CANADIAN
SHOES FOR
CANADIAN
PEOPLE

The Price of Shoes vs. The Price of Other Things

IT has been said that "comparisons are odious."
And so they are—as a rule.

But it has been so repeatedly stated that shoe prices are
"excessive" or "ridiculous," that we feel justified in making
a comparison between the present price of shoes and the
price of some other things that we buy.

The following prices are from Government statistics and
cover the period from January, 1914, to January, 1920.

Advance in price of Iron and Steel	124 per cent
Average wholesale advance in all commodities	146.4 "
Advance in price of Fruit and Vegetables	153.2 "
Advance in price of Textiles	206.2 "
Advance in price of Western Grains	259.6 "
Advance in price of boots and shoes	118.2 "

Shoe prices had to increase—naturally. The price of every-
thing that enters into a pair of shoes has gone up tremen-
dously in late years. For instance, hides have advanced
154.6 per cent. in six years. One of the principal materials
used in making fine shoes has advanced 500% in the same
period. In fact, there is no single commodity used in the
manufacture of shoes that has not advanced by leaps and
bounds during late years.

But in spite of this a close margin of profits, efficient manu-
facturing methods, and keen domestic competition, has
resulted in lower prices than the above advances would seem
to make inevitable.

These comparisons will show why shoe prices are higher—
they have simply followed in the wake of general advancing
prices.

But, in Canada, they are neither "excessive" nor "ridiculous,"
but proportionately lower than most other things.

The Shoe Industry in Canada is an efficient and competent one—
making shoes for the Canadian people which, grade for grade, are as
low, or lower in price, as shoes obtainable in any Country.

Canada produces footwear of every desirable type, and of
standard quality in all grades. When you buy Made in Canada
Footwear you are assured, at fair prices always, of the utmost
that modern skill can produce in Comfort, Service and Style.
