**HYDRO ELECTRIC FOR BELLVIEW**  
Important Meeting of Rate-payers Was Held Last Evening.

A well attended meeting of the ratepayers of Bellview school took place in one of the school rooms last night. J. Symington acted as chairman of the meeting and W. Green as secretary.

John Robertson of the general committee gave a very interesting account of the work accomplished by that committee during the previous year which was very acceptable to the ratepayers.

Committee of Works. Mr. Mintern presented the report of the committee of works and explained how the funds entrusted to that committee were handled. Mr. Mintern complained of having only \$400 at the committee's disposal instead of \$1,400.

Officers Chosen. The officers of the ensuing year were chosen and the following were elected.

General Committee—John Robertson, chairman; F. Billo, M. Mintern, A. Atwell, J. Symington, J. Campbell and W. T. Henderson.

Committee of Works—The Committee of Works will be composed of: John T. M. Mintern; J. J. Symington; J. J. Campbell; H. H. Hayden; Billo (chairman).

Each division will spend \$100 at once on improvements.

Hydro Electric. It was decided that Bellview should be well lighted and negotiations are being made to have the Hydro Electric system when installed in the city extended to Bellview.

Fire protection was discussed and it was decided that fire protection was very essential for that district.

and if the city of Brantford would purchase a motor truck and install alarm boxes there, they would be willing to pay the city a fixed sum for fire protection. A committee is willing to meet the city fathers on these two questions at any time. The meeting was also of the opinion that the residents of Echo Place and Terrace Hill would also be willing to go in for fire protection.

A general discussion took place in reference to improvements, etc. The Bellview people are out to boom that section and make it up to date and attractive.

**MACHINISTS HOLD A MEETING**  
Brantford Lodge, No. 607 International Association of Machinists, held a mass meeting in the Trades and Labor Temple last night which was largely attended by the machinists in the city. Interesting addresses were given by Vice-President Benoit of Montreal and Business Agent Riley of Hamilton.

The machinists are now taking more interest in their union than before and the officers hope in the near future to have every machinist in the city a member of the union.

Mr. Riley gave a schedule of wages paid machinists in other places, some of which were: C. P. R. Eastern lines, 35c per hour; T. H. and B. Hamilton, 34 1/2c per hour; M. C. R. St. Thomas, 35c per hour; Cere Marquette, 34 1/2c per hour; City of Ottawa, 35c per hour; St. John, N.B. 32c min.

A hearty vote of thanks were tendered the speakers for their capable and instructive addresses.

Most of us would rather hear an enemy roasted than a friend praised. "The first shall be last and the last shall be first" was evidently written in reference to the standing of the baseball teams at the end of the season.

**PILES**  
Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. See a box of Chase's Ointment at J. J. Symington, 152 Colborne St. Sample box free if you mention this paper and enclose 10c stamp to pay postage.

## CITY NEWS ITEMS

### THE PROBS

TORONTO, Ont., June 12—A few showers have occurred in the vicinity of the Gulf of St. Lawrence, but the weather has been for the most part fine and warm throughout Canada.

FORECASTS.  
Moderate winds, fine and warm to-day and on Friday.

Temperature.  
Temperature for the last 24 hours: Highest 77; lowest 42. Same date last year: Highest 78; lowest 58.

Band Concert.  
The band concert to-morrow (Friday) night, given by the Dragoons Band, will be at Jubilee Terrace, instead of Alexandra Park.

Preparing Sketches.  
Mr. L. D. Barber, architect, is preparing sketches for the rebuilding of the Port Dover school. The building is used for High and Public school purposes.

Bigger Than Ever.  
The railway company will supply the Massey-Harris employees with 30 coaches for their annual excursion July 26. The committee is at work to make the event a greater one than ever this year.

At the Grand.  
The one fine attraction is the play that the Franklin Stock Company is offering at the Grand for the balance of this week. It is a comedy and is proclaimed to be one of the best ever written. The title is "Capt. Racket."

Beautifying Grounds.  
Workmen are engaged levelling the grounds around the new Dufferin school and beautifying the place in general, when the place is completed the Holmedale school grounds will compare favorably with the other school grounds in the city.

Held Picnic.  
The officers, teachers and scholars of the Wesley Methodist church held a very enjoyable picnic at Mohawk Park yesterday afternoon. There was a very large gathering of the younger folks who enjoyed the usual picnic games.

Trooper Injured.  
Trooper Huff, of the 25th Brant Dragoons, from Brantford, fell from his horse on Monday night. The spirited beast kicked him in the face, necessitating the extraction of several teeth. Dr. Thompson of Hamilton performed the operation, after which the man was placed in the hospital.

Silly Idea.  
Supt. Waller of the Parks Board states that no seats have been placed in St. Andrew's Park because the police object to seats being there. There are a number of respectable citizens and ratepayers in the district, who find it a convenience to have the seats in the park particularly when they are waiting for street cars—a legitimate form of occupation.

An Arrest.  
Two years ago Paul Leguee came to this city from Caledonia. While here he hired a cab and after having his ride, he refused to pay the \$2 fee. At that time a warrant was issued for the man but it was ignored. This morning Leguee came back to the city and was promptly arrested by the police. He will appear as defendant in two cases, one for not paying his fare and the other for not complying with the warrant.

Paris Ambitious.  
In all probability a new and up-to-date opera house may be erected on the market square. A Brantford gentleman, Mr. Campbell, is negotiating with the council and the outlook for the same is very favorable.

We understand that he offers to erect a modern opera house, 60 by 120 feet, fronting on Mechanic street, similar to the one in course of construction in Brantford, at a cost of some \$30,000. The council will offer the site subject to a 99-year lease. Such would be a decided improvement on the old market square, and still leave room for a row of stores facing on River street, with a depth of 50 feet and lane in rear.—Paris Star Transcript.

Illustrated Lecture.  
Taufik Mufarrij, the Turkish student, who is lecturing in the city on the struggle between the cross and the crescent, gave an illustrated lecture last evening in Wellington St. Methodist church, before a good sized audience. The pastor, Rev. R. D. Hamilton, had charge of the opening exercises and introduced the lecturer as the student friend from Turkey, who is completing his Ph.D. course in Columbia University, New York, before going back to his native land as a professor.

He gave a very interesting account of the present situation of the Balkan States, and the causes of the recent war. He placed the responsibility upon the European powers who had failed to keep the treaty of Berlin passed in 1878. The religious priests who were endeavoring to keep the Mohammedans in ignorance were playing a prominent part in the Christian persecutions. His lecture was entertaining and instructive and the two lantern slides made it an evening of much merit.

### Royal City Team Here

The Guelph baseball team arrived in the city this morning and will be the attraction at the ball park for the remainder of the week.

Assessment Department.  
The Finance Committee and members of the assessment department will hold a joint meeting to-morrow afternoon to discuss assessment matters.

Go to Preston.  
A picked team from the Brantford intermediate lacrosse team will go to Preston on Saturday afternoon to play an exhibition game with the Preston juniors.

Jim Heath Abroad.  
The Courier is in receipt of a communication from Mr. James Heath, who wishes to be remembered to all "the boys," and states that he is en route to Moscow.

Cars Off Track.  
Last night at about 6.50 as the Tilsonburg way freight was pulling into the Market Station a brake beam on one of the cars fell down with the result that three or four cars were put off the track and the line blocked.

K. of P.  
At a well attended meeting of Calanthe Lodge, K. of P. No. 36, it was decided to go to Berlin on July 8th and join in the big Pythias picnic which is being held there on that date. The lodge will take a brass band with them and will likely run special cars to the Baby City.

St Luke's Church.  
A vestry meeting has been called at St. Luke's, Anglican, church for Monday evening next when an effort will be made to arrange the difference in connection with the work of the church. It is said that things at the church have become very much disorganized.

Building Permit.  
The Gibson Coal Company has been granted a permit for the erection of a new office building on Dalhousie street, adjoining the Templar block, which will be two storeys with a handsome red brick front, and will cost \$1300. The building when completed will be a valuable asset and improvement to Dalhousie street.

Will Enlarge Premises.  
John McHutchison intends in the near future to enlarge his bakery on Colborne street and install some of the newest and most up-to-date machinery. Mr. McHutchison, in company with Mr. George Jones, his superintendent made a tour of inspection of the most modern bakeries and baking machinery manufacturing concerns in the country. After careful consideration Mr. McHutchison will purchase what he thinks the best for his business and the building operations will be commenced and the machinery installed in the very near future.

Whipped the Horse.  
Who drives watering cart No. 57? This morning while about to load his sprinkling cart, the horses probably stepped a few inches past the spot where the water when turned on would have a direct flow through the spout into the cart, and the driver became so enraged that he took a whip and gave the animals a beating on the chest. "Kind be hard on the horses," said a passer-by. "Yes," said the driver, "they nearly tipped me off the seat." There was no need to whip the dumb animals and if the offender was given the same dose as he gave the horses he would probably have more consideration for animals in future. Brantford has a society for the prevention of cruelty to animals, but if it woke up it would be doing something.

**Late Wire**

Big Damages.  
SASKATOON, Sask., June 12.—The case of A. E. Ashbee, commercial traveler, was concluded yesterday, but judgment was reserved. David Stratford, son of Mr. Joseph Stratford appeared in court charging Marco Smyk with having damaged his bicycle. The evidence showed that Smyk rode up behind the complainant, on his wheel and ran into him. Then in a fit of anger the man picked up the boy's wheel and hurled it to the ground breaking the petrie and bending the frame. "I would willingly have paid for repairing the wheel," said Mr. Stratford, "that is minor detail, but it is in justice to the boy and to protect him that I have allowed the case to be brought before you." Mr. Nichol, who was in court, promised to repair the wheel and present his bill to-morrow morning when the case will be settled.

Mike Palakant, a Pollock, after becoming intoxicated last night started up Market Street in a very hilarious mood and started swearing at everybody and everything.

On meeting a lady and gentleman he stuck out his foot voluntarily or involuntarily and sent the lady sprawling on the sidewalk. At this juncture P. C. Cara arrived on the scene and took the offender to the station. This morning he was fined \$8 for his disorderly conduct.

Leopard Stevens was also making merry last night and at 11.30 he was overhauled on George St. singing at the top of his voice. He refused to desist and accordingly was arrested. The magistrate looked the prisoner over and asked him what he was doing.

**Suffragette Explosion.**  
LIVERPOOL, June 12.—The explosion of a candle caused great excitement to-day at Runcorn, 10 miles from this city where it was thrown into the street from the window of a street car crossing the suspension bridge over the ship canal. The canister burst with a loud report. A local chemist after an examination said it contained sulphur and chlorate of potash. Militant suffragettes are suspected by the authorities of committing the outrage, but in other quarters it is believed that it may have been a practical joke.

The Store of  
Best Service

**E. B. Crompton & Co.**

Test it!

**W**ARM weather will be here immediately despite the discouragement of the moment. Prepare for it, and in making ready for the sultry season consider this store your best helper—It is!

**E. B. Crompton & Co.**

**With the City Police**

Another light roster awaited magistrate Livingston this morning when he opened court. Major Cready, who appeared yesterday and was remanded until Friday appeared this morning and as no direct evidence against him was presented, he was allowed to go as he has been promised a job on Rawdon St. Cready was charged with "vagrancy and suspected of accosting women on the streets. Two young ladies who reported having been accosted on the street, saw the defendant yesterday, but could not identify him. The magistrate in dismissing the case said, "Cready, you had better go and get busy and keep busy. You are suspected of having interfered with women on the streets."

If you have been guilty of this offense you had better cut it out. David Stratford, son of Mr. Joseph Stratford appeared in court charging Marco Smyk with having damaged his bicycle. The evidence showed that Smyk rode up behind the complainant, on his wheel and ran into him. Then in a fit of anger the man picked up the boy's wheel and hurled it to the ground breaking the petrie and bending the frame. "I would willingly have paid for repairing the wheel," said Mr. Stratford, "that is minor detail, but it is in justice to the boy and to protect him that I have allowed the case to be brought before you."

Mr. Nichol, who was in court, promised to repair the wheel and present his bill to-morrow morning when the case will be settled. Mike Palakant, a Pollock, after becoming intoxicated last night started up Market Street in a very hilarious mood and started swearing at everybody and everything.

On meeting a lady and gentleman he stuck out his foot voluntarily or involuntarily and sent the lady sprawling on the sidewalk. At this juncture P. C. Cara arrived on the scene and took the offender to the station. This morning he was fined \$8 for his disorderly conduct.

Leopard Stevens was also making merry last night and at 11.30 he was overhauled on George St. singing at the top of his voice. He refused to desist and accordingly was arrested. The magistrate looked the prisoner over and asked him what he was doing.

**Suffragette Explosion.**  
LIVERPOOL, June 12.—The explosion of a candle caused great excitement to-day at Runcorn, 10 miles from this city where it was thrown into the street from the window of a street car crossing the suspension bridge over the ship canal. The canister burst with a loud report. A local chemist after an examination said it contained sulphur and chlorate of potash. Militant suffragettes are suspected by the authorities of committing the outrage, but in other quarters it is believed that it may have been a practical joke.

singing. The defendant did not appear to have a very clear idea what special line his vocal rhapsodies took and confessed that he did not know. "You are fined \$8 for your fun," said the magistrate.

A first-time drunk appeared, but as he was evidently very repentant and claimed direct lineage with respectable ancestors he was allowed to go. "It was a case of falling among the Philistines, Your Worship," said the shabby one.

Charles Herbert and Querino Minicini, each paid \$2 for their preferring to ride their bicycles on the sidewalk instead of staying with the ruts.

**Children's Shelter**  
The following kind donations were received at the Children's Shelter during May: Mrs. Longhurst, 3 jars of fruit; Miss Winty, poired meat; Park Baptist Mission Circle, bread and butter; Miss Roberts, cake; Purcell & Son, a tepee tent; Miss Harrison, eggs; Mrs. Homer, biscuits and bananas; Alice Hartley, papers; Mrs. Franklin, butter-milk; a friend, complete set curtain stretchers; Daughters of the Empire, box cake; Lorne Winton, papers; The J. Forde Co., bacon, jelly powder and biscuits; the Misses Whitney and Tresham, fireworks and candy; Ladies Aid Zion church, cake; Mrs. Harry Cockshutt, milk daily; Mrs. Henry Jull, clothing; C. Carson, fish; G. Whitaker, buns and cakes; Mrs. Fred Westbrook, milk daily; M. Bridge Press, printing; J. L. Sutherland, ruled cards; H. B. Beckett, \$5.

**Buried This Morning**  
CONSTANTINOPLE, June 12.—The assassinated grand vizier, Mahmud Shekfat (East) was buried this morning in the mausoleum situated on the Hill of Liberty, in the outskirts of the Turkish capital, where many of his soldiers fell while he was leading them in the operations against Constantinople in April, 1909, when the revolt of the Ottoman troops, under his command, brought about the deposition of the old Sultan, Abdul Hamid. The funeral ceremony was carried out with great pomp, most of the garrison of the city participating.
