

Re the Chas. Proust

I. S. loan. a payment of \$60.50 will pay off the balance in full, if paid before the end of Nov.

The bonus credit shown on his statement is due to the fact that his payment of \$10.64 made in Oct 1935 together with previous payments of annual instalments and bonus allowed created a credit of 17.40 in the arrears section of his loan ac. This credit was sufficient to earn a bonus of 5% on the 1936 and 1937 instalment as they became due.
