effected a cure. I always keep a box on hand and find it excellent for any kind of wound or sore."

Mr. W. B. Thorne, J.P., Alderside, Alta., writes: "It was twenty-eight years ago that I became acquainted with the merits of Dr. Chase's Ointment and would not be without it on any account as it never fails to do its work. I was first induced to try it for piles. Less than one box cured me and I have never been troubled since. That was twenty-eight years ago, so I think the cure is permanent. It is good for sore lips and hands, chafing and in fact all sorts of sores. You are at liberty to use this statement for the benefit of others."

You can put Dr. Chase's Ointment to the test in any case of piles with the utmost assurance that you will obtain relief from suffering and ultimately lasting cure. 60 cents a box, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

PIMPLES and BOILS
ALL OVER FACE AND BODY

When the blood becomes impure you will find that pimples and boils will break out all over the body, and although they are not dangerous trouble they make you appear unsightly both to your friends and yourself.

Burdock Blood Bitters will cleanse the blood of all the impurities and poisons which cause the skin to break out in these eruptions.

Miss Sylvia Swanson, Theodore, Sask., writes: "I am letting you know what great value B.B.B. has been to me. A year ago I started to grow pale and weak, the cause being bad blood. I got so many pimples and boils all over my face and body that I would not let strangers see me, and I used to avoid company. I tried many remedies but all seemed a failure. I read about how good your B.B.B. had been to thousands of people so I got a bottle and after I had finished the second one my pimples and boils had all disappeared. People thought it a miracle how well I looked.

"Your grand old remedy sure has been as good as gold and better, to me."

Burdock Blood Bitters has been manufactured for the past forty years by The T. Milburn Company, Limited, Toronto, Ont. See that our name appears on the wrapper.
