THE FINISHING TOUCH TO A DINING TABLE Holmes & Edwards' FLATWARE.

Into each piece of "Holmes & Edwards'" Flatware
goes Intelligence, Artistry and Skill. Behind each
piece is the Fixed Purpose that the Goods shall be
Superior in Design, Quality, Materials and Workman-
ship, and amply fill that elusive craving for

"SOMETHING DIFFERENT."

D. A. McRae

To Whom It May Concern:

DEAR MADAM,—
Many diseases have been caused by unsanitary
methods of handling linen. Have you ever considered
how your linen is being treated in this respect? We
take... care that linen entrusted to us is made Clean,
Pure and Wholesome.

We use only the strictest sanitary methods. Our
work is done by careful and efficient employees and
our soaps and other ingredients are the purest made.

THE PRICE IS 10 CENTS A POUND.

Give us a trial, you'll not regret it.

BURT & LAWRENCE.
14 NEW GOWER STREET.

Harbor Grace Notes.

Schooner "Medina A." Captain R. Nolan, which arrived here on Saturday the 14 inst., with a load of lumber, etc., from Messrs. L. H. Simmons & Sons, Colinet, to Mr. E. Simmons, left port again on the 21st inst., for St. John's, having discharged her cargo.

Messrs. R. D. McKee & Sons schooner "Kestrel" went on dock on Wednesday last and came off again the following day.

Messrs. Munro & Co's schooner "Oliven," Captain Burden, has been loading fish for market at Mr. E. Simmons' wharf during the past few days. She goes to Carbonear shortly, where she will finish loading by Mr. Moore of that place.

Mr. Willis Nichols, son of the late Thomas Nichols came to town last week and is registered at LeDrew's Hotel. Mr. Nichols holds an important position with the A.N.D. Co. of Grand Falls. His father passed away during the past winter and his son is now here in connection with his estate and will be remaining for a little time longer.

The Sons of England Society paraded to St. Paul's Church on Sunday last and attended Divine Service. The Rev. W. R. J. Higgin delivered a very appropriate sermon in his usual fine way.

Schooner "Elle May Petite," owned by Mr. J. Pettit, arrived in port on Sunday morning and will go on dock at the earliest possible moment.

Rev. Joseph Joyce of Carbonear occupied the pulpit of the Methodist Church here on Sunday, both at the morning and evening service. Mr. Joyce is one of Newfoundland's most brilliant ecclesiastical scholars and recently arrived from Newport, Mass., U.S.A. We understand he has accepted a call to Wesley Church, St. John's.

Mr. M. Mackey's schooner "Nellie M." went on dock on Friday last and came off again on Saturday.

E. Simmons' schooner "Dorothy," Captain J. Shagaree, left port on Friday last for Lady Cove, T.B.

To-day being Empire Day, it is observed in town as a general holiday. The trouters and all others who had contemplated a good day's sport must be a wee bit disappointed, as the weather man has given us not at all the kind of day that had been hoped for.

May 24, 1921.

Challenge Issued and Accepted.

BLUENOSE AND MAYFLOWER MAY RACE TO BRAZIL AND BACK.

Halifax, May 21.—The challenge of Roy W. Pidgeon, of the schooner Mayflower Corporation, of Boston, for an ocean race with the Nova Scotia schooner Bluenose, issued some days ago when the Mayflower was charged with loading along the coast, and the Bluenose was on the Banks, has been accepted by Captain Angus Walters of the Lunenburg schooner. In a letter in which he expressed his confidence in his charge and the following wire has been despatched to Mr. Pidgeon:

"We have a message from Captain Angus Walters, of Nova Scotia—built schooner Bluenose, requesting us on his behalf to accept your challenge for an ocean race next winter from a port in Newfoundland to Brazil, on the understanding that you and your associates will put up a purse sufficiently attractive, and that each vessel will carry back to Newfoundland or Nova Scotia a cargo of salt. Please let the undersigned know at your earliest convenience amount of purse and if same is satisfactory, details will be promptly arranged.—W. H. Dennis, The Halifax Herald."

In the letter accepting the challenge, Capt. Walters says: "I will certainly accept the challenge—all that is needed is for Mr. Pidgeon to make the purse worth while. He can make the port as far south as he likes and back to Nova Scotia or Newfoundland with a cargo of salt. I am certain the owners of the Bluenose will profit by the trip, for the purse will certainly come to Nova Scotia. I am delighted with the Bluenose, who is not only a good fishing vessel, but is entirely satisfactory as regards sailing qualities and stands up well riding out a gale on the Banks. I have not come across any vessel on the Banks we could not easily outdistance."

FREEZONE Corns Lift Off with Fingers

Drop a little "Freezone" on an itching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. It doesn't hurt a bit.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without a particle of pain.

Daughters of Empire Dance.

The dance held by the Daughters of the Empire in the C.C.C. Hall on Monday night was a great social success. The C.C.C. Band under Capt. A. Bailey provided the music, and proved to be in excellent form, every selection being encored several times. The catering was looked after by members of the Empire, an excellent buffet supper being provided. Dancing, which was commenced at 9 p.m., continued until nearly 2 a.m. when the National Anthem brought the affair to a close.

Stafford's Prescription "A" will cure that uncomfortable feeling caused by indigestion and Dyspepsia. Price 35 and 70c. Postage 10 and 20c. extra.—24, f.

Homesteader Jno. W. Black is Happy Over Fine Result

Says He is in Such Fine Shape
Now Hard Work is a Pleasure.

"Since Tanlac has helped me so much I just want to be praising it all the time," said J. W. Black, well known homesteader, residing at Elkhorn, Man. "I had in three years ago and never did get back to myself until I got Tanlac. At times I could hardly eat anything and many days it was all I could do to stay on the job until quitting time. I finally gave up the indoor work I was doing, and took up homesteading, thinking the open air exercise would help me. But I soon found myself in even a worse fix than before. I got so I couldn't eat anything without suffering, and my appetite got so poor I just had to force down what little I did eat. I was weak as a kitten, could scarcely walk around, and nights I hardly got a wink of sleep."

"My wife kept after me to try Tanlac, and as I was in such bad shape, I got a bottle. After taking two bottles I was much stronger, for my appetite had come back and my food was agreeing with me. I've taken five bottles now, am eating three good meals every day, and am in such fine shape work is really a pleasure to me. Tanlac certainly does any medicine I ever saw or heard of, and I'm glad to say a good word for it."

Remember Your Alma Mater.

As will be seen by the advertising of the last few days a grand concert and dance will be held in the C.C.C. Hall to-morrow night in aid of the Mercy Convent School equipment. This is a very worthy cause, as the good work the Mercy Convent has done for many years has earned for the good Nuns the well deserved recognition of educators; and their pupils hold responsible positions throughout the country. The object of the present campaign is to fit out the preparatory class-room in a manner that will do better work and give more efficient returns, and it is hoped that all who can attend will be present at the concert and dance to-morrow night.

Minister of Public Works, Attention!

Editor Evening Telegram.
Dear Sir.—Kindly allow me space in your highly esteemed paper to make a few remarks concerning a washout which took place here during the last rainfall. There were about fifteen barrels of seed-potatoes destroyed, owing to the flood turning in on the gardens. And always a Government wharf for that purpose, viz. to keep the flood from running over our land, and as the wharf has been carried away, we have had to put up with protection against the damages that arise from constant floods. The wharf had been built about fifteen years, and there never had been a log of any kind put towards its repair. Anyway, we would like the Government to do something in the matter. Everyone in this place is interested in this affair. The people hardly have any means to replace their loss. I am, sir, Yours very truly,

THOMAS J. TOBIN.

Dominion Steel Plant Closed Down.

1500 MEN AT SYDNEY IDLE.
Sydney, May 20.—A complete shut down of the entire plant of the Dominion Iron & Steel Co. at Sydney, with the exception of the coke ovens and blast furnace, took place this morning and something like 1500 workmen are now out of employment.

The employees were notified yesterday afternoon that beginning this morning every department of the big plant with the exceptions mentioned above, would cease operation for a time at least. It was stated that there might be a partial resumption of operations commencing next Wednesday, but the date of re-opening will, it is said, depend largely on circumstances.

The open hearth and blooming mills departments were closed last Saturday for repairs, and it will probably be a week or so before the big engine in the blooming mill will be ready to resume operations.

The shut down of the plant to-day, throwing over 1500 men out of employment, is causing a good deal of speculation among the workmen, as to the Company's real object. Some profess to believe that it is a matter of intimidating the employees into accepting the proposed wage cut of ten per cent. in order that the corporation may be enabled to secure the big rail contract from the government, while others again are inclined to think the shut down is to be of a short duration and was made necessary by the necessity of making repairs in the various departments.

20 p.c. off Special 20 p.c. off Camera Notice

Dating from to-day, all cameras at the Kodak Store, regardless of special features contained in many of them, will be subject to a 20 p.c. reduction until further notice.

LONDON, NEW YORK and PARIS ASSOC. OF FASHION

Grace Building, St. John's, N.F.

Single Paper

Costs \$5,000.

The Press, like other institutions in these hard days, is having a lean time, says Robert Blatchford in the London, Eng., Sunday Chronicle. Cost of production is trying the

strongest. Many old-established and reputable papers are closing down. And it is a curious fact that readers, who will pay 1s. or 2s. 6d., or 7s. 6d. for a novel (and seldom get a good novel), will grumble at 3d. for a first-rate newspaper simply because they have been used to getting the paper for 1d.

I suppose a single copy of a 2d. (4 cents) paper costs at least £1,000. Why should one expect a first-rate newspaper for 1d. when a second-rate one costs from 5s. to 7s. (5,000). It is with newspapers as it is with many other articles of sale; the price has become anomalous. I often wonder how the amazing contract in payment and prices came to be established. A novel stand to hold fiction is equipped with two belts, one which rings when a fish nibbles and the other if it takes a bite.
