Award Contract To Supply Cloth

M. R. A., Ltd. Sell Cloth at \$4.35 for Police, Ferry and Firemen Uniforms. The contract for the supply of 450 yards of blue cloth for uniforms for the police, firemen and ferry employees was awarded yesterday by city council to the firm of Manchester Robertson Allison, Ltd., at \$4.35 per yard, this being the lowest tender for the quality of cloth asked for by the department. This is a big decrease from last year, when if the same quality had been obtainable the price would have been over \$10 per yard. Commissioner Thornton said the same quality of cloth which was purchased last year at \$5.95 per yard, could have been bought this year for \$2.09 per yard.

Labor Council Officials In Court

Charged With Holding An Unlawful Assembly Calculated to Disturb Peace. Mayor Schofield was one of the witnesses called upon to testify in the police court yesterday in the case of the twelve officials of the Trades and Labor Council, who are charged along with others, with holding an unlawful assembly calculated to disturb the peace, on the 26th of September last. H. A. Powell, K. C., and J. A. Barry, appeared for the labor men and H. H. McLean, Jr., for the N. B. Power Co. The information from which the charge arose was laid by Officer Linton. Several witnesses gave evidence at yesterday's hearing, which was a resumption of that begun on September 30, and the case was allowed to stand until Monday afternoon at 2 o'clock. The twelve defendants, who with the exception of Edward Tighe and Alexander Northrup, were in court yesterday, are: Fred A. Campbell, James Pitt, James LeClair, John Wood, John McDonald, Ruddy Kane, Charles Stevens, Edward Tighe, Percy Moore, Alexander Northrup, Thomas Mitchell and Felix McMullin.

Mayor Schofield in his evidence stated that he had appeared personally before the street railwaymen's association. Mr. Ferris was in the chair at the time, and he had seen Mr. Campbell and Moore there. At that time he asked the men not to hold parades in view of the conditions then prevailing. Mounted police were in the city and he felt that trouble would ensue if it was found necessary to call them out. He pointed out to the men that the additional policing a parade would necessitate would be a bill of expense to citizens in general. To Mr. Powell, the Mayor said he had not ordered the men not to hold the parade, and that neither Mr. Campbell or Stevens had applied to him for police protection for the parade. He believed such a request had been made to the Commissioner of Public Safety.

To Mr. Barry, His Worship said, he was aware that he did not have the authority to stop a parade. He said the laws enacted by the council were to keep traffic under control and not to oust the firemen and aid the Power Co.

Miss Ethel McAfee, a stenographer of the Power Co., identified a clipping of a letter which appeared in the Standard and was signed by Fred A. Campbell which had reference to the parade of Sept. 26. The magistrate said the letter could only be used against Mr. Campbell and not the other defendants. Mr. Barry said the original would have to be first produced, and Mr. Powell, that it would have to be shown that Campbell wrote it.

Hazen McLean, superintendent of the Power Co. said the company had had trouble ever since the strike or lock-out of June 29th. He did not know if it were a strike or lock-out, for he had been ordered to lock the doors, he knew the men could have gone to work on the company's terms. On the night of the last parade, he saw cars with the windows broken, and he had also seen Mr. Campbell in the parade. At that time he was acting in an orderly manner and conducting himself as a respectable citizen would.

Interesting Ceremony To Take Place Here

Three Young Men to Make Their Profession Into the Redeptorist Congregation. Rev. A. Conaghan, C. S. S. R., provincial of the Redeptorist Congregation in Canada, with headquarters in Toronto, arrived in the city on the Boston train yesterday, accompanied by Rev. William Hogan, C. S. S. R., pastor of St. Peter's church. They had been attending the fiftieth anniversary celebration of the establishment of the Redeptorist Congregation in Boston, which was held in the Mission Church in Roxbury.

The Father Provincial will remain here for a few days. On Sunday he will officiate at a special service in St. Peter's church when three brothers will make their profession into the Redeptorist Congregation. They are Brother Joachim, who was John Hardings of this city; Brother Montrie, who was Harold Haney of this city; and Brother Vitus, who was Solomon Dalmarway of Montreal. It is the second time that a service of this kind was ever held in Canada by the Redeptorists. Last year one was held in Montreal, but prior to that all were held in the United States.

Common Council Special Meeting

Issue of Bonds of \$463,500 Authorized—Will Negotiate for Sale of \$820,900 of Bonds. At the special meeting of the common council held yesterday afternoon the issue of bonds to the extent of \$463,500 was authorized and the Mayor, chamberlain and comptroller were authorized to negotiate for the sale of \$820,900 bonds, running from five to forty years, all bearing six per cent interest. Commissioner Frink took the chair and the Mayor moved for the issue of the following bonds: \$4,000 five years for the new police patrol and ambulance; \$5,000 ten years for Douglas Avenue sewers; \$19,500 fifteen years for heating plant for west side sheds, two engines for the public works department and paving of Lansdowne Avenue, North Wharf and Gormail Street; \$13,000 twenty years for water services to Douglas Avenue lots and workshop for the harbor department on west side; \$264,000, ten years renewable for forty years for Douglas Avenue, 222,984.50 and Prince Edward Street, \$122,954.50; \$68,000, ten years renewable for forty years for retaining walls, Adelaide Road work, sewers and Newnam Brook work.

There was some little discussion as to advisability of making some of the bonds for \$100 each but this was decided against as there would have to be legislation obtained and a former attempt at selling small bonds had not proven successful. The issue of these bonds amounting to \$463,500 was authorized and on motion the Mayor, chamberlain and comptroller were given authority to open negotiations for the sale of these bonds for \$387,400 already passed for the Spruce Lake water extension, a grant of \$89,000 to be made to the city engineer as the representative of the Turnbull Elevator Company wished to be heard.

West Side People Were Without Water Open Blow-off in New Spruce Lake Main Responsible for Failure of Supply. The west side of the harbor was without water from 1:30 yesterday morning until about 9 o'clock, due to the Commissioner of Water and Sewerage stopped at the Council meeting standing or orders issued. When the lack of water was reported an investigation was made and it was found that an open blow-off in the new Spruce Lake main was the cause, the water pouring out of it in a flood.

At yesterday afternoon's Council meeting Commissioner Bullock asked for a report on the subject and also for a report on the rumored leakage which had developed in the new concrete main. Commissioner Jones said the report would be furnished on both items and he thought would be satisfactory to all the members of the Council.

Robbery Case Before Court

Evidence Given in Charge Against Edward O'Brien and James T. Spellman. Edward P. O'Brien, James T. Spellman were brought before Magistrate Ritchie yesterday afternoon on the charge of both acting together, and jointly robbing Albert Norris of a bottle of whiskey by force and violence, on the night of September 8. W. M. Ryan appeared for O'Brien, and G. E. Lewis for Spellman. Sergeant Detective Powers conducted the case for the prosecution. J. Harry Driscoll, 109 Prince Edward street, licensed vendor, was put on the stand and the prosecution attempted to show that Norris had received a bottle of whiskey from him after presenting a prescription for the same. As the prescription could not be produced in court, it being alleged that it was still in the hands of the higher court, Mr. Logan objected to any further evidence being given by the witness. The magistrate, therefore, ordered him stood aside until the prescription could be produced in evidence.

Leonard Boves testified to meeting O'Brien and Spellman on the night of the 8th at some time after dark. He said he noticed the two had a bottle of King George whiskey, from which he poured himself a glass and drank the same. The pair then left, and he saw them go into an alleyway up the street with Byard Vanwart, and then go on up the street. To Mr. Logan he said that he noticed a bottle of King George whiskey, but no vendor's label. There was a light in the kitchen, and he was quite positive that had there been one he would have noticed it. To Mr. Ryan he said he had testified in the higher court that the two were drunk. He still thought so, and that they were drunk when he last saw them going up the street than when they came into the shop. Boves was the last witness called yesterday and the case was closed over till next Wednesday at 2:30.

Cases Dealt With In Police Court

Evidence in Charge Against C. V. Parker—Amount of Stolen Goods Found. After being charged in the morning and remanded, George V. Parker was again brought before Magistrate Ritchie in the police court yesterday afternoon, where Detective Biddiscombe testified against him. The prisoner is charged with being the receiver of stolen goods, having in his possession a pair of trousers, a pair of shoes, a pair of socks, and nine pieces of cloth, valued at \$250, the property of E. R. Taylor, tailor, of 43 Union Street, W. E., also of ten pairs of shoes the alleged property of the C. P. R. in transit, and valued at \$87.50.

Goods Recovered. Detective Biddiscombe told of searching the defendant's barber shop on Hill street, and his residence in Harrison street, Thursday, in company with C. P. R. Inspector Stephens, and C. P. R. Constable Constello. In the shop he saw two packages of Red Sox, and nine pieces of cloth were found. The defendant stated he had given two other pieces to a man named Prew, who worked for T. H. Paddock, in exchange for a pair of shoes. The defendant said he had paid \$65 to get the cloth, and that he had paid the amount in instalments. A pair of shoes the defendant had on at the time of his arrest, were identified by Officer Constello, as missing property of the C. P. R. The shoes were identified by their registered number.
