Trawling Off the Labrador.

Below in this column will be found a report of a meeting held recently by the Board of Trade Council to consider the question of the Fisheries Board issuing a proclamation prohibiting the use of trawls on the Labrador coast from Battle Harbor to Cape Harrison prior to the 10th September.

It appears that the majority of the Council are of opinion that the regulations extend unnecessarily far from the coast. It is suggested that the limit of prohibition be made half a mile instead of three miles. The opinion also prevailed there that American bankers could not be prohibited from fishing within these limits and the effect would be to prohibit Newfoundland fishermen from doing what American fishermen were enjoying.

On enquiry from the Minister of Marine and Fisheries, we learn that he was not at the time of our telephoning him in receipt of the resolutions passed by the Board of Trade Council. He informs us that the rules have been passed, printed and distributed throughout the Island. He says that there will be no trouble with American fishermen as they do not resort to the section over which the prohibition extends. He could not of course express any opinion as to reconsideration as neither the Fisheries Board nor has he himself had the opportunity of considering the suggestions of the Board of Trade as yet.

In view of the importance of the topic, we shall open our columns to fishermen and others affected for an expression of views, opinions and matters pertinent to the rules, and the suggestions of the Council of the Board of Trade.

Newfoundland Board of Trade.

The question of the Fisheries Board issuing a proclamation prohibiting the use of trawls on the Labrador coast from Battle Hr. to Cape Harrison prior to the 10th of September, was up for discussion at the Board of Trade Council meeting on Friday, and it is the opinion of the majority of the Council, that as the trawl fishery on the Labrador, wherever tried has been marvellously successful, that the use of trawls by bankers and others should be encouraged rather than prohibited, especially in view of the small outfit to the Labrador this year, and the small cost of trawls compared with traps. The Council were of the opinion that some satisfactory regulation should be made which would prevent trawlers from interfering with the fishery conducted by men having traps and that these regula-

tions might be effective if the trawlers were kept at a minimum distance of half a mile instead of three miles as the Fisheries Board contemplated. But compelling the trawlers to go at least three miles from the coast is treating them as foreigners, and that no Newfoundlanders ought to be treated in that manner, besides which the regulations which the Fisheries Board propose to put in operation would not be effective against American bankers, who could fish just where they liked; the proposed regulations not being "appropriate or necessary for the protection and preservation of the fisheries, desirable on the grounds of public morals, or equitable and fair as between the local fishermen and the inhabitants of the United States."

The Council of the Board of Trade have therefore passed a set of resolutions setting these facts forth and asking the Fisheries Board to reconsider the matter so as not to debar any Newfoundland or Newfoundland owned vessel from partaking of the benefits of the fishery under suitable regulations.

It is generally reported that many of the Shore Crews, profiting by the example set them by the Western Bankers, are fitting themselves out with trawls this season.

Inter-Collegiate Cricket

On Saturday Bishop Field College and the Methodist College played the first inter-collegiate cricket match for the season. The game was a very interesting one and was closely contested to the very end. M. C. going first to the wicket scored 46. Hayward's innings of 16 being particularly good. The bowling and fielding of B. F. C. were both up to a high standard, Edwards taking 6 wickets for 19 runs. The Pelidians replied with 39, their batting being much less careful than that of M. C. Fenwick bowled very well indeed, getting 7 wickets for 14 runs. With 14 runs to carry over, M. C. in their second venture added 3. Hayward again playing a very fine innings for 26. Anderson was the most effective bowler, taking 6 wickets for 19 runs; but Tait and Edwards also bowled very well, rarely sending down a loose ball. With 68 runs required to win and about an hour to do it in, B. F. C. seemed to have little chance of winning. Their only hope was to play a forcing game, and this they did to perfection, the ball being repeatedly driven clean over the fence. Anderson (20), Sealey (20), Tait (8), C. Rendell (8) and T. Whiter (8) were the highest scorers. With five minutes to spare the match was won, and when time was called B. F. C. had scored 81 for 8 wickets. The Pelidians are to be congratulated on the pluck with which they pulled the match out of the fire. If their batsmen can learn to play the more difficult balls carefully the team with its hitting powers should make some big scores this year. The Methodist College team played a fine game and were a more careful set of batsmen. The bowling on both sides was distinctly good, the Pelidians having a slight superiority. The fielding was also good and in this department M. C. was somewhat the better team.

Conflict Now Seems Inevitable.

Special to Evening Telegram.
WASHINGTON, May 29.
Official despatches received at the State Department both from Peru and Ecuador, state that war preparations are being rapidly pushed forward and that a conflict seems inevitable.

Selling Bad Lobsters.

At noon to-day as Supt. Grimes was passing Duckworth St., he noticed a resident of Portugal Cove selling lobsters, which must have been caught some time ago judging from the aroma from them. While Mr. Grimes was talking to the man parties who had bought them, came back for their money. The vender demurred but the Supt. made him hand the cash quickly and then take the goods back home. The Supt. is to be commended for his keenness in detecting such a fraud. The same might apply to certain parties who vend herring and sometimes salmon. They keep them for days until a lot is gathered and sell the fish in a state of deterioration. The Supt. would have the blessing of many housewives if he would keep an eye on this class of gentry also.

Olsen Makes Draw.

A message was received in the city this morning to the effect that young Olsen so well known here and Rose the lightweight English Champion wrestled at Wigan, in South Lancashire, Saturday night, Olsen undertook to put Rose to the mat twice in an hour but instead the affair terminated in a draw. It will be remembered that in wrestling with Rose some time ago for the English Lightweight Championship Olsen was disqualified for using holds not permitted by the English rules in the Alhambra tournament.

Another Montreal Boat

We understand that negotiations are now in progress between the firm of H. Dobell & Co., of Montreal, and the owners of the s.s. Anshurst for the chartering of that ship to run to this port during the summer. Matters have not yet been definitely settled, but it is possible that the ship may leave for here on the 5th June. She was here about three years ago with a cargo of coal for Kennedy & Mully.

Astray in Dory.

Mr. H. W. LeMessurier, Assistant Collector of Customs, had the following telegram from the Preventive Officer at St. Lawrence this forenoon: "Milford Roberts, headline fisherman of the American schr. S. P. Willard, strayed from vessel in fog on Banks Wednesday, 26th inst. Landed at Little Lawn on Saturday much exhausted."

POLICE COURT NEWS.

In the police court to-day 6 drunks were discharged.

Two sailors of the Carl E. Richard, drunk and disorderly on board their vessel, were discharged, the captain not appearing against them.

Three drunks were fined \$1 or 3 days each, and a disorderly \$2 or 7 days.

A drunk and disorderly who assaulted a boy was fined for the first named offence \$2 or 7 days and for the latter \$5 or 14 days.

A man who in a controversy over the merits of one of the East End representatives hit another in his own home on the 26th inst. and broke two teeth, was fined \$10 or 30 days, and was also asked to give bonds to keep the peace in future.

Thrown Out of Their Carriage.

Yesterday about a quarter to one while Mr. Steer, Miss Storey, Miss Gaze and their coachman were driving down Water Street near Bennett's brewery the carriage went over the embankment and they were thrown over the embankment there. The coachman was slightly hurt but the ladies escaped unhurt. The accident was caused by the coachman endeavouring to avoid an east bound street car that was about to pass at the time.

Molasses Flies High.

Yesterday morning a peculiar sight was witnessed on Marshall Bros. premises when in the heat of a number of the vents in some puncheons of molasses stored there were forced out, and several miniature geysers of the sweet stuff went upwards. It became the walls of the store, quite a quantity of it was lost, and men were busy for several hours attending to the other packages fearing that similar accidents might befall them.

The Collision Case.

Capt. Delaney and Capt. Parsons returned from Sydney by the express to-day. They had been over there to give evidence in the collision between the S. S. Invermore and the Beluga. A preliminary examination only was held at which the evidence of the captains and officers was taken. The case is yet to be heard in the court.

Crowd for Sydney.

The s.s. Rosalind did not leave here until 9.30 yesterday morning. She had 82 steerage passengers, including 71 men who are going to work in the mines at Sydney. These men came mostly from the north shore of Conception Bay and were engaged by an agent of the mining companies. Besides those already noted the ship took in saloon Geo. Bursell and Mrs. Thompson and child.

Nfld. Boy Doing Well.

Mr. Joseph Brown, of King's Cove, has two sons who are doing well at Vancouver. The eldest, Capt. Joe, is in charge of a mail and passenger boat flying along the Pacific Coast, and Capt. Fred is in command of the s.s. Celestial Empire, also sailing on the Pacific. On a recent trip he brought in 160,000 lbs. of halibut.

Coastal Boats.
