Ottawa, Nov. 15 .- Local medical men. in common with their brethren in all parts of the country, have always maintained that Bright's disease is incurable, and that all that can be done for the victims of that disease is to ease their journey to the grave. There are thousands of Canadians, however, who know that this opinion is wrong. Among them is W. #### GREATER NEW YORK.

A Movement to Ear Santa Claus Out of the Churches.

New York, Nov. 20.-Greater New York is to have a hall of education, to cost something like half a million dollars. The project has been dragged along for nine years. It is to be used exclusively by the board of education, which now rents quarters on the outside from time to time.

Seven babies are now sheltered in the glass houses in the novel hospital at Fifth avenue and Eighteenth street. but the star of the infantile aggregation is a colored mite weighing less than three pounds. It is called the "rubber doll," and the tots who go there with mammas grow tearful because it isn't for sale. This life-saving plant draws well, but it isn't quite clear why mothers take such a delight in dragging children thither. The aquarium ought to satisfy the inquisitive little folk.

There's a movement on foot here to bar Santa Claus out of the churches. Dr. John Hall has barred him from his church, but will admit him to the Sunday school room. The pastor of the Park Memorial agrees with Dr. Hall, but says the idea of Santa Claus is an integral part of the Christmas observance. Rev. S. Parks Cadman, of going to obliterate the children's patron saint and substitute manger exercises. Rev. D. J. McMillan sees no Christmas should be a purely religi-"pagan" about St. Nick, as his detractors allege, but he has an army to defend him, and if i.e is barred out of the churches he will find the home doors and chimneys galore wide open

THE ZIONIST MOVEMENT. Vienna, Nov. 19 .- The Zionist journal, Die Welt, announces that a decision has been arrived at to put into effect the scheme of the recent Zionist Congress, held at Basle, Switzerland, to establish a bank to assist the Jews in Palestine or those emigrating thither. The seat of the bank will be in London, and will have a capital of \$10,000,000, divided into shares of \$5 OPPOSED TO TARIFF CONCES-

THE KAISER WANTS HIS WAY. Berlin, Nov. 19.-The kaiser has de-Riced to open the coming session of the Reichstag on Nov. 30 in person, by reading the speech from the throne himself, insteady of deputizing the chancellor to deliver it, as is customary. The emperor hopes, by taking this course, to emphasize and make impressize the passage to the Reichstag of Germany's naval policy. He will not submit to a rejection of his plans, as was the case at the last session, and if the measures he has in view for the augmentation of the German navy are again rejected there is no doubt that the Reichstag will be summarily dissolved.

ANOTHER RUSSIAN NOTE TO THE PORTE

Constantinople, Nov. 20.-The officials of the Russian embassy yesterday sent pointing out that in time of difficulty Russia abstained from urging the payment of the war debt due her by Tur-key, but, the note added, now that the Government of Turkey had decided upon fresh armaments which are not warranted by the present situation, Russia demands a portion of the arrears, on the same grounds that Austria urged the payment of the claims due to the Oriental Railroad, an Auscorporation for transporting Turkish troops during the recent war that nothing has been decided upon concerning the Turkish armaments, at the same time bestowing upon that official the grand cordon of the Osmanli order. It is believed the Turkish Government will not drop its plans for the reorganization of the navy of Turkey, although the officials of the German embassy have been instructed to support the offers of the German firms to reconstruct the fleet and supply the Turkish Government with the necessary arms, ammunition and uniforms

TO COLONIZE MEXICO. London, Nov. 20.—A syndicate com-posed of some of the wealthiest men in the old world has been organized to colonize Mexico. Vast concessions have been given to the syndicate, which also assumes a large block of the public debt, explained in the Mexican government organ, El Mundo, which says that the contract has been signed between Limantour, secretary of finance, and an English company.

It is stated that this syndicate undertakes to place in various portions of Mexico within the next 25 years a round million of European colonists. The details given are incomplete and rather mystifying, but they are believed, as the article appears in the government organ. The company which has the transaction in hand was organized in England. Rothschilds is active president.

It guarantees to take over the public -which debt El Mundo does not state, but presumably some of the later issues, amounting to about \$110,000.000and as a guarantee of good faith will deposit \$1,000,000 with the London bank of this city. The government on its part agrees to turn over 331/2 per cent of all receipts to the foreign syndicate. It also agrees to pay \$100 for each family located as colonists, and to withdraw all the public lands from the market, giving the new syndicate the exclusive use of the government lands for colonization.

The government also agrees to defray 35 per cent of the cost of any public buildings erected in any of the colonie the plans for the same having previousbeen approved by the government. to be submitted to his principals.

#### UPSET IN URUGUAY.

The President Called Upon to Resign -Minister of the Interior Shot.

Montevideo, Nov. 20.-The city is in a panic over the report that Miguel Herrera y Obes, minister of the in-terior and of justice in the Borda Cabinet, has been shot with a revolver. In the Chamber, Dr. Herrera y Obes made a violent attack upon Senor Cuestas, who assumed the presidency of the republic ad interim on the assassination of Senor J. Idiarte Norda, who was shot by Arredondo during the national fete on Aug. 25 last. On Sept. 20 Senor Cuestas issued a declaration of policy, premising to con-duct the administration with strict economy, to purge the public departments, especially the department of companied by general delibity, and tried various remedies for the same, but without deriving much benefit, undepartment of customs would yield at least 5,000,000 francs monthly. Fatal Outcome of a Texas Duel - One Man Dead Two Fatally Shot-Engineer Shoots His Crazy Fireman.

Waco, Texas, Nov. 20 .- J. W. Harris, editor of the Waco Times-Herald, a morning paper, and W. A. Harris, his brother, on one side, and Judge G. B. Gerald, a prominent citizen, fought a duel to the death on the street last night at 5 o'clock. W. A. Harris was shot dead, J. W. Harris was wounded fatally, and Gerald was shot in the

side, and may die. Gerald was ex-county judge, and one of Waco's most prominent citizens. He had written a bitter criticism on Baylor University, with reference to the recent mobbing of W. C. Brann, and had filed it with Editor Harris for publication. Afterwards he asked to have his manuscript returned, and became incensed at the editor's delay in complying. Bad feeling resulted, and when Judge Gerald was crossing the street, Editor Harris came out of a drug store and opened fire. Gerald immediately drew his revolver and returned the fire.

Hearing the shooting W. A. Harris came upon the scene and took a hand in the fusillade, shooting Gerald. Gerald pursued him into the drug store, shooting as he ran. Harris fell to the floor with the words "You shot me in the back." Gerald emptied the remaining loads in his weapon into the prostrate form of his victim, killing him on the spot. A little negro boy who stood near was shot in the leg by a stray bullet. Editor Harris was carried into the drug store by friends. He was paralyzed, and his windpipe had been severed by a bullet, which injured his spinal column. He was removed to his home, but cannot live. Birmingham. Ala., Nov. 20.-On train No. 25, south-bound, late last night, on the Louisville and Nashville Railroad, Fireman Wiley Craig, a negro, crazed by drink, attacked Engineer P. Bishop, white, while the train was moving at the rate of 30 miles an hour. The negro used knife and revolver. After a desperate and thrilling struggle on the floor of the cab, Bishop drew his own revolver and shooting the fireman through the heart.

a second note to the Turkish embassy, Terrible Experience of Shipwrecked Samoans-Adrift in Cpen Boat

for 60 Days. San Francisco, Nov. 20.-From Auckland comes a story of the terrible experiences of 24 shipwrecked Samoans. The party left the Island of Tutulia in a large boat for two islands some 60

miles to the eastward. They were blown out of their course and drifted before the wind for 60 days until they made the Island of Namunut, which is about 900 miles in a diwith Greece. In consequence of this communication, the Porte has informed the Russian charge d'affaires boat, one was killed in landing, and some died on shore, leaving only eight survivors. They spread salls to catch rain, which fell heavily, and which they stored in boxes.

Our I's are just as strong as they were fifty years ago, when we have cause to use them. But we have less and less cause to praise ourselves, since others do the praising, and we are more than willing for you to see us through other eyes. This is how we look to S. F. "I have sold Ayer's Sarsaparilla for more than 25 years, both at wholesale and retail, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. I believe Ayer's Sarsaparilla to be the best blood purifier, that has been introduced to the general public." This, from a man who has sold thousands of dozens of Ayer's Sarsaparilla, is strong testimony. But it only echoes popular sentiment the world over, which has, "Nothing but words of praise for Ayer's Sarsaparilla."

#### "BLACKLISTING" DOESN'T DO

Verdict for \$21,666 Against the North-

western Railway Company. Chicago, Nov. 20 .- Frederick R. Ketcham was awarded a verdict of \$21,-666 33 by the jury in Judge Clifford's court yesterday in his suit against the Northwestern Railroad for \$25,000 damages for blacklisting. During the great strike of the American Railway Union Ketcham was employed as a conductor for the Northwestern Railroad. He joined the strikers, and the evidence showed that he attended some of the meetings in the interest of the A. R. U. Since the strike Ketcham claims he has been unable to secure steady employment, owing to the fact that

was blacklisted. He obtained several positions with other roads, but after working a short time was discharged

The trial throughout was a hotlycontested one, and at each session of the court the room was crowded with men who claimed to have been deprived of work in the same manner as the
