"Well Deserved Admiration."

We are constantly gratified at the expressions of admiration on behalf of our pianos. They are all the musician can require, and well deserve the good words of the purchaser. All of our cases are pretty, and some are not expensive. The tone is right too, and we sell them at reasonable prices, on terms to suit the purchaser. We cordially invite the readers of this ad. to call and examine these beautiful instruments for themselves, and this alone will satisfy you that it would be useless to go any further.

TRADE MARK. REGISTERED.

STOCK FOOD. POULTRY FEED.

It is a scientific compound of the essential elements that are lacking in the various foods upon which horses, cattle, hogs and sheep generally subsist.

It produces flesh by compelling the system to do its best.

It permits no food to pass off undigested.

It wards off diseases.

It is called a food for the want of a better name.

It is not exactly a medicine, nor a substitute for hay and grain and other foods.

It is both nutritious and curative.

It is not a stimulant, but a tonic.

It aids digestion, and thereby gets the most muscle and fat and milk and wool out of the various foods that the horses and hogs and cows and sheep eat.

Mr. Hardy Shore, Glanworth, Ont., offers for sale in this issue choice Mammoth Bronze turkeys for next year's breeding. It is a mistake to delay purchasing till spring, as the cost of wintering is not much and you are sure of your birds.

Central Business College. A postal card dropped to W. J. Elliott, Principal of Central Business College, Stratford, Ont., will bring to hand a handsome catalogue that will answer many questions one who thinks of taking a business course would wish to ask. The winter term of this successful school opens Jan. 2nd, 1901. During the last few years, demands for graduates of this institution to take positions as teachers have been beyond the supply, and the students generally are highly successful in getting good positions. See their advertisement in this issue.
