Say goodbye to your freedom, Photo Editor-elect, Judson Delong. You've been sentenced to one year, hard labour, no time off for good behaviour, no appeals, no get-out-of-jail-free cards, no conjugal visits, and no chance in hell of getting out of here with your sanity cause you'll be spending most of your time in 'the hole' otherwise known as the Dark Room. I hope you've got lots of brain cells cause the chemicals will take their toll. Oh, yeah. Don't bend over for the HC 110.
