

# AUSTRIAN LINES SHATTERED ON THE CARSO SWEEPING VICTORY FOR FORCES OF CADORNA

Important Heights and Villages Taken by Italian Troops to Commemorate Second Anniversary of Entry Into War; Total of Over Nine Thousand Prisoners Taken

New York, May 24.—The Associated Press issued the following: On a front of nearly ten miles on the Carso plateau the Italian troops have smashed the Austrian line hard, and taken various positions from the town of Castagnavizza to the head of the Gulf of Trieste. In their renewal of their offensive the Italians received valuable aid from some of the nine British batteries which have hauled their big guns down to the Isonzo front to help in the efforts aimed at the conquest of Trieste, Austria's big seaport on the Adriatic.

Not alone were the Italians successful in capturing numerous points of vantage, but more than nine thousand Austrian prisoners, including officers in excess of three hundred. The Austrians are declared to have been taken completely by surprise by the sudden onslaught of the Italians, who, to divert attention from the southern end of the Isonzo line, had struck a hard blow to the north. When, however, the Austrians recovered from their surprise they launched heavy coun-

ter-attacks, but the Italians tenaciously held the ground they had won.

The new advance of the Italians brings them appreciably nearer Trieste, which, from the lower part of the line, is less than ten miles away. The ground traversed and yet to be passed over is difficult for military operations, and, even with other successful advances such as the last one, the objective of the Italians will not be attained except by fighting of a most ferocious nature.

**Text of Official Report**

Rome, May 24.—Italian forces yesterday broke through the Austro-Hungarian lines from Castagnavizza to the sea, taking more than 9,000 prisoners, says the official statement issued to-day by the Italian War Office.

The Italian War Office announced that the Italian forces had occupied part of the area south of the Castagnavizza-Boscomalo road, had passed Boscomalo and had captured the town of Jamiano and strong heights east of Pietrassina and Bagni.

The Italian official report said:

### TRANSPORT SUNK; 400 LIVES LOST

Steamer Transylvania Torpedoed by U-Boat in the Mediterranean

SOLDIERS WENT DOWN

Survivors Taken to Italy and Cared for by People

London, May 25.—The British transport Transylvania was torpedoed on May 4, with the loss of 413 persons.

The Transylvania was torpedoed in the Mediterranean. The following official statement was given out yesterday:

"The British transport Transylvania, with troops aboard, was torpedoed in the Mediterranean on May 4, resulting in the following losses: 29 officers and 372 of other ranks; also the ship's captain, Lieut. S. Bruell and one officer and nine men of the crew."

**Veteran Captain Lost**

New York, May 25.—The Anchor Line steamship Transylvania was sunk in the Mediterranean off the French-Italian coast, it was learned here yesterday. The survivors—how many it is not known here—were taken into Savona, Italy, by rescuers cared for by the populace and administered to by Red Cross authorities. When they left Savona on another vessel for an unnamed destination a throng of thousands of persons assembled at the shore and cheered the departing ship.

Captain Bruell, who lived in Scotland, commanded the Transylvania when she went down. He was one of the oldest captains in the Anchor Line service.

The Transylvania, an Anchor Line

steamship of 14,315 tons gross, had been in the service of the British Government since May, 1915, when her sailings were cancelled. There have been no recent reports of her movements, when she was first taken over by the British Government she was engaged in transporting troops to Gallipoli.

The Transylvania was built in 1914. She was constructed especially for passenger traffic between New York and Mediterranean ports. She was 548 feet long, and had accommodation for 2,450 passengers.

In addition to the loss of the Transylvania, dispatches published elsewhere tell of the sinking of the British steamer Tela, of 7,000 tons, off the English coast, and of the French steamer Sontay, with the loss of forty-four lives.

**French Liner Sunk**

Paris, May 25.—It is officially announced that the French liner Sontay, bound for Marseilles from Saloniki with 344 passengers, was torpedoed on April 15 with the loss of 44 lives. The steamer sank rapidly in a heavy sea, but the prompt and methodical manner in which the small boats were launched saved the majority of those on board. Capt. Masses went down with the ship.

The Sontay was a vessel of 7,254 tons, and was built in 1898. She was owned in Marseilles.

## Perhaps You Have — BUT

Assuming you have made your will—is it possible you may have appointed a private individual as your Executor and Trustee?

There are many reasons why a Trust Company is to be preferred in that capacity, and least among them is the fact that the fee allowed by the court to the Trust Company is the same as to the private executor.

A confidential interview with one of our Trust Officers, without obligation to you, will doubtless prove mutually beneficial.
