and justice of the peace at San Juan, had a lot of Sandwich Island hogs—animals noted for their [The current volume is from No. 521 to 573.] predatory habits and a peculiar faculty for getting through almost any kind of hedge or fence.

Some of these quadrupeds had trespassed upon the farm of Mr. Cutler, an American settler, and rooted up his potatoes. He notified their owner of the fact, and announced his intention of shooting any of them that might repeat the offence. Mr. Griffin paid no heed to the warning, and the consequence was that Mr. Cutler shot a boar. He immediately informed Mr. Griffin what he had done, and offered to pay fair price for the animal; but Griffin refused, saying the matter would be otherwise settled.

"The next step was the arrival of two members of the executive council of Vancouver on the island (Messrs. Fraser and Dallas) who called on Mr. Cutler, and informed him that he had committed a heinous offence, for which he was committed a heinous offence, for which he was revered.

"The next step was the arrival of two members of the executive council of Vancouver on the island (Messrs. Fraser and Dallas) who called on Mr. Cutler, and informed him that he had committed a heinous offence, for which he was revered.

"The next step was the arrival of two members of the executive council of Vancouver on the island (Messrs. Holloway's Ointment and Pills — The various and frightful ulceration of the lower limbs, known by the general term of "sore leg," or i "bad leg, yield eyery where with surprising rapidity to the influence of the Ointment. We are informed, from sources in which we have full confidence, that abscesses and sores of this class, that had deen discharding for many years, keeping the sufferers in constant pala, and in a most debilitated condition, have been dried up in a few weeks by this wonderful disinfectant. It does not merely suppress the discharge, which would be dangerous, but, striking through the surface to the nucleus of the disorder, obliterates at once both its source and its symptoms. The Pilis, by their mild aperient action, axpedite the cure.

THE SECOND TERM of the Current Academic Year is to begin Hursday, November 3ed, 1859, and to continue 14 weeks.

The course of study for the Term will include, in addition to the Branches taught in the Primary Department, Relation, & C. Esquisis Grammar, Geography, Arithmetic, History, Book Keeping, Aigebra, Geometry, Practical Mathematics, Calcular, Cemistry, Natural Failosophy, Phetoric, Logic, and the usual elementary and advanced studies in the Prench. Latin and Greek Languages. This Institution has been in successful operation more than sixteentyears, and as it has been conducted upon the same principles and ever constantly multiplying its educational facilities, it has ratained to the present time the public confidence and popularity, which, to an extent altogether unprecedented in the history of such institutions in these Colonies, it secured very early in its course of operations. It is delightfully situated in one of the most beautiful, as it is certainly one of the most healthy or the rural districts of these Provinces. The Buildings are elegant, spacious, and admirably adapted to the pur-FRIEND.
