NEWBURY

In the early hours of the morning of the 22nd of February, John Angus Smith passed peacefully away at his late home on Durham street, after only one week's illness with pneumonia. Deceased was the son of the late Angus and Ann McClellan Smith and was born on the 10th of October of Euphemia nearly 75 years ago. He resided there until three years ago, when he retired from active farm life, coming here. While he was known to many friends as being coming here, he soon made friends of the entire community by his many kindly ways. In sickness or trouble, the late John Angus, as he was so often called, was sure to be ready to assist in any way. He will be sadly missed by old and young, for he was a lover of children and was often seen to stop and speak to a little tot on the street. While not taking much part in public life, deceased was a staunch Liberal and a Baptist. The funeral services were conducted by Mr. Robertson of Bothwell in the Presbyterian church here on Wednesday afternoon, interment being made in the family plot at Cairo cemetery. The pallbearers were: W. Bayne, J. G. Bayne, J. J. McConnell, A. Fennell, R. H. Moore and H. D. McNaughton. Besides his sorrowing widow, formerly Hanna Scott, is one daughter, Katie (Mrs. W. A. Edwards) who recently moved to the village, and five sisters: Mrs. Chas. Holmes, Euphemia; Mrs. Neil McLean, Windsor; Mrs. Lucy Graham, Detroit; Mrs. Mac, McAlpine, Dawn, and Mrs. John A. McLean, Ekfrid, and two brothers, Abner of Dawn and Duncan of Edmonton, all of whom will have sincere sympathy.

Lenten services will be held in Christ church this (Thursday) evening at 7.30.

March 10th is the date of the play "Never Marry for Money," to be put on here by the Y. P. S. of Knox church. Prof. H. Gordon, violinist, of Stratroy, Miss Peattie George, pianist, of Glencoe, and Mr. Snyver, soloist, will furnish music for the special program. Posters are out with particulars.

Ben Scott of Dresden has purchased from Miss J. Weaver her property at the south end of the village.

Mrs. Cecil T. Dobbyn and sons Ray and Garth spent last week in Chat ham.

The February meeting of the W. M. S. of Knox church was held at the home of Mrs. J. Bayne. Report of the annual meeting in London was given by Mrs. Stalker, after which an excellent paper on India was given by Mrs. Farquharson. Eleven members answered the roll call. The meeting closed in the usual way, and then dainty refreshments were served by the hostess.

MELBOURNE

A movement is on foot in this village to have the new provincial highway drain, which is expected to be laid in the near future, made deeper, the citizens to bear a part of the expense, in order that a better outlet and drainage may be had. At certain seasons of the year if there are heavy rains the water remains on the main street, frequently overflowing the sidewalk and backing up in some of the homes that have basements, as the present drains are not sufficient to carry off the water.

The boys' class of the Methodist Sunday School, from 12 to 16 years of age, gave the entire program at the Epworth League at the last regular meeting. The president, Wm. Gould, led the meeting. The vice-president, Ronald Lewis, gave a splendid story of Elijah, which he prepared without help. He also gave a piano solo. Clarence Beattie read the lesson and Stanley Beattie gave a reading. Each number was well given. As the honorary president of the class, Rev. Dr. Brown, remarked at the close of the meeting, their parents had reason to be proud of such boys, taking the stand and the parts they did at the meeting.

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

STRATHBURN

On Friday last, when the river rose to the highest point reached in years, a family living on the Thomas Dykes flats had a narrow escape from being drowned, their shanty becoming surrounded by water. David Snyder and Frank Copeland, who were hauling wood near by, heard the cries of the family in distress, and made a heroic rescue.

Pleased to hear that Miss Mary Simpson, who was taken ill last week, is improving.

A great many around here are laid up with colds.

A Prime Dressing for Wounds.—In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not scar the skin or burn the flesh.

APPIN

The short course that has been going on in Appin for the past few weeks was very interesting. The morning classes in agriculture for both the boys and the girls have proven very interesting under the able teaching of J. Wadsworth, B. S. A., of London. There have been given notes and scientific proofs on all lines of agriculture, and also helps in public speaking. The students have had two tests of public speaking, almost all of them availing themselves of this excellent opportunity of testing their talents in this way. At the close of each contest Mr. Wadsworth gave a splendid critic's report of each address, showing to the pupils the points where they could improve.

In the afternoons the boys' class met in the hall for further instruction in agricultural lines, and the girls and women had their class in the basement of the Methodist church, being instructed in the art of nursing by Miss P. Alexander of Toronto, who proved herself to be a most wonderful instructor. The question drawer conducted each day was excellent, Miss Alexander answering them in a very plain and pleasant way. After the question drawer, lectures were given on health, disease prevention and cure, and many hints were given to help us all to assist each other in sickness more than we would have been able to do ordinarily.

On Friday evening, at the conclusion of the nursing course, the ladies served a very dainty pink tea and gave a nice program, in the course of which a presentation was made to Miss Alexander. A nicely worded address was read by Mrs. Herman Galbraith, and Mrs. John Macfie (on behalf of the nursing class) presented Miss Alexander with a beautiful pearl-handled manicure set in leather case. She was taken entirely by surprise but replied very appropriately.

The Misses Patrick of St. Thomas are guests at the parsonage.

Many of our citizens are sick with severe colds or la grippe.

Mr. and Mrs. John Macfie spent Monday evening in St. Thomas, the guests of their daughters at a banquet given by the Alma College Board to the students and their friends.

The death occurred at his home here on Sunday, Feb. 26th, of John Cramp, in his 65th year, and the funeral took place to the Eddie cemetery on Wednesday afternoon. Much sympathy is extended to Mrs. Cramp and family in their bereavement.

MIDDLEMISS

Last week the river overflowed its banks and was over the flats and in Alex. Battie's gravel pit. The road is blocked with large pieces of ice which the river left.

Mr. and Mrs. John Burdon have returned to their home here after spending their honeymoon in Toronto.

Ed. Huston had a gang of men down from Melbourne Monday cleaning the ice off the road.

Mrs. Allen Wrightman spent a few days in St. Thomas.

The O. L. oyster supper, held in the hall last Wednesday night for the members, was attended by twenty-five. After partaking of the bountiful supply of oysters, cakes and pie, the balance of the evening was taken up by a short program, making in all a most enjoyable evening.

It is said that the Cateaneau property here will be offered for sale shortly.

A few have tapped their maple bushes.

It looks to us most expensive to see the county spend several thousand dollars on the road between here and Melbourne and get this portion of the road in good shape, and then permit four or five teams to haul gravel over it, through the mud, as it was last week, and ruin the road for months to come. A by-law is needed.

TAIT'S CORNERS

The next regular meeting of the South Ekfrid Literary Society will be held on Friday evening, March 3rd.

Mr. and Mrs. Morris Cole and children left on Tuesday for their home at Limerick, Sask.
