The rebel party consists principally of Indians, who have been goaded to rebel by the treatment they have received at the hands of certain Spanish secret societies

AWFUL SLAUGHTER. Constantinople, Sept. 2.-Additional facts concerning the recent massacres are slowly coming to light. It is estimated that 5,000 persons perished, and that scarcely a male Armenian escaped in the Hassin Pasha and Haskoi quarters. Forty-five women and children in the Hassin Pasha quarter sought refuge on the roof of a house where they were discovered, slaughtered and their bodies thrown into the street. It is reported that Jews assisted the Turks in pointing out the homes of Armenians, and it is believed that 300 of the Mussulmans arrested are members of the Young Turks party and not partakers in the massacres,

as the Porte asserts. The foreign diplomats at Constantinople have sent a second note to the Porte calling attention to the con-clusive evidence obtained that the Moslem mob which massacred Armenians was organized with the connivance of certain officials. It is known also that hundreds of ruffians were brought from the Asiatic side of the Bosphorus to take part in the work of murder and rapine, and were sent back to their homes after the bloody work had been finished.

#### THE IRISH CONVENTION.

Canada Does Not Despair for Ireland-

Necessity for United Action. Dublin, Sept. 2.-At yesterday's session of the Irish convention, Dean Harris, of Toronto, said that the Canadian delegates attended the convention at a great personal sacrifice. and he appealed in God's name for unity, adding that when any section of the Irish press charged them Constantinople, Sept. 2.—Quiet now prevails here, and it is hoped that all danger of further liefty aroused an intense outburst of the Irish National Federation; Mr. Foley, of Halifax, N. S.; Mr. Ken-nedy, of New Zealand; Mr. Clancy, was given work by Mr. Hunter. He of Newfoundland, and Mr. Phillips, of Scranton, Pa., spoke in turn, and implored the different Irish factions to unite. All the speakers mentioned dwelt upon the fact that their instructions were not to say a word

against any Irishman. Father Marshall, of Manchester, New Hampshire, said it was a mater of no importance whether Mr. Dillon, Mr. Healy or Mr. Redmond should be chosen the leader of the party, but it was of the utmost importance that one man should rule

with a strong hand.

Rev. Dr. Phillips, of Scranton, Pa., could not agree with Father Marshall that a tyrannical leader was necessary. He hoped that out of this convention would arise a leader whom Ireland could trust. London, Sept. 2.-A dispatch to the Daily Telegraph from Dublin says that to all intents and purposes the Irish

National Convention is over, and the the common opinion is that it has been a complete failure. The morning papers speak of the convention at Dublin as seems likely to assume the form of a melancholy wake over the corpse of Irish parlia-mentary agitation. The Healyite-Par-nellite section, despite the Pope's prayer for the end of dissension, still hold aloof, thus widening the breach which it was the convention's object to close. The amendments to be proposed today suggesting a con-ference of representatives of the different sections of the party, even if passed, will lead to no practical result. It is understood that Dillon and

#### THE KAISER REBUKED.

His Mother Takes Him to Task for Slighting One of His Sisters.

Berlin, Sept. 1.-There are whispers that the Empress Frederick has written to the Kaiser, rebuking him for ignoring the visit to Germany of the Duke and Duchess Sparta, the latter, the Emperor's sister, who have recently been staying with the latter's mother, Empress Frederick, at Kronberg. The Emper-or quarreled with his sister over her conversion to the Greek Church upon the occasion of her marriage to the heir to the Greek throne, and has since given the cold shoulder to her and her husband.

Mrs. Jarvis, of Wreay Street, Also Injured-Scene of Excitement at a Polling Booth.

A serious runaway accident occurred this morning about 10:30, resulting in the injury of Mrs. Jarvis, of Wreay street, South London, and a young man who is working for Wm. Hunter, liveryman.

The scene of the accident was on Bruce street, in front of the polling booth near Cathcart street, where voting was in progress on the sewerage bylaw.

Mrs. Jarvis had just cast her vote, and had got into the wagonette to return home. She had her little girl with her, and Mr. Harry Gardiner was Five Persons Imprisoned by the also in the rig, which was driven by a young Englishman, whose name was not known even to his employer. When turning around, the driver evidently thought the carriage had a hack gearing, and turned very short; but the wheels caught, causing an upset. Mrs. Jarvis received a scalp wound and

bruised arm in the fall. The driver fell over the dashboard and was dragged about two hundred feet at the horse's heels. He was bruised and scraped from head to foot, but no bones appear to have been broken. The other occupants of the rig were not hurt.

The horses became frightened when the rig turned over, and started off, dragging it on its side. Mr. Wm. Westcott was outside of the polling booth at the time, and dashed after the team. He made one of the pluckiest stops ever seen. He succeeded in catching a rein, and, though in great danger of being thrown down and trampled to death, he held on, and without doubt saved the life of the driver. When the unconscious young man was extricated from his dangerous position he was placed in a buggy, and taken to Hunter's sta-Mrs. Jarvis was driven home. The injured people were attended by

Flames and Burnt to Death.

Tignish, P. E. I., Suffers to the Extent of \$100,000.

Special to The Advertiser. Vankleek Hill, Ont., Sept. 2.-Last night the Commercial Hotel here was burned to the ground. The fire made such rapid headway as to cut off the escape of Mary Louise Yandeau, Christy Villeneuve, Josephine Deschamps, Mrs. T. Finn and Miss K. McLeod, all of whom were burned to death.

All efforts to rescue the unfortunate people were thwarted by the intense heat, and the flames, which drove the firemen back, while the doomed inmates cried piteously for help.

It was with difficulty that the main street was saved from destruction, and only the heroic work of the firemen and citizens prevented the further spread of the fire. The building, which was owned by George Constantineau, was valued at \$10,000, and insured for \$4,500.

Halifax, N. S. Sept. 2. — The town of Tignish, P. E. I., is reported to have been almost wiped out by fire. Six or seven blocks, including nearly all the principal places of business, were destroyed. The loss is heavy. The properties destroyed included J. H.
