Miscellaneous.

Mothers:

Castolia is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. If relieves constipation, regulates the blowels, quiets pain, cures diarrhea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the children's praneca—the mothers' friend, 35 doses, 35 cents.

She Ob harmal and mothers' and and colic, allays feverishness, destroys worms, and prevents convulsions, soothes the children's praneca—the mothers' friend, 35 doses, 35 cents.

She—Oh, he may be a genius. But I confess I don't care for the society of geniuses!

He— low very personal of you! It's as if I were to confess I didn't care for the society of handsome women!

Minard's Liniment Cures Diphtheria.

Shiloh's Consumption Cure. This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup, and Bronchitis, while it's wonderful success in the cure of Consumption is with B. Lawes, in reference to the percentage of the percentage of the case of Consumption is with the cure of Consumption is with the cure of Consumption is with the case of Consumption is with the case of Consumption is with the sheep is a source of the fact that the sheep is a source of double income—real and woo'. Throat and Lurg Troubles. Boston is often abused without caus es being the natural home of more cases of throat and lung troubles il an any other part of the universe. One proof that it is not true of Boston any more than many other portions of this country, is the fact that during the past win ter when the epidemic la grippe, swept over the whole country, Boston fared no worse than many other towns and the death rate from the after officts o la grippe was no greater in that city than elsewhere.

That disease was an epiden ic of bron

affect every weak part of the patients system and augment any natural wetk-ness or disea e. Reports from all parts of our concerns show that the number of persors who have been left with a sort of chronic catarrh larnyngivis, catarri al sore throat and bronchial aff ctions likely to cause serious throat and lung trou bles if not checked, is in proportion to the population about the same the country over. All of these troubles are a more or less serious inflammation of the mucous lining of the nose, throat and bronchial tubes liable to cause death in one place as much as another, from croup, ulcerated sorethroat, pneumonia, brouchitis and consumption; and which ought not to be neglected but treated by means which will allay the inflammations causing the trouble in each case One of the most effectual remedies fo

Karm and Lousehold.

SHEEP AND CATTLE.

Can mutton be more cheaply pro duced than bee'? As bearing upon this sul ject Stewart calls at ention to the fact that the sheep is a source of tage of food u il zed or stored up by different animals, and these experiments presented the shorp in a very in reased weight twelve per cent. while catile only laid up increased weight eight per cent; that is eight and one half pounds of dry food in-Miss A. (hinting for Mr. J. to leave)

I should think you would take cold out creased the live weight of she p as much as twelve and enc-haif pounds

Minard's Liniment Cures Distemper.

Messrs. C. C. Richards & Co.

Gents—Having used Minard's the wool, from a given quantity of food, as can be produced of stable, I attest to its being the best thing as high a price as the left, it would give the first of the best of the best of the best forms as high a price as the left, it would give the first of the best of the best forms as high a price as the left, it would give the first cost because a mater of the garden, inasmuch as the latter, if a long time in use, is apt to contain eggs of destructive in cets which are hatched by heat of the best, for it is the changes, is more than the stable, I attest to its being the best thing as high a price as the left, it would give the first cost because a mater of the garden, inasmuch as the latter, if a long time in use, is apt to contain eggs of destructive in cets which are hatched by heat of the bed of the best, for it is the changes, is age of clay, and be composed with one-third of well-cetted leaf mould from the first it will be at the better. At one at it is planted for the price of the best, for it is the changes, is age of clay, and be composed with the garden, inasmuch as the latter.

In the five weight of cat.

So that, relyng upon these experiments, sheep must be considered as excel nt utilizers of food, as producing as many pounts of mutton, besides the wool, from a given quantity of food, as can be produced of age of clay, and be composed with the first cost because a mater of destructive in cets which are hatched by heat of the bed of the bed age of clay, and be composed with the garden, inasmuch as the latter.

Get the best, for it is the changes, is age of clay, and be composed with the garden, inasmuch as the latter.

In the five weight of cat. ly, we used it for every purpose that a liniment is adapted for, it being recommended to us by the late Dr. J L. R. Webster. Personally I and it the b.st vorable a view, then sheep on suitable allayer of neuralgia pain I have ever land, must be considered among the He-I am sure you would like my in flesh while product g mi k, as does nealth and sweet breath. Price 50 cents. or forty three times as much mineral Sold by E. Lee Street. matter, and thirteen times as much nitrogen as the fleeces of the cheep.

THE HOT-BED.

No garden is complete without a hot-bed, in which to raise early tomato, cabbage, cauliflower, celery, cucumber, squash, melon, and eggplants, together with early lettuce and radishes. It should be made in the latter part of March, or beginning of April, varying, however, a wask r two-or even more-according to the difference in climate and latitude.

be a quantity of manure sufficient for the bed-one four by eight feet in size would be of very moderate dimensions; and for such a bed, three two-horse loads of horse manure will be requisite. Deposit this is a lose heap convenient to the se'ected spot, permitting it to remain a few days Why do so many people we see for fermentation before it will be around us seem to prefer to suffer ready for use-if composted with for fermentation before it will be and be made miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Coming Up of the Food, Yellow Skin, when for 75 cents we will sell them Shiloh's System Vitalizer, guaranteed to any other on account of its testing properties—that which has not been burnt out, nor that which has had too much bedd ng mixed with it.
