DECLINE IN TRUANCY.

It is Said.

Truancy as a schoolboy delight is de-

there has been of recent years a great falling off in the number of boys and firls who prefer the noisy streets to the safer attractions of the schools and claygrounds. Nothing was more conducive to truancy than the old-fashionthe children. For instance, a boy who wants to swim does not play truant in order to have a dip in the Surrey Canal. He is taken to the public baths and enjoys his swim along with his schoolmates. Then the annual sports in Southwark Park are a great factor in welding the bonds of school life."

As a proof of the attractiveness of in school and in the play ground than and Slavonia) 130,090,000 playing about in the streets—a view
