## THE RE-ORGANIZED CHICAGO WHITE SOX

### Comiskey's New Team Will Face Their First Real Contest in Texas Today

Chicago, March 18.—The reorganized White Sox face their first real competition today, playing the second string of the New York Giants with Bancroft, Benton and a few veterans mixed in, according to despatches from Waxahatchie, Texas. The Sox second squad will play the Giants tomorrow, while the first team goes to Fort Worth to meet the Cincinnati Reds.

In practice yesterday afternoon Jimmy Mastill fitted one of Miller's fast balls over the left and fence. Old timers here say that none of the Tigers or Reds, who have trained here in past years, ever accomplished this feat. Eddie Collins is to join the team Saturday.

When women borrow trouble they usually pay back double.

## Fine Array of Racing Material at Houlton For the New Maine & New Brunswick Circuit With Calgary Earl 202 1-4 as the Top Notcher

### Harry A. Nevers and Other Trainers Well Equipped for Campaign—Charles Mason to Have Formidable Stable—Dore Still After Zom Q, 2.09 1-4

[Houlton Times.] When the racing season of 1920 had ended and the returns were all in, Houlton followers of the sport were pleased to note that the stable of horses trained and driven by Harry Nevers, of this town, had won more money than any other Maine or New Brunswick racing string.

Peter Setzer, 2.12 1/4, by Henry Setzer, 2.10 1/4, was the largest individual money winner of the Nevers stable, and his winnings amounted to more than any other Aroostook owned horse raced on the half mile tracks in 1920.

This good showing was very gratifying to local horse lovers and during the winter months whenever a bunch of racing fans have gathered for the favorite winter sport of "trotting them around the stove," the outlook for 1921 is viewed with considerable optimism.

Judging by the number of race prospects to be seen on the Houlton streets any bright morning getting out work preparatory to the season's racing, the town will be well represented not only in numbers but in quality as well.

Harry Nevers has strengthened his stable materially since 1920 and appears to have a string of horses good enough to turn for the word in most any company. Of course, Calgary

Earl, 2.02 1/4, is the headliner of the bunch and the critics find him a hard one to find fault with.

He is a compactly built chestnut with a coat like satin and a very clever, likeable disposition.

He is very stylish appearing when hooked and seems to enjoy the six or eight miles jogging he receives daily. L. H. Powers, who owns Calgary Earl, 2.02 1/4, is reported to be in the market for another race prospect, something eligible to the slow classes preferred.

The 2.13 class in 1921 looks like a tough place to win money, as a number of fast record horses will drop back there by virtue of the time allowance rule. But the friends of Peter Setzer, 2.12 1/4, expect him to "train on" enough to more than hold his own with anything he may meet.

His dam was by the noted sire, Peter the Great, 2.07 1/4, and the ability of horses of this strain of blood to improve in speed year after year is remarkable. He is owned by Lee Ervin and has been raced very profitably. His winnings in 1919 and 1920 amounted to considerable more than \$2,000.00.

Vic Holdaway has two in the Nevers stable. The trotter Alfred King, 2.13 1/4, and a green pacer by Dan Q. J. H. Powers, who owns King Earl, 2.02 1/4, are remembered as the brown trotter that Frank Fox won so many races with in 1920. He only lost one race last season and as he could trot handily in 2.12 or 2.13 he should look good in the 2.17 mixed class, to which he is eligible.

His ward Wilkes, 2.15 1/4, owned by Putnam Bros., was sick last season and failed to regain his best form after his winning race at Woodstock in July. However, he rounded out late in the fall and today looks better than ever. He can start in the 2.20 classes in 1921 and will be hard to beat when he is right.

Bangor, Jr., 2.20 1/4, by Bangor, 2.14 1/4, dam Beatrice Greely, 2.14 1/4, is owned by Albert Moores and will start in the slow class this winter.

Little Jazz, green pacer, by Master Mariner, 2.12 1/4, owned by Fred Simonsen, of Limestone, and a three year old pacer by Gen. Constantine, 2.15 1/4, dam Flora P., 2.16 1/4, are the other members of the Nevers stable at present.

Pat Doherty's String. Pat Doherty has a couple that he has been jogging all winter. Delza Patch, 2.09 1/2, was one of the few horses to win a heat from the \$25,000 Bill Sharen, in 1920. This beautiful little black mare is a daughter of the champion Dan Patch, 1.55 1/4, and is an unusually clean gaited pacer, racing in fast time without hopples or boots. In 1920 she showed a decided improvement in speed over her 1919 form and though she probably had more different drivers than any other horse on the circuit, she raced well for all of them and was a contender in most of her races.

Mr. Doherty has a pair of Dan, 2.09 1/4, for Chas. Starkey, who also owns the fast trotting mare Bettina, 2.13 1/4, by Bangora, that can start in the 2.20 trot in 1921.

Bud Tingley, who raced The Problem, 2.04 1/2, so profitably last summer, has three. The trotting stallion Irving Heart, 2.09 1/4, owned by Dr. D. K. Eastman, and his own two, the pacer Helen Direct, 2.13 1/4, by Walter Direct, 2.05 1/4, sire of Napoleon Direct, 2.09 1/4, and the trotting filly Blasse, an own sister to Bangor, 2.14 1/4. Helen Direct is eligible to the slow classes and looks like she would do as she has worked a half mile track in 2.12 1/4. She won her only start on the ice this winter and appears high class.

Blasse, by Bangora, sire of 16 in 2.10, and her dam Kevain, 2.19 1/4, is the dam of A-hun, 2.12 1/4, Battle 2.13 1/4, Borna 2.13 1/4, Baring 2.12 1/4.

Other local horses that should win money if they are trained this summer are the trotters Browns 2.19 1/4, owned by Fred Cox, and Silver Strain, 2.19 1/4, owned by Wm. Atherton of Houlton. Browns was a good winner for Bud Tingley in 1918 and Silver Strain trotted to his record in a losing race last season, consequently he can start in the green trots.

Dr. W. B. Gibson is using a couple of pacers in his practice that were both good winners last season. They were raced and no doubt they could turn the trick again if they were campaigned. The road, Noak's Girl, 2.24 1/4, by Jericho, son of the Columbo dam by Vassar, 2.07, won heats in three or four starts as a green one in 1917.

The bay Triest, 2.17 1/4, by Trump-fact, won some good races for Bert Lint, of Fredericton, and with the let-up he has had since he was raced in 1919 should be better than ever.

In northern Siberia most of the food sold in shops is frozen. Meat is packed with axes and milk is sold in long sticks. The cold is so intense at times that no children are to be seen in the streets.

## Peter Carroll Is Said To Be Critically Ill

Reports received here from Halifax indicate that Peter Carroll, the veteran driver and trainer, is in a critical state of health at his home at Iversville. Last season he drove Bill Sharen, 2.11 1/4, in his phenomenal campaign and was a sufferer throughout the racing season and after its close from the boils. His present serious state is said to have followed an operation made necessary because of the boils.

and Banfor 2.11 1/4. This filly is the youngest and the only one of her dams produced without a record. She started in a matinee race at Fort Fairfield last summer which she won very handsily, and it will seem strange if she fails to take a record as fast as her noted brother Zom Q.

Dore After Zom Q. Zom Q, 2.09 1/4, owned by Fred Bishop, is being wintered at Presque Isle in John Willard's stable. He is reported to be in an interesting condition. When the Massachusetts trainer Lester Dore was at Presque Isle a few weeks ago he made Mr. Bishop an offer to buy the horse, which was refused. It is reported, however, that he has increased his offer lately and a trade may result.

It would be a pity for Aroostook county to lose Zom Q, as he has always been a great drawing card; but if he is sold it is to be hoped he will get a chance to distinguish himself on the mill tracks. If Lady Grant, 2.09 1/4, brought \$75,000 after the racing Zom Q, gave her at Fredericton last fall, what is Zom Q worth?

Some of us would like to see that pair hit the mile rings this summer with Murphy driving the mare and let us see Vaseline Cox up behind Zom. It should be a race worth seeing.

"Clum" Burrill's String. The veteran trainer "Clum" Burrill of Queens is looking after the welfare of Andrew Sanders' highly bred colts this winter. Harvest Queen (3), 2.24 1/4, by the former champion The Harvester, 2.01, came to her speed quickly and with very little work showed miles close to 2.20. She is rated as a sure 2.15 trotter and a little more so as a pacer.

Harvest June, three-year-old black filly, also by The Harvester, had for a dam Yossin J. (now used as a family horse by Mr. Saunders) that was capable of miles better than 2.10 when trained by the noted reinsman Ed Geers several years ago. This filly has a good way of going but is untrained as yet. Verna Whip, by The Whip, 2.09 1/2, is a two-year-old that Mr. Burrill is breaking.

The pacer Dante Medium has been sold by Mr. Saunders to St. Stephen parties.

Trainer Mason's String. Trainer Chas. Mason, formerly of Providence, R. I., landed in town a short time ago with a good looking string of horses to race on the Maine and New Brunswick circuit the coming summer.

There are two pacers and two trotters in his stable. Perhaps the best known is the black pacer mare Amy 2.09 1/4, by The Amateur. She has been a good winner the past two years in Massachusetts, and she is said to be able to pace a half mile track in 2.09 or 2.10.

The other pacer in the bunch is Countess Petria by Count Darkhoff, son of Peter the Great, 2.07 1/4. She is green but in a matinee race last fall she is said to have beaten that blood race horse Andy Ashland, 2.10 1/4, pacer her half mile heats in 1.04 or 1.05.

The trotting mare Lenor McKinney, time record 2.08 1/2, by McKinley, 2.11 1/4, is a richly bred one and can start in the slow trots. As she appears sound and good mannered she will have to be considered when the green trotters are discussed. Commodore H. by Willy, 2.05, is another green trotter. He has a matinee record of 2.18 1/2, made last summer, and is a well built one that looks like a stayer.

Trainer Mason has brought into his section such good horses as Peter Setzer, 2.12 1/4, Somersworth Boy, 2.16 1/4, Miss Locanda 2.17 1/4, Silver Strain, 2.19 1/4, etc., and it is reported that he has had good offers for some of these new ones.

Other local horses that should win money if they are trained this summer are the trotters Browns 2.19 1/4, owned by Fred Cox, and Silver Strain, 2.19 1/4, owned by Wm. Atherton of Houlton. Browns was a good winner for Bud Tingley in 1918 and Silver Strain trotted to his record in a losing race last season, consequently he can start in the green trots.

Dr. W. B. Gibson is using a couple of pacers in his practice that were both good winners last season. They were raced and no doubt they could turn the trick again if they were campaigned. The road, Noak's Girl, 2.24 1/4, by Jericho, son of the Columbo dam by Vassar, 2.07, won heats in three or four starts as a green one in 1917.

## WILL RE-INDICT CHICAGO PLAYERS

### State's Attorney Crowe Blames Predecessor for Collapse of Baseball Case

[Associated Press by Leased Wire.] Chicago, March 18.—Robert E. Crowe, State's Attorney, announced yesterday he would go before the Cook county grand jury today and seek re-indictment of the Chicago White Sox baseball players whose case was dropped by the State yesterday.

In a formal statement, Mr. Crowe last night placed the blame of the collapse of the case on his predecessors in office and alleged a conspiracy which had defeated justice and corrupted Joe Jackson, Eddie Cicotte and Claude Williams, the men who confessed to the grand jury. These men with Buck Weaver, Oscar Felsch, Swede Risberg and Fred McMullin were released from custody of the law and their cases dismissed.

## Basketball

The Basketball Queens defeated the Basketball Fans at the Y.M.C.A. on Wednesday evening in an interesting match by a score of 22 to 7. The match was a fast one; the Queens showing their ability at shooting baskets from the start and leading at the end of the first period by a score of 11 to 4. Two fifteen and one ten minute periods were played, the game being refereed in a capable manner by Thomas Chapman.

Miss Ruth Young, playing forward for the Queens, secured the majority of her team's scores, netting six field goals and two penalty shots. Miss

## ZBYSZKO WINS

Cleveland, March 18.—Stanislaus Zbyszko, heavyweight wrestler, threw Joe Vargo, of this city, here last night in forty minutes and thirty-five seconds, with a toe hold. Vargo was unable to resume after the first fall.

Hot Springs, Ark., March 18.—Elder Myers, pitcher of the Boston Americans, formerly a holdout, has reported at the Red Sox training camp here.

Capeon, for the losing team, secured two of her team's field goals. The lineup:

Queens	Forwards	Fans
Miss Ruth Young	Miss I. Capens	
Miss A. Vail	Miss R. Gordon	
Miss D. Wilson	Centre	Miss H. Brown
	Defence	
Miss M. Lawson	Miss Tatlock	
Miss A. Hoben	Miss B. Purvis	
Spare: Queens—Misses Coffee and Goodspeed.		

## JOHNNY WILSON RETAINS TITLE

### Given Referee's Decision When Judges Disagreed—O'Dowd Claims Foul

New York, March 18.—Johnny Wilson, world's middleweight champion, retained his title in a fifteen round bout with Mike O'Dowd, former champion, at Madison Square Garden here last night.

At the end of the battle the judges disagree and Referee Johnny McAvo, of Brooklyn, gave his decision in favor of Wilson. The latter turned scales at 158 pounds and O'Dowd 160 1/2.

In the preliminary Vincent "Pepper" Martin, of Boston, was awarded the decision over George "Young" Erno, of Buffalo.

O'Dowd was examined in the dressing room by two club physicians after the bout last night and they reported he had been struck in the groin, which seemed to back up O'Dowd's claim that he had been fouled.

The man who thinks the world is growing better, thinks himself to be growing better.

## A Ticklish Point

There is a trifling disadvantage to daily newspaper advertising which those who sell other forms of publicity use for all it is worth, and trust that the prospect will not reason too far to refute it.

That is: the absence of color. They point to certain other forms of advertising and say: "Look, you can show your product big and in color so that he who runs may read."

That's good selling argument from their point of view. But stay! Is the running reader apt to gather the impression which the advertiser intends? May not the impression be too cursory? Will it be seen at all? The fact is that the daily newspaper is the Great Intimate Human Medium.

Inssofar as the woman in the Home is concerned, it is her only point of contact with what is going on in the outside world. From the birth of a neighbor's baby to the marriage of a King's daughter it is her news mentor—the loom that weaves for her the knowledge of what is going on.

You know yourself when you are away from home how much it gladdens your heart to get a sight of your local paper. Do you read it—you do! Well, just what your newspaper means to you, other persons' newspapers mean to them.

If every paper in this country published a ten-line display advertising paragraph reflecting upon your integrity, do you think you could offset it by using all the billboards, street cars and circular advertising available?

Get the point? The world could get along without billboards, street car cards, booklets, circulars and a thousand and one other forms of publicity but it could not get along without its daily newspapers.

This is the Time of Times for concentration upon Daily Newspaper Advertising. Daily Newspaper Advertising is the most powerful vehicle of publicity yet given to the use of man. It is the Alpha and Omega, the Beginning and the End of all successful advertising.

Advice as to the best ways and means of doing Newspaper Advertising will be given to those who inquire of us; or, consult any recognized advertising agency a list supplied on request.

Issued by the Canadian Daily Newspapers Association.  
 Head Office—Toronto.
