Established in 1841.  
DUN, WIMAN & Co.  
Montreal, Toronto and Halifax.  
Reference Book, containing names and ratings of Business Men in the Dominion, published semi-annually. 24-ly.

TELEGRAPH EXTENSION.—The people of Kincardine having offered a bonus to the Montreal Telegraph company to extend their wires to Kincardine, the company have consented to do so; and the work will be proceeded with immediately.

The Montreal Telegraph Company have made a great reduction in their tariff to places east of Quebec, in Canada and New Brunswick; in some cases the reduction amounts to 75 cents on the rate for ten (10) words, and 5 cents each extra word. The rate to Halifax has also been reduced 60 cents.

—Notice is given that application will be made for an Act to grant further powers to the Beaver Mutual Fire Insurance Association, including power to insure against the loss of live stock otherwise than by fire.

—Notice is given that application will be made to Parliament for an Act to incorporate a company to construct a railway from St. Johns, Quebec, or from some point on the Stanstead, Shefford and Chambly Railway, or the Vermont Junction Railway, to the Province line, in the township of Sutton, or parish of St. Armand East, and to construct another portion or extension of said Railway in and through the township of Potton, in said Province.

—It appears from the preamble of the Bill for the Incorporation of the Canada Marine Insurance Company, that Messrs. Hugh Allan, Andrew Allan, John McLennan, Hugh McLennan, Thomas Rimmer, Wm. Gunn and Alexander Mitchell, of Montreal, are its projectors. —Insurance on property in Chicago is not profitable. On the business of the last three years there, every company has been a loser. A calculation, however, has been made, which makes the two sides of the account exactly balance.

AMERICAN SILVER.—London, Ont., has taken up the silver matter with good spirit. Subscriptions to the extent of \$60,000 have been received for export, and it was expected that the same parties would tender an additional \$40,000, but they were unwilling to guarantee more than the first amount.

PATENTS.—All applications for patents made now can only be granted to extend to the Provinces of Ontario and Quebec; but applications made for the Dominion will be received and registered by the Commissioner at Ottawa, and will wait the enactment of the new patent law for the whole Dominion, which will probably be passed in March. The fee for a patent is \$20.

POST MAGAZINE ALMANAC FOR 1868.—We have received from the proprietor of the Post Magazine his very valuable Insurance Directory for 1868. It is full of most useful information.

TORONTO PRICES CURRENT.—March 5, 1868.
