Ladies' and Children's Cotton Undervests, with or without sleeves,

From 5c Up.

The City Council

Holds a Brief and Business-Like Session.

Ald. Marshall Takes His Seat and Is Applauded.

A Bicycle for the Engineer—The Mechanics Institute Ready to Hand Over Its Books—A Batch of Communications.

The aldermen hadn't a great deal of work to do at last night's council meeting, and they didn't waste any time. The session was ended by 9 o'clock. Ald. John Marshall, No. 6 ward, took his seat for the first time and was heartily applauded.

COMMUNICATIONS.

W. J. Harvey, secretary of the London Public Library Board, late the Mechanics' Institute, wrote inclosing a petition of the board which asked the City Council to take over the property, books and papers of the institute. Mr. Harvey called the council's attention to the board's recommendation that Miss Grey be retained as assistant librarian of the free library. The salary of the Mechanics' Institute librarian and the rent were paid until Aug. 1. A balance of \$659.10 would be handed over to the new board.

Other communications were received and referred or granted as follows: Henry Wallace—Asking damages for injuries sustained while working in a city sewer. No. 1. Thomas Garside—Complaining of the Elmwood avenue sewer creating a nuisance on his premises. No. 2. London Foundry Company—Complaining of the nuisance caused by the exit of the King street sewer. No. 2. Robert McLean—Stating that it was necessary to enforce the fire limits by-law in order to retain the present insurance rate of the city. No. 3.

W. Richards—For use of the Agricultural Hall, Queen's Park, July 4, for Court Robin Hood. A. O. F., for ice cream social. Granted.

R. D. A. Hillier—For free use of the Horticultural Hall at Queen's Park on July 12. Granted.

Rev. W. T. Hill—Thanking council for free use of City Hall for St. John's Church bazaar. Filed.

Louisa Ward—For remission of taxes on Salvation Army Rescue Home. No. 1. Edward Cavanagh—For remission of taxes. No. 1.

Alex. Harvey—For reduction of water rates for Dominion Steam Laundry. No. 1.

Reeve Macdonald, London West—stating that steps had been taken to enforce the judgment against the city for polluting the Thames. The reverend said that the village did not want to act in a hostile manner, and suggested that a conference be held with a view to settlement. No. 1.

A. O. Graydon—Asking instructions as to whether he should prosecute Walter Melbourne for erecting a frame building at the corner of Pall Mall and Richmond streets contrary to the fire limits by-law.

Thomas A. Browne—Asking for a supply of hose for the Main Building during Western Fair days to guard against fire. No. 3.

G. N. Gaden—Recommending the use of the Aurora light.

BOARD OF WORKS.

Ald. Parnell presented the report of No. 2 committee, as follows:

1. Recommending that the petitions of A. Gunn et al. and John Fraser et al., against macadamizing Waterloo and Colborne streets respectively, between King street and Queen's avenue, be granted.

2. That as the duties of the engineer extend over the whole city, and necessitate a large amount of travel, your committee recommends that a bicycle be purchased for his use to economize time.

3. That it be suggested to the water commissioners, as it is proposed to construct permanent pavement on portions of Dundas and Richmond streets, the advisability of placing separate mains on these thoroughfares to provide for the possible necessity of supplying water for street watering, lawn sprinkling, railways, etc., to act independent of water supplied for domestic purposes.

The first clause passed.

The bicycle clause was objected to by Ald. Dreaney, who thought the engineer should buy his own wheel.

Ald. Parnell explained that the engineer would be very busy in the next few months, and he would save a great deal of time and be able to do much more work with the aid of a bicycle. The engineer had asked for it and he would keep it in repair.

Ald. Carothers asked the bicycle built for two? (Laughter.)

The clause passed.

THE FINANCE COMMITTEE.

Ald. Brener, acting chairman, presented the report of No. 1 committee, as follows:

1. Your committee recommend no action re amalgamation of tax collectors' and treasurer's offices. 2. That the account of Dr. Bayley (\$5) for attendance on firemen be paid. 3. That the account of E. H. Keating (\$162) be passed for payment. 4. That the petition of Mrs. Radcliffe be filed, your committee having no power. 5. Your committee begs to submit proposed by-laws to borrow certain moneys from the City of Montreal to meet present expenditure and re granting the use of Railway street to the London Street Railway Company.

Ald. Parnell wished clause 1 referred back for reconsideration. If it were not passed now it would be later on, as the people would demand a reformation in the tax collecting office. Toronto had the proposed system, and he had letters from ex-Mayor Fleming and Mayor Kennedy stating that the reform had effected a great saving there.

Ald. Powell—If I thought Ald. Parnell was actuated solely by love to the city I would consider his motion, but I think he is actuated by far different ideas, and—

The Mayor—Order! Ald. Powell. It is wrong to impute unjust motives to Ald. Parnell in this chamber.

Ald. Parnell asked for an apology. Ald. Powell said if he had said anything wrong he would recall it. He thought No. 1 committee were striving to serve the city's interests in this matter.

Ald. Marshall elicited from Ald. Armstrong the information that special legislation would be required to effect the amalgamation of the two offices.

Ald. Parnell's motion was lost by 9 to 6 the mover and Ald. Brener, Wm. and John Heaman, O'Meara and Nutkin voting yea. The balance of the report passed.

THE NEW MEMBER PLACED.

On motion of Ald. Parnell, seconded by Ald. Marshall, Ald. J. M. McCullum was appointed to take ex-Ald. McCullum's

place on No. 1 committee for the balance of 1895.

BYLAWS.

A number of important bylaws were read. The bylaw to raise \$34,000 in debentures for public school improvements was referred back. School Trustees Grifflin was invited to speak, and opposed the bylaw. He said that \$8,000 or \$9,000 in the south end and \$15,000 in the north end was not needed. It would be a matter of only a few months when they would be called upon to issue debentures for \$20,000 or \$25,000 for the Colborne street school. None of the money now asked would be spent on that school. He was there as a representative of No. 3 ward.

A bylaw to borrow \$40,000 from the Bank of Montreal to meet current expenses was carried. Another to raise \$2,000 for Collegiate Institute improvements was also passed.

The bylaw to require contractors to pay their men union wages on city work passed its second reading and was referred back for some technical amendment by the solicitor.

There were present: Mayor Little and Aldermen Pritchard, Brener, O'Meara, Powell, Carothers, Armstrong, Nutkin, Marshall, Parnell, Ardill, Dreaney, Skinner, Weld, Wm. Heaman and J. Heaman.

HIGH TIDE AT SPRINGBANK.

Plenty of Pure Water for All Practical Purposes.

For the present, at least, the city is unlikely to experience any shortage in the water supply. Since the pond almost ran out two weeks ago and street and lawn sprinkling was almost entirely forbidden, the reservoir has steadily crept up until now the fifteen-foot mark has almost been reached. The following statement, compiled by Engineer

McLean, pumped out day and the reservoir register since June 17. It was presented to the water commissioners at their regular meeting yesterday afternoon.

Date	Pumped	Depth in Reservoir
June 18	3,005,544	5 10
June 19	2,750,823	4 8
June 20	2,594,740	3 8
June 21	2,700,516	6 2
June 22	2,850,624	6 9
June 23	2,994,731	6 3
June 24	3,087,736	8 3
June 25	1,965,248	8 0
June 26	2,344,568	9 4
June 27	2,540,664	9 9
June 28	3,047,632	11 4
June 29	2,783,740	11 6
June 30	2,711,868	13 6
July 1	3,410,796	14 3

The total amount pumped was 38,958,284 gallons. Since the report was completed the pond has raised several inches. In the fortnight the hydraulic pumps were used when the river would allow. The old steam pumps were in almost constant use, while the new machinery was put into motion on two occasions.

The board auditors, Messrs. George F. Jewell and George W. Cottrell, submitted a statement showing income and outgo of the commission's funds for the quarter ending May 31. The receipts of the Bank of Toronto balance Feb. 28, \$20,081.28; cash in hand, \$12,811; water rates, \$14,992.30; service extension, \$165.71; interest, \$173.50; sundry, \$57.93, a total of \$35,458.53.

The disbursements included workshop account, \$807.93; pump house maintenance, \$768.64; grounds and dam, \$1,473.86; expense, \$42.00; house service, \$447.73; printing, \$28.03; postage, \$27.00; coal boxes, \$240; \$1,476.73; main extensions, \$162.72; insurance, \$57.50; pump house extension, \$509.62; steam pumping machinery, \$1,123.73; salaries, \$1,383; city on revenue account, \$16,000; making the total expenses \$24,605.68. The balance in the bank May 31, is \$10,852.92.

Engineer Moore recommended the laying of a four-inch main on Florence street east from Egerton to supply Mr. Johnston's new house; also that a six-inch main be laid on Stanley street from the Wortley to the Wharfedale roads, to replace the present two-inch wrought iron main. Mr. Moore also asked that seventeen new services be laid to premises on Dundas and Richmond streets, not at present connected. All the recommendations will be carried out.

Oh! G. M. D. Oh! G. M. D. Thou wondrous healer, 'tis to thee Our vows we pay, our tributes bring; Of thee we tell, O thede we sing.

Who dreads dyspepsia's dire attack, With constipation at its back, Assured should be: relief is nigh If but to G. M. D. they'd fly.

By nervousness, so sore oppressed, With life a burden, robbed of rest, There hundreds are who fain would know Where they to get relief can go.

We point to G. M. D. and say, Be cured, be happy, light and gay. Follow the path that thousands tread, Be cured in heart, be cured in head.

What else this mystic G. M. D. But Golden Medical Discovery. That's just it: Dr. Pierce's Golden Medical Discovery. Sold everywhere.

Of the 27 royal families of Europe, two-thirds are of German origin. Feather beds and hair mattresses renovated. We do all renovating on the premises. First-class work guaranteed. We are manufacturers of first-class mattresses and pillows. Dealer in stoves, spring beds and furniture.

H. A. GUNN, 530 Richmond street north. Telephone 997.

Bees in order to collect one pound of honey must visit the clover fields not less than 3,750,000 times.

A few Pennies

on the one hand—

ruined garments on the other.

That will be the result of your

trying to save money by using poor, cheap washing-powders, instead of Pearlina. Just consider. How much could you save in a year if you bought the cheapest and most worthless? And how far would it go toward paying for the things ruined in a single month? You can't save anything by buying cheap washing-powders. The way to save money in washing is to use what has been proved to be absolutely safe. That is Pearlina. Millions use it.

Beware of imitations. 417 JAMES FYLE, N.Y.

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osgood, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are sold, destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kitchin, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Arnesen, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

UNITED HOSPITAL AND DISPENSARY, Boston, Mass.

ALLEN C. SMITH, Pres., The Centaur Company, 71 Murray Street, New York City.

KEEP COOL
