

Out of the Depths.
BY MATTIE OWEN COLCORD.
As out of the depths come pearls
Those jewels which the world prizes,
So forth from cleansing fires
The soul with joy to heaven arises.
It always the bright sun shone
We could not see the sunset glories;
If trials ne'er should come,
How could we read life's sweet heart-
stories.
Sweet lessons of trust in God—
Lessons learned in the school of sorrow:
The fair stars show the light in darkness;
Joy will come to-morrow.

NEWS FROM IRELAND

WICKLOW.
The suffering and the losses during the present snowstorm have been very great among the hardy mountaineers of the county Wicklow. The storm came on so suddenly and unexpectedly that they were unable to have their flocks driven to places of safety, and as a consequence great numbers of sheep were caught in the drifts on the mountains and have perished. The snow is so very deep that it is impossible to get the smallest pickings from the earth, and where the owners have not a good supply of hay the sheep are dying of hunger. The poor people themselves are ill-provided for weather so severe. The intense frost has penetrated to the potatoes in the pits, and in every case where the covering was slight they have been killed. The losses on this score won't be fully realized until the thaw sets in.

KILKENNY.
E. J. L. Maher, Esq., agent to the Hon. George Balfour, Esq., Jenkinstown, Kilkenny, attended recently in Newbridge to collect the rents on the Walshestown estate. Mr. Maher informed the tenantry that he had been empowered to grant them an abatement of twenty per cent. on the half year's rent due. The tenants, considering this a fair offer, at once paid their rents.

WESTMEATH.
On receipt of the news of the disagreement of the jury in the State Trials, the inhabitants of Mullingar illuminated their houses. Tar barrels blazed in several parts of the town, and the Confraternity Band played the streets during the evening playing national airs. Great enthusiasm prevailed. The thousands assembled cheered for Mr. Parnell, Mr. T. D. Sullivan, and the other traversers.

WEXFORD.
A fair estimate of the influence of the Land League at this moment in Ireland may be gathered from the fact that eight men could not be found in New Ross who would venture to sign the required nomination of an opponent to the Land League candidate for Parliamentary honors.

CORK.
At the meeting of the Kildorrery Land League on January 20th, the constable of the local police attended, and explained that he was there pursuant to orders to watch the proceedings. He remained until the close of the meeting.
Mr. P. P. O'Neill, local secretary and organizer of the Cork Land League, has been again summoned on a charge of intimidation. The intimidation in the present instance consisted in his alleged interference with a man, by endeavoring to induce him not to work for a farmer who was at the time being "Boycotted."

A rather novel mode of Boycotting has occurred at Kanturk Board of Guardians. On the occasion of the drug haul after the Quartermoot barriers which was held a small distance outside of Kanturk on Little Christmas Day, as the former gentleman was coming towards the finish he was stopped by a number of men who prevented him from running to the end of the course, and it is alleged, assaulted him. Nothing further was heard of the matter until a few days ago, when the inhabitants of Kanturk were thrown into a state of excitement consequent on nineteen persons, among them prominent members of the Land League, having been summoned for what took place on that occasion.

Some dynamite exploded, on January 19th, at the Berelavon mines, killing Jeremiah Murphy and Denis Tuomey, and fatally wounding Denis Sullivan.

LIMERICK.
Mr. Michael Doherty, Blackfriar's road, London, a native of Limerick, and a clever and highly-gifted sculptor, has been engaged in procuring life-size statues of the twelve Apostles in white marble, for Cardinal Manning's new church at Ely. The statues are spoken of in the highest terms of approval by London judges, and all who have seen them are delighted with their artistic execution and perfect shape.
At the Newcastle Petty Sessions, on Jan. 25th, a young man named McLaughlin was sentenced to a month's imprisonment with hard labor for having, while acting as bellman, given notice that a person in the neighborhood was "Boycotted." Three respectable farmers named Fitzgerald, Hough and Harold were returned for trial on a charge of having interfered with a man who had been pronounced "Boycotted."

TIPPERARY.
Great excitement prevails in the vicinity of Clonoulty, county Tipperary, owing to fifty persons being summoned to the Petty Sessions of Thurles, "for being of a crowd of over a hundred persons who illegally assembled and took forcible possession of a farm, the property of Captain Armstrong, and from which a lady named Long was evicted some twenty-five years ago."
At the Cashel Petty Sessions, on Jan. 26th, Michael Burke, Thomas Higgins and Cornelius Hefferman, three respectable farmers, were charged with "Boycotting." James Greene, Esq., at Bulla Chapel, on the 23rd of January, Sub-Inspector Jones applied for an adjournment for four days on behalf of the Crown, which was granted.

CLARE.
On Jan. 22d, at Broadford, a farmer named Patrick Frawley, his wife and their little daughter, retired to rest, lighting a fire of coal and turf in the small room where they slept. There being no fireplace in the room, the fire was lighted on a pan placed in the centre of the floor. The smoke and carbonic acid gas having

no mode of egress, Frawley and his daughter were suffocated by the fumes. The woman is in such a precarious condition that she is not expected to recover.
At Killaloe, on Jan. 26th, there was a general illumination, and tar barrels were also lighted upon the defeat of the State Trials. A vast assemblage of people, headed by the local band, marched through the town, and were addressed on the Parade.

WATERFORD.
Count de la Poer, of Gurteen, has served thirty-seven tenants on his property, who refused to pay more than Griffith's valuation, with writs for the full amount of rent due. At the Waterford Sessions, on Jan. 22d, between forty and fifty weekly tenants, who refused to pay more than Griffith's valuation, were proceeded against, and decrees of ejectment issued.
Considerable destitution exists in the Waterford district, owing principally to the fact that a number of landlords, who for years kept a number of laborers employed, have within the last couple of weeks discharged them, many of the laborers having been for years in the employment of some of these parties. The motive in resorting to so uncharitable a course at such an inclement season is clearly displeasure at the Land League agitation.

Rev. Dr. Delany, parish priest of Ballyvane, has been transferred to Dungarvan parish, which has been rendered vacant by the elevation of the Most Rev. Dr. Cleary to the See of Kingston. Dr. Delany took an active part in exposing the wretched state of things which existed on the Galtee property of Mr. Nathaniel Buckley, the agency of Mr. Patten Bridge.

ARMAGH.
On January 21st, a Land League meeting was held at Kenigo. The chair was occupied by a farmer named Bernard Neil, Blackwaterstown. Owing to a meeting having been suppressed at Segahon the day before and to a rumor which prevailed that this meeting would also be suppressed, considerable anxiety was felt as to whether any action would be taken by the authorities in the matter. There being no counter-demonstration, however, the authorities did not interfere. Mr. Davitt condemned the action of the authorities in suppressing the meeting at Segahon. It was, he said, all the work of the landlords through their paid resident magistrates. The meeting passed off very quietly.

CAVAN.
Rev. John Whelan, C.C., Ballinacderagh, died on January 10th, at his residence, at the comparatively early age of 45 years. The rev. gentleman was in declining health for some time past, but until a week before his death no one imagined that his end was so near at hand.

MONAGHAN.
On the receipt of the news of the failure of the State Trials on January 26th, the Monaghan National League was called out and paraded the streets. Six men, three on either side, carrying large torches, accompanied the band, while a white banner, upon which being the mottoes "Griffith's Valuation," "The Land League and no surrender," was carried in the rear. This was followed by a large and enthusiastic concourse of people of all persuasions. The rooms of the Land League were brilliantly illuminated, and tar barrels were burned.

DERRY.
Rev. Father Devlin, P. P. V. G., died on January 28th, at Waterside, Londonderry. Few priests in the North were better known or more deeply loved than Father Devlin. He was for many years connected as parish priest with Lafford and Stranmillis, where many monuments of his zeal and paternal love, including the Convent of Mercy, of which he was the founder and builder, still subsist.

GALWAY.
Early on January 26th, Tuam was placarded with the notice: "Parnell is free. Illuminate to-night. God save Ireland!" The placards were torn down by the police, and the young man who posted them arrested. The public houses were closed from five by the local magistrate. A large bonfire, however, was set a blaze in the market-place, and the town illuminated. A torchlight procession, headed by the town band, paraded the streets discoursing national airs, and cheering enthusiastically for Mr. Parnell.
A meeting of Lord Lanark's tenants was held on Jan. 23d, at Loughrea, in consequence of a statement that his lordship was about to have evictions served on his tenants who refused to pay more than Griffith's valuation. The Rev. P. Egan, who presided, said he had represented the distressed condition of the tenants to the agent, who said that undoubtedly if the rents were not paid they would be evicted. A resolution was passed under no circumstances to pay more than Griffith's valuation.
A ballad singer named Moran was arrested on Jan. 20th, at Loughrea, for singing ballads, calling people to support the Land League. The ballad was entitled "David's advice to his Country." Amidst much excitement the ballad singer was brought before the local magistrates at the court house. After a lengthy discussion the magistrates decided that Moran should give bail to be of good behavior in future; should also leave the town at once, and give up all the ballads.
An Orange expedition from the North arrived on January 24th, at Killaha, and effected the relief of Miss Harriet Gardiner, of Farm Hill House, who had been for some weeks past boycotted. The expedition was entirely unexpected by the people, and arrived at Ballina by the midnight train. They were conveyed on cars to Miss Gardiner's residence, ten miles distant. All were equipped and armed with modern weapons. For some time two policemen have lived in Miss Gardiner's house, and she has been unable to obtain food except by the assistance of the police.

MAYO.
The most alarming distress prevails in Westport amongst the laboring classes. The heavy frost and snow have rendered them completely miserable. During the past few weeks whatever means of employment they have had no means of employment whatever, and although steps have been taken to institute some public works a long time will elapse

before any can be commenced. The Harbor Commissioners have decided upon extending the quay pier at a cost of about £5,000 and have applied for a loan for the purpose. Mr. Patrick Regan, Vice-Chairman of the town board, has laid before the Government a plan for the reclamation of tidal lands, but while these matters are being discussed the poor laborers are starving. A hundred of them have petitioned the town board to organize a fund for their relief, but no steps in that direction have yet been taken.

ELECTRICITY.—Thomas' Electric Oil—Worth Ten Times its Weight in Gold! Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which we think should be sufficient to satisfy the most skeptical.
J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Electric Oil, I have sold all I had from you, and want more, as my cures are truly wonderful."
Wm. McCreary, of Toronto, writes, "I have sold all the agents left, it is like a charm—it was slow at first, but takes speedily now.—H. Cole of Iona, writes, "Please forward 6 dozen Dr. Thomas' Electric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction."
J. Thompson, Woodford, writes, "Send me some more of your Electric Oil, I have sold entirely out. Nothing takes like it.—Miller & Reid, Cliftonville, I. Q., writes, "The Electric Oil is getting a great reputation here and is daily called for. Send us a further supply without delay."
Beware of Imitations.—Ask for Dr. Thomas' Electric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown on the bottle, and taken other. Sold by all medicine dealers. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

"All seems infected that the infected spy,
And all looks yellow to the jaundiced eye."
If you are low spirited and blue, do not lay it to your luck, but rather to your liver; cleanse the system of bad bile and sluggish blood, arouse the torpid secretions from the chest and ribs the wondrous brightness, the step its buoyancy, and the mind its cheerful vigor. Burdock Blood Bitters cure all nervous diseases, purify the system and strengthen the weak.

Consumption has well been compared to a worm in the bud, that saps the vitality from the fairest flower. It steals the rose bloom from the cheek and robs the vital spark from the stalwart and the strong. Hagard's Pectoral Balsam "rips the worm in the bud." It is the best cough cure and most effectual lung healer known to the medical science. Price 25 cts. per bottle.

Many a man has been crippled or left with an accident met with in toil, who might have been spared from the surgical knife had he promptly applied Yellow Oil. This valuable remedy should ever be kept at hand in case of accidents or emergencies; it is for internal and external use, a specific for all painful inflammatory diseases and flesh wounds. Price 25 cts.

True nobility is the most unpretentious. The most humble means often will accomplish the greatest ends: the most modest and unpretending of flowers are the sweetest; the most simple and abundant herbs are the most potent to heal; Burdock, which grows almost uncurbed for by waysides is one of the most valuable of cleansing and healing medicinal roots. It is one of the many ingredients of that marvelous medicine, Burdock Blood Bitters, the best purifying tonic in the world. Sample Bottle 10 cts. Regular size \$1.00.
If Edison perfects his electric light, his fame and fortune will exceed that of the lucky man who first "struck oil," but the man who first struck Yellow Oil as a remedy for internal and external use, as Yellow Oil is per se the remedy for Pain, Lameness, Rheumatism, Croup, Deafness, Burns, Frost Bites, Stiff Joints, and all flesh wounds. Any medicine dealer can furnish it.

Though the soil of Virginia grows the best tobacco leaf in the world, it does not all grow equal qualities. The production even of adjoining counties is often quite different, the one producing leaf which at once deteriorates if grown in the other. The leaf of the "Maryle Navy" is the product of the choice sections of the State, which, through some combination of local influences, produce a better quality than any others. This is shown by its always commanding a higher price than any other smoking leaf.

Ayer's Hair Vigor,
FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR.
It is a most agreeable dressing, which is at once harmless and effectual, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness, often though not always cured. It checks falling of the hair immediately, and causes a new growth in all cases where the glands are not decayed; while to brassy, weak, or otherwise diseased hair, it imparts vitality and strength, and renders it pliable.

The Vigon cleanses the scalp, cures and prevents the formation of dandruff; and, by its cooling, stimulating, and soothing properties, it heals most if not all of the humors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions disease of the scalp and hair are impossible.
As a Dressing for Ladies' Hair
The Vigon is incomparable. It is colorless, contains neither oil nor dye, and will not soil white cambric. It imparts an agreeable and lasting perfume, and as an article for the toilet it is economical and unsurpassed in its excellence.
