Oil Matters.—At no period since the first great discoveries, has there been so much activity displayed in sinking wells along Oil Creek and in its immediate vicinity, as at present. At this time as near as we can estimate there are between two and three hundred wells now under process of being bored. The successful ones so far are very few, in proportion to the number of wells that have been sunk. Some few have made a strike, such as the Caldwell, Farrel, McKinley, and a few other wells, but the largest porportion have not, thus far, amounted to much. Quite a number of the miners have struck "mud veins" and others have failed to strike the crevice where the oil is contained. Many parties, in view of the number of the wells being sunk, decline to purchase heavily at present prices, beleiving that large discoveries of oil will be made between the present date and the fall. Knowing this parties are anxiously awaiting the future development of this valuable but mysterious product.—[Oil City Register.

Origin of the word "Canada."—A correspondent of the Washington *National Intelligencer* questions the authority of Mr. Warburton who gives the word "Acanada" as the origin of the name of this Province.—He says:—"I have before me a book printed in the year 1698, written by L. Hennepin, and entitled 'A New Discovery of a Country Greater than Europe.' On page 37 I read:—The Spaniards were the first who discovered Canada; but at their arrival, having found nothing considerable in it, they abandoned the country, and called it *It Capa di Nada*; that is, a cape of nothing; hence by corruption sprung the word Canada, which we use in all our maps."

AN ENTIRELY NEW CLASS OF AMUSEMENT!

Such as has never before been attempted by private enterprise, and entails such an enormous expenditure of money, that only the most liberal patronage can render it remunerative. The Management will therefore be pardoned for directing attention to the fact that this Magnificent Phalanx of Exhibitions not only combines an infinitely greater degree of Novelty, Variety and Effect within itself, than can be found in any other place of amusement in the world, but also a nearer approach to *perfection in every detail*. For instance, the Three Circuses include by far the most Talented Array of Equestrians, Vaulters, Athletes, Jugglers, Acrobats, Posture Masters, etc., etc., to be found together upon either side of the Atlantic, while the Combined Collections of Highly Trained Horses, Ponies and Mules, include a larger number in the aggregate, and more beautiful and wonderfully trained individuals of each species, than can be found in any or all other Equestrian Exhibitions. In regard to the *FEATURES PECULIAR TO THIS ESTABLISHMENT*, of course there is no room for comparison, and it can only be said that they will be found as pleasing and satisfactory as they are new and attractive. At each entertainment the *TROUPE OF ACTING BEARS* will be introduced in the Arena in all their unprecedented performances; the *EDUCATED SACRED BULL* and the *LEAPING BUFFALOES* will exhibit their wonderful training; Professor Longworthy's Corps of Performing Monkeys, Ponies and Dogs will go through their astonishing and indescribably laughable feats, and all the principal Artists of the Triple Circus Troupe will take part in an unparalleled display of Horsemanship and Athletic Skill.

The veritable and inimitable JOE PENTLAND will officiate as Clown to the Equestrian Scenes.

The Public Entree on the establishment, headed by the Gorgeous Band Chariot, containing CHAS. ROSWOLDS OPERA BAND, will take place about 10 o'clock on the morning of the day of Exhibition.
