

bill \$650,000,000 more, "not every sixty years, but every twelve months," which is sixty times as much money for the devil in one year as the grandest missionary society on this continent could collect for the Lord's work in sixty years! And shall we ignore the stinging fact—oh, tell it not in Gath!—that the wretched Mormon sect has more missionaries to-day than has the American Board of Foreign Missions!

The *Christian Union* says: "The annual increase of population far exceeds the number of conversions to Christ. The State of New York has more heathen by deliberate choice within her borders than there are members of churches in the heathen world. And while from 100,000 to 200,000 are supposed to be yearly evangelized, the total number no more than equals the annual victims to alcohol in the three Christian countries of Germany, Great Britain, and the United States."

A recent issue of the *Missionary Review* gives these facts: "In the year 1800 the common estimates rarely placed the population of the world as high as 800,000,000. Let us suppose it even 1,000,000,000—an estimate that would be usually considered extravagant. Of this 1,000,000,000, it is claimed that there were 200,000,000 Christians of all kinds, Greek, Romish and Protestant. This leaves 800,000,000 of the non-Christian population of the world in 1800. The present population is reckoned by the highest authorities at about 1,400,000,000. Of these, 400,000,000 are claimed as nominal Christians. Suppose these to be all true Christians—and none will claim that—we have 1,000,000,000 yet, unsaved. That is, there are 200,000,000 more souls to be reached and rescued by the Gospel than there were in 1800," now ninety-five years ago.
