

From Weak Eyes To Strong Eyes

From discomfort to pleasure—is the work that glasses do—when the proper glasses are properly fitted. Before you can procure the proper glasses, you must have the defect of your eyes examined by an Optician—with those delicate mechanical appliances which determine with unflinching accuracy the extent of the error. Then the lenses for your glasses must be so made that they will correct the defect.

We will do all this for you and charge only for the Glasses.

It appears that the tug Seymour was towing another small tug, the Alert, behind which was attached a raft of logs. Investigate Flying Rumors. Windsor, Aug. 29.—Michigan's deputy attorney-general is making an investigation of the Benton Harbor colony of Flying Rumors, following a request from the British consul-general at New York, who says the Benton Harbor sect are proselyting in British territory and receiving many donations.

He wants to know if they are a purely religious institution of worthy aims, or otherwise. It is claimed, however, the investigation is really due to complacency made by Harry Williams and a man named Cleveland, who have recently been in Windsor, in search of information. Cleveland's wife continues with the colony and he wants her to forsake them.

Boys Buried in Sand. Holderness, N. H., Aug. 29.—Two boys, Robert Williams of Boston and Gekel Chelhorn of Montreal, were killed, and a third, Daniel Denney of West Newton, Mass., is in a dangerous condition following the carving in of a sand bank at Squam Lake yesterday.

The boys were digging away a sand bank for a ball ground, when the Denney boy was rescued after hard work.

Student Electrocuted. Chicago, Aug. 29.—L. H. Carter, son of Brigadier-General W. F. Carter, head of the department of the lakes in the United States army, was killed instantly by an electric shock sustained in the dairy room of the University of Illinois, at Champaign, where young Mr. Carter was a special student. He was cleaning a chandelier.

CENTRAL SCHOOL PICTURES

A number of school teachers from London, while in the city, yesterday, took advantage of the opportunity to see what an up-to-date school looked like, and visited the Central School. They were lost in admiration of the outside and interior appearance of Kent's banner public school. They expressed themselves as greatly taken up with the beautiful surroundings, and especially with the decorations inside. They had nothing but praise for the building throughout, till they came upon a picture of Teddy Roosevelt hung on one of the walls. This apparently took the breath away from the visiting pedagogues, whose exaggerated British sentiments were unduly roused. Pictures of Abe Lincoln and George Washington further riled the gentlemen from the Forest City, who, apparently, could not see the necessity for anything but British portraits on the school walls. They even went so far as to vent their views to some local citizens, who appear to feel badly about the matter.

For the benefit of the local citizens who were affected by the discovery on the part of the visiting school teachers, it might be stated that the pictures hung in the Central School have, many of them, been donated by local public-spirited citizens. Any British pictures which these gentlemen would like to see decorating the walls of the school will, doubt, be thankfully received by the officials of that institution.

Police Arrest Naval Mutineer and All His Followers.

Odessa, Aug. 29.—The police have succeeded after much difficulty in arresting the sailor Matuschenko, who led the mutiny on board the Russian battleship Knyaz Potemkin in the summer of 1906. Matuschenko had been for two years in New York, and last July returned to Russia in disguise. The officers of the law, however, took no action until Matuschenko formed a revolutionary organization. All the members of this band were taken into custody, along with their chief, and thrown into the Odessa prison. They will be court-martialed.

Priest Goes Free. Windsor, Aug. 29.—Rev. Father Bertrand, a Windsor priest, who was charged in Detroit with disorderly conduct, was discharged yesterday afternoon by Justice Jeffries. Only one of the girls who caused his arrest appeared in court and the justice took no stock in the case.
