THE ROYAL AND ANCIENT

The regulation of the Ontario Fuel Controller, whereby during the period from Dec. 15th to Mcrch 15th no country club golf, yacht or cance club, shall burn or use fuel of any description or to use power derived from any such fuel for purposes of cooking or heating will not affect the golf clubs of Ontario. With the possible exception of Ottews, for the past two or three winters no golf club houses have been kept opened. Caretakers, however, have of course, been in charge of the buildings. It herdly seems likely that the new order will be extended to exclude their services being utilized. In the United States where a similar order has been issued, permits are granted to use small quantities of coal for the maintenance of employeo; in charge of buildings.

A match which would have provoked unusual interest was arranged to come off the latter part of Octobor between the Montreal pros. Charlic and Albert Murray and George Cumming, Toronto, and Nicol Thompson, Hemilton. The venue was Hamilton. Owing to many other engagements the Montreal cracks, however wrote that they would be unable to make the trip. Next season a series of matches between these experts will be arranged: 35 holes at Hamilton, 36 at Toronto, 36 at Dixie, and 36 at Kanawaki. Such a homeric contest. would certainly demonstrate which was the best pair. The brothers Murray, have each won the Canadiam open championship twice, Charli in 1996 and 1911, Albert in 1908 and 1913. Cumming annexed the konor in 1905, and was runner-up on four occasions, viz. 1906, 1907, 1909, and 1914 the year it was last played for. Thompson, who was away for several years in the States, was runner-up in 1913. It will be noticed that there is not the experts and Sunningdale, and the states, was runner-up in 1913. So successful has the innovation of keeping sheep on the Rosedale pourse, Toronth, proved, that the number has been increased to 120, and the directors have decided to carry the "wooly-ones" through the winter. Lucky Rosedale members are looking forward to a feast of lamb and mint sauce next Spring. The venture throughout has spelled success and another year other clubs would do well to get into the "Baba" game. It's both patriotic and profitable.

CAPETERIA SYNTEM FOR HOGS.
Much of the drudgery is taken out of hog feeding by the use of the salt-leeder. According to investigations carried on at the Experimental Farm at Ottawa, hogs, after they have reached a certain age, do better when fed in this way provided the proper mixtures are used. Strange to say, when properly bandled, dangerous and wasteful over-feeding is not so likely to occur with the self-feeder as when meals are given at stated hours. It has been shown that the hogs are the best judges of when they should take food. The feeder is fully described in special circular No 15 obtainable at the office of the Publication Branch of the Deparment of Agriculture at Ottawa. This bin-like receptacle is easily made at a cost of about \$10 even when new lumber is used in its construction.

After the Canadian Seniors' Pariotic Tournament at Montreal in After the Canadian Seniors' Patriotic Tournament at Montreal in September, the Hon. Wallace Nesbitt, K.C., of Toronto. Vice-President of the Assocation, decided to give a handsome cup for the "runner-up," Lord Shaughnessy having provided the championship cup. It has been decided to make the winning of this new trophy retro-active, so as a result; Mr. T. E. Metrett, of the Royal Montreal Golf Club, this week had the cup sent to him with his mame inscribed upon it us the first winner. He was the "runner-up," to Mr. George S. Lyon (who won the championship Shaughnessy Cup) with a capital 83—85—168. Mr. Metrett is one of the leading members of the oldest golf clubs on the continent should be the first Senior to win the new trophy.
