WOOL FOR COMFORT

Carefully Note the following Facts:

WOOL FOR HEALTH.

We have in stock Newfoundland and Canadian wools, Australian and New Zealand wools, English and Scotch wools, South American wools.

From these an expert blends such mixtures as produce the perfection of woolen underwear. Our mill is, and will be, the greatest sanatorium in Newfoundland.

Underwear made from cotton waste and the sweepings of big cotton mills is not fit to wear. Yet it is imported into this Colony at a cost of about \$3.00 a dozen and retailed to people who do not stop to think.

Robust health makes a progressive country. Children well-fed, well-clothed, with all-wool material, and tucked up at night with all-wool blankets, live to a vigorous old age and do not die of consumption.

The principal "woolen" goods on the market contain from ten to twenty per cent of wool, the balance is cheap cotton and waste. These goods are sold as ALL WOOL but you cannot detect the fraud unless you are an expert.
