A Pretty Mode for the Little Miss.

This charming little model with side edges lapped over the front in novel fashion, is something entirely new and exceedingly smart. The dress is one piece from neck to hem and closes in the back. The fulness may be held in place around the waist by a belt of the material, or left to hang loose. Linen, gingham, pique and serge are all suitable for development. The pattern is cut in 5 sizes, 4, 6, 8, 10 years. The 8 year size requires 2 1/2 yards of 44 inch material.

A pattern of this illustration will be mailed to any address upon receipt of 10c. in stamps or silver.

(Concluded.) ROWING.

When a very powerful Leander crew defeated the Belgians at the Olympic Regatta, some people concluded that it showed the superiority of the English stroke. Others, and the writer was one, thought the Englishmen won because they were individually finer athletes, and had put in more years of rowing, besides being in a position to devote more leisure to training. Several Englishmen oarsmen have been experimenting with the Belgian style since 1908 and with very satisfactory results. A Belgian coached the Thames Rowing Club eight, and to such purposes that the Londoners gave Jesus College a tremendous race in their heat for the Grand Challenge Cup, the Cambridge men only winning by two feet in 7 mins. 26 secs. Another Thames crew had a capital race with the Winnipeg R. C. four in the Stewards, the Canadians outstaying their rivals and so qualifying to meet the Mainzer Rudder Club of Germany in the final. Another feature of the Regatta was the capital four of the Anglian crew, which has improved out of all knowledge since taking up the Belgian style, and to reach the final of the Thames Challenge Cup, was indeed a triumph for the club.

Owing to the illness of his little daughter, A. McCulloch had to withdraw from the Diamond Sculls, which greatly reduced the opposition against the foreigner—R. Lucas, of Germany. The first heat saw the overthrow of J. Cosgrove, of Canada, the over-seas Britisher being easily beaten by Edye, who in turn went down before Lucas, leaving the German to meet W. D. Kinnear, of Kensington, in the final.

THE FINALS.

The Englishman proved equal to beating Lucas by two lengths in the final of the Diamond Sculls, while Winnipeg easily scored over the German four in the Stewards. Both these victories are naturally pleasing by all who wanted to see the Britishers score over the foreigners. It may be added that the Stewards has never before been won by a visiting crew, and the success ought to induce other over-seas Britishers to try.

Anghan's victory over Merton College in the Thames Cup was a big triumph for the Belgian style of rowing.

ing and other English crews will, no doubt follow the example of the Putney Club.

Magdalen's victory over Jesus College in the Grand was expected, as also was the success of Eton over Balliol College in the Ladies' Plate. The German pair proved no match for the Leander men in the Goblets, so the foreign invasion was well met.

RIFLE SHOOTING.

Some splendid shooting was seen in the contest for the Empire Cup at Bisleigh. When Australia won the trophy in 1907 (in Australia) the Commonwealth marksmen set up a record score of 2,104. The conditions could not have been much worse for the latest contest, wind and rain making matters very trying, and yet the team representing Great Britain won with the new record score of 2,177 out of a possible 2,400. Sgt. Major Wallingford was top scorer with 284 out of a possible 300; Lieut. Morris, 264, and Capt. Forest, 264, doing best for Canada, while Grant, 271, for Australia; Lieut. Alexander, 270, for India, and Capt. Phillips, 265, for Singapore, were the highest scorers for the other teams, which finished as written, Canada scoring 2,105.

Boy Had Fits For 6 Years

Druggist advised DR. A.W. CHASE'S NERVE FOOD—Cure complete and lasting.

Mrs. J. D. Palmer, 38 Park St., Amsterdam, N. Y., writes: "When six years of age my boy began to have fits. They came on in the night. He would make strange noises, stiffen out, froth at mouth, face would twitch and some times turned purple. After the fit he could not talk. The family physician said all he could do was to keep them down some what. The second physician pronounced trouble Jeffersonian epilepsy, but could not cure him. He suffered for six years and before beginning the use of Dr. A. W. Chase's Nerve Food had three fits in about five days. Our druggist recommended Dr. A. W. Chase's Nerve Food. He has taken seven boxes and has no more had the symptom of a fit since. His color has greatly improved; he is no longer nervous and irritable like he used to be and we consider his cure complete."

Such results are only obtained by the use of the genuine Dr. A. W. Chase's Nerve Food—not from imitations or substitutes. 50 cents a box, all dealers or Edmanson, Bates & Co., Toronto.

a very important character, the Salisbury fixture, where M. Cullinan's Ally (an outsider), won the Bibury Cup, being the most important.

D. F. McNicol won the one mile running championship of London at Stamford Bridge, on Wednesday, the watch showing 4 mins. 25 4-5 secs. A. Patterson also won the London A. C. half mile championship in 1 min. 58 4-5 secs. G. R. L. Anderson (hurdles champion) and E. H. Ryle being only a foot away.

Danny Maher rode his fiftieth winner of the season at Alexandra Park on Saturday, he being the first jockey to reach the half century.

Mr. J. G. Ritchie and A. F. Wilding proved too good for A. W. Gore and H. R. Barrett (holders) in the challenge round of the lawn tennis doubles championship, the winners prevailing by 6-1, 6-1 and 6-2.

M. Sherwin, one of the most famous wicket keepers Nottinghamshire ever produced, died last Sunday.

Gladstone and the Slave Trade.

A FRAGMENT OF HISTORY.

Mr. T. R. Job, senior of the old firm of Job Brothers, now once more amongst us, was the first to set me on the track of Gladstone's early career. Discussing with Mr. Job the subject of early cargoes from Newfoundland to the Brazil, he told me that he had found information in their old books of cargoes of codfish sent down in 1819 by his grandfather, John Job, to Demarara to feed the slaves on John Gladstone's plantation there. In the earliest records of the old Newfoundland School Society I find John Job and John Gladstone, M. P., closely associated in the work of the Society—Gladstone, as chairman, and Job as a leading member of the committee; Bulley, who was also connected with the Jobs, being a liberal benefactor. Every schoolboy will remember Macaulay's Essays and his review of young Gladstone's "Church and State." The great critic referred to him as one of them and un-bending Tories. He was still, more, the son of a great slave owner, the upholder of a system which the great writer's father, Zachary Macaulay, and Wilberforce the abolitionists afterwards destroyed.

It is the irony of fate that Gladstone who began as an extreme Tory should end his days an extreme Radical and the destroyer of the English Slave Church in Ireland.

Gladstone first entered Parliament in December 1832 as member for the pocket borough of Newark, owned by the Tory Duke of Newcastle. On the 30th June, 1833, Gladstone made his first speech in Parliament. Lord Howick, afterwards the celebrated Lord Grey of the Reform Bill, cited reports on Sir John Gladstone's slave estates in Demarara, how more had died on this property than any other. William Ewart Gladstone in defending his father was forced to admit the unusual number of deaths on his parent's plantations, but said it was due to the young age of the slaves rather than to any peculiar harsh treatment. Young Gladstone from the very first made his mark in the House of Commons. His fine action, his splendid voice, and his eloquence captivated friend and foe alike. His double first at Oxford was completely eclipsed by his brilliant career as a statesman and member of Parliament. Sir John Gladstone, Bt., and his family were amongst the founders and liberal supporters of the well known Collegiate Schools, Liverpool. Amongst modern institutions the Liverpool schools have won great distinction specially in the teaching of English and modern language. Twelve times out of twenty it has won the gold medal of the Royal Geographical Society for the teaching of Geography. An elder brother of the great statesman, Robertson Gladstone, was the chairman of the School Council. Bishop Jones and I are now amongst the last survivors of the school pupils. I have a lively remembrance of William Ewart Gladstone's speeches on prize giving days at the school. Once I remember his coming in late, he threw off his palmeto coat which Mrs. Gladstone held on her knee during his eloquent speech. I shall never forget her look of rapt attention and admiration as she gazed up at her husband.

Oarsmen, Take Notice!

Absolutely the last meeting of the Regatta Committee before the races come off takes place to-night in the T. A. Armoury, when the boats and crew must enter for the different contests. The Committee will not hold another meeting and the crews who do not enter cannot row. All should therefore come forward and enter to-night.

League Football.

St. Bons Defeat Feildians 3 goals to 0. Though a large audience was not present at St. George's Field last evening there was an interesting football match between the St. Bons and Feildian football teams in the regular League match. It was an ideal evening for a game, there was not a breath of wind, and both teams gave a fine exhibition. They lined up as follows, the St. Bons playing one new man, Shortall.

Feildians—J. Volsey, goal; H. Rendell, Rev. Hewitt, backs; A. Tait, R. Tait, R. Simms, halves; E. Pinsent, E. Rendell, H. Dickinson, G. Hunt, J. Rendell, forwards.

St. Bons.—W. Vall, goal; W. Firth, J. Higgins, backs; J. Rawlins, W. Hearne, M. Power, halves; R. Burnham, L. O'Dea, H. Meehan, W. Templeman, S. Shortall, forwards.

The St. Bons won the toss and played from the western goal. When the leather was set in motion some fast play was witnessed for a while in mid-field, when the St. Bons got the ball east and secured a fruitless corner. A foul was then recorded against them, and for a while the lads in blue and gold bombarded their opponents goal and sent in shot after shot which, however, went wide of the mark. The Feildians soon returned the compliment, but their shooting also was at fault. The St. Bons now made a determined run down field, when O'Dea, their active forward, sent a beauty right into the net and scored the first goal for St. Bons.

The Feildians now worked with might and main to equalize, but the back division of St. Bons, especially Firth, played a fine game and effectually prevented scoring. Just before the half time whistle sounded the St. Bons had several tries for goal and did not score owing principally to erratic shooting. The teams crossed:—St. Bons, 1 goal; Feildians, nil.

Re-centering the ball the College lads got it up and kept Volsey busy saving for several minutes. Both teams now played a fast game, St. Bons giving a nice exhibition of passing and playing good combination. Some fouls were recorded for both, when Burnham made one of his famous runs up the left wing and centered to Shortall who placed in No. 2.

The Feildians now put on a good spurt, and Vall saved some difficult shots. Soon the College lads dashed up field with the leather, Templeman passed to Shortall and he deftly headed the leather into the twine, scoring the 3rd and last goal for St. Bons. Shortly after the game closed, St. Bons, 3 goals; Feildians, nil.

Mr. W. J. Higgins refereed.

Football Possibilities.

The result of last night's football match gives St. Bons' team the second place in the series. To-night's match is between the Stars and Casuals. If the Casuals make a draw of this game the St. Bons and Stars are equal on points and must play off for the championship. Should the Casuals beat the Star team St. Bons will take first place and the championship cup. The St. Bons are a hard working team and their record this season is an excellent one. To-night's match should therefore draw a big crowd.

Portugal Cove Tragedy

The tragedy enacted at Portugal Cove yesterday forenoon was a sad affair indeed. Edwin Miller, the unfortunate man who took his own life, was well known here and almost daily drove passengers from the Cove to St. John's. For some time past his mind has been affected and he seemed to suffer from melancholia. The man yesterday shortly after 11 o'clock left his house and going to the barn near climbed up to the loft. There he cut his throat from ear to ear with a sharp scythe with which he had been cutting hay. His wife, who happened to go into the barn shortly after, was horrified to notice blood flowing through the seams of the floor above and falling to the boards below. She then heard the moans of pain coming from her husband, and calling his brother the man found the unfortunate lying in a pool of blood which issued from the awful gash in the throat, while the implement which had inflicted the injury lay near his feet. As stated by the Telegram yesterday, Dr. Chaplin was quickly at his side but saw that the case was a hopeless one and that death was inevitable and it came quickly. Judge Conroy with Supt. Grimes and Sgt. Byrne went to the scene yesterday afternoon, viewed the remains and fully investigated the case, after which the body was taken charge of by the relatives. The poor wife and children are distracted with grief.

Got Canada Pulpwood.

Ashland, Wis., July 25.—The first raft of pulpwood to be towed from a Canadian port across Lake Superior, comprising about 3,000 cords of spruce pulpwood, reached Ashland today. The pulpwood was cut on Pie Island Bays, fifty miles or more east of Port Arthur. American capital is behind the move. There is no duty on pulpwood.

The value of the raft arriving today was about \$20,000 in Canada, and the raft reached Ashland with less than 25 per cent. loss.

NO LOG ROLLING RACE.—Yesterday afternoon Treasurer J. P. Crotty of the Regatta Committee had a letter from Bishop's Falls saying that the "drive" there would not be over for some time to come and consequently the log rolling feature prospect for this year's Regatta cannot come off. Would not the old-time greasy pole be an amusing substitute?
