

This is a Year of Prosperity

RE YOU GETTING YOUR SHARE.

Skimping and saving might be a pretty good policy, but you'll agree that it is mighty poor fun. The only that waits for "the seven lean years" has seven lean years while it waits.

Of course, you have gotten your share of prosperity but have you gotten your share of fun?

This paper is just filled with the diversions of beautiful dresses, suits, and of coats and furs. Have you gotten your share?

The shoe stores are advertising their new winter fashions and showing you new styles that will make your feet attractive as well as warm. Have you gotten your share?

The hosiery and underwear is pretty enough to be worn outside his year instead of in. Have you gotten your share?

The warm little hoods and coats and dresses together with a score of other comforts are asking you to let them protect the little ones. Have the children gotten their share?

Xmas is coming along with its brimming measure of good will and its big heart of gratitude. Will you have new china on your table and a new table to put it on. The prosperity of every family should first be reflected in its home. Is your home getting its share?

There is no country in the world to which the sun and the rain have been more kind this year than to our Island. And to all of us has come some measure of this good wealth.

So let us cash in now at the bank of happiness. Let us waylay this prosperity as it comes and take a robber's toll of the pleasure in its fat old purse.

Turn to the advertising in this paper. Pick out those things you have wanted so much to have. Gratify your pleasures, supply some things more than your rigorous needs, give rein to a few big wholesome, natural desires and you won't feel that life has been wasted at the end of your years.

Turn to this advertising now. Read every ad, big and small, and get something out of these pages for yourself, for your family and your home.

Presentation.

Rev. W. W. Clarkson, Rector of Grand Falls parish for the past two years, left for Trinity, his new mission, last week. The rev. gentleman during his stay here has made many friends and general regret is felt that he is leaving, and Trinity Mission is to be congratulated on securing the services of a good church worker and splendid preacher. On Thursday evening a number of his parishioners waited on him at the Rectory, and presented him with an address and a well filled purse, as a small token of the great esteem in which he is held. Mr. Clarkson was at a suitable reply expressed his thanks for the kind words and gift, showing his appreciation of this kindness. After expressing his regret at severing his connection with the many friends in this parish, he wished them every prosperity and would long remember the great kindness shown him by the people of Grand Falls. As the address and reply will appear in the Diocesan Magazine we will not publish it here. Many of the people were at the train to wish the rev. gentleman good-bye, and we hope, although working in another part of the Vineyard, that some times our popular priest will find time to visit his friends here, where he will be always sure of a hearty welcome. Grand Falls, Nov. 5th, 1912.

LADIES ENTERTAINED.—The ladies who assisted the British Society in their social gatherings during the year were last night entertained by the officers in the Hall. A very enjoyable dance was in order after which refreshments were served and an impromptu concert given. After this dancing continued till 2 a.m. President W. Goodland presided at the affair which was heartily enjoyed.

Erik Returns.

The S. S. Erik, Capt. W. Bartlett, arrived back from her northern mission, which occupied three months, at 4.30 yesterday afternoon. Leaving here August 10th, the Erik went to Indian Harbor, Indian Tickle and Blanc Sablon with supplies for the fisheries at each place. She then went to Lance-au-Loop where Messrs. Reed and McMartin, two timber experts joined her. They had been brought there from Quebec, but their ship had met with mishap. The party were on their way north to Mud Lake, 100 miles beyond Rigolet, where they have timber limits. The Erik brought the prospectors to their destination, where weather conditions were very adverse. The party remained a fortnight and the ship waited for them taking them back to Sydney where she loaded coal for Fogo, after unloading there she was chartered by the Government to return to the Labrador coast and bring home all the remaining fishermen that were there. Going north the Erik called at Sloop Cove, Ragged Islands and Meccovick taking aboard crews including the wrecked men who lost their ship and cargo of fish at Meccovick. Coming south she called at White Pine Bay and Battle Harbor where she replenished her bunkers. She then proceeded to Carbonear, the run being made in a day and a half. All the crews for Conception Bay points were landed. The Erik brought along as cargo over two thousand quintals of cured fish.

On Second Thought.

Upset Stomach and Indigestion

Heartburn, Gas, Sourness or Dyspepsia ended in five minutes with "Pape's Diapiesin."

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapiesin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain remedy in the whole world and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know it is needless to have a bad stomach.

Please, for your sake, get a large fifty-cent case of Pape's Diapiesin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Diapiesin belongs in your home anyway. It should be kept handy, should one of the family eat something which doesn't agree with them or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night it is there to give the quickest, surest relief known.

New Settlers for Maher's.

At Maher's a large new saw mill is now almost finished. It was built by Mr. Newworthy and contains saws for heading, shingles, lumber and a matcher. It is 40 by 60 feet and the owner will have about 600 men in the woods logging this winter. Since the early summer a number of families have settled at this place, have taken up land, part of which they have cleared and which they say is as fertile as any land that can be located in the country. Messrs. Phalen, Mahoney, Quinn, O'Toole and others have already erected comfortable huts and this summer grew fine crops of cabbages, potatoes, turnips, carrots, parsnips, hay, etc. They will be followed by others who recognize the great qualities of the land, and the possibilities to carve out for themselves a comfortable subsistence. The people intend to ask the Government to add them in building up the settlement. A main road is badly required to run from Hodge-water to the Cat Hills to connect with the Avondale Road. If this is granted then a populous centre Maher's must become in a few years.

C.L.B. Outing.

A Company (Bishop Field College) Church Lads Brigade left here by special train yesterday afternoon and proceeded to Donovan's where they held their annual outing kindly afforded them by Hon. E. R. Bowring. In the afternoon the lads had sports of various kinds and an excellent dinner was served at 5 p.m. A toast list gone through which elicited some good speeches and the health of Mr. Bowring was heartily honoured. The lads who enjoyed themselves thoroughly returned to the city at 11.50 last night.

It is strong and powerful, yet so easily understood that any ten year old boy can run it.—nov7,1f

Fell Fifty Feet to Death

St. John, Nov. 3.—Falling forty feet through a hatchway in the Opera House, Bernard Cribb, aged 23, an employee of the Standard newspaper, was fatally injured soon after midnight on Saturday, and died to-night in the Public Hospital.

The young man was leaving the building and groping his way in the darkness fell headlong through the hatch, and falling into H. N. Demille & Co's. store, severely fractured his skull. Mr. Demille was in the store, heard the crash and found the man unconscious. He was immediately rushed to the Hospital.

Cribb is a native of Chatham. This is the second fatality that has occurred through the same hatch. Dr. George Hetherington being killed there a few years ago. An inquest will probably be held. Cribb was a well known ball player and runner.

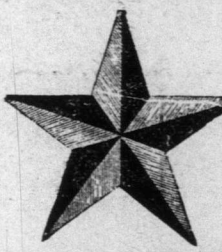

Miraculous Escape.

Windsor, Ont., Nov. 4.—Murray McQueen, eldest son of D. J. McQueen, local agent for the Michigan Central Railway here, has experienced all the sensations of a death by electrocution, and he is still alive to tell of it.

For the fraction of a second a current of 2,500 volts of electricity passed through McQueen's body—700 more than is used in the death chamber at Sing Sing. Then the circuit was forcibly broken as the young man fell from the ladder on which he was perched to the concrete floor, a distance of 15 feet. It was the fall which saved him from swift and certain death. This morning young McQueen, looking wan and pale, and exhibiting traces of the fearful experience he had undergone, left his bed for the first time since he was carried there in a death-like trance on October 23.

His right arm has turned quite black from the shoulder to the wrist, while just below the right knee, where the deadly current emerged from his body, there is a round hole in the flesh as large as a twenty-five cent piece.

MOTHERS! DO YOU KNOW—

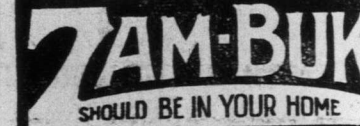

That when you put a salve onto your child's skin, it passes through the pores and enters the blood, just as surely as if you put it into the child's stomach?

You would not put a coarse mass of animal fat, colored by various mineral poisons (such as many crude salves are) into your child's blood by way of the stomach? Then why do so by way of the pores?

Take no risk. Use always the pure herbal essence provided in Zam-Buk. Zam-Buk contains no trace of any animal oil or fat, and no poisonous mineral coloring matter. From start to finish it is purely herbal.

It will heal sores, ulcers, abscesses, eruptions, varicose ulcers, cuts, burns and bruises more quickly than any other known preparation. It is a quick stop to the smarting of a sore or cut, cures piles, inflamed sores and blood-poisoning. It is a combination of healing power and scientific purity. Ask those who have provided it.

WATERFRONT LARCENY.—Yesterday evening another "barney" of money occurred on board of a craft moored at one of the city wharves. The sum taken was a considerable one and the owner has not the slightest idea of who the culprit might be.

SEVENTY-TWO PRISONERS.—Up to Wednesday last there were 72 prisoners serving terms of either long or short duration in the Penitentiary. There are 64 males and 8 females, and this number is in excess of capacity of the institution at this date.

TALENTED LADY COMING.—Miss Tillotson, of Hawaii, an eloquentist of note will on Monday next give an entertainment in the College Hall, in aid of missions. She will be supported by local talent, and an enjoyable evening is assured those who will attend.

VESSEL DELAYED.—Two seamen of the bark, Clutha, deserted her on Wednesday and delayed the vessel which was ready to sail for Brazil. They were arrested by the police yesterday and put on board. Desertions from vessels timed to sail for market are causing loss and annoyance to owners.

ONE FIVE DOLLAR GOLD PIECE will be given for one loaf of Bread at the St. Bon's Bazaar on Wednesday, Thursday and Friday. Bring along a loaf with you on any day of the Fair. On Friday, at 5 p.m., your loaf with the others will be judged by two competent bakers, and a \$5 gold piece awarded the maker of best loaf. The only condition of the contest is that WHITE SWAN YEAST Cakes must be used.—nov8,2f

In the fracas which occurred at Bishop & Sons premises, Wednesday, a cousin of one of the contestants tried to make peace and received a crushing blow in the face from the hands of his relative. In falling the man's head struck a step leading to the store and he was unconscious for 15 minutes. He narrowly escaped being killed.

Yesterday at dark Const. Greene found two little tot a girl and boy, aged 3 and 4 years, respectively, wandering around New Gower Street. One of them fell at the foot of Sheehan's Statue, and but for the promptness of the driver of a cart in reining in would have been killed by a horse and cart passing. The children were brought to the Western Station where their mother later found them.
