LOCAL MARKET.
Saturday, Oct. 23.
Market Clerk makes statement that today's market was the largest so far this fall. Late comers had a hard time in securing space to sell their produce.

Potatoes and vegetables were the features of the market. Sales were moderately brisk for nearly all the offerings. Prices were inclined to be easier.

Grain—Oats were brisk at 55c to 56c per cwt. Wheat sold at \$1.10 per cwt. and buckwheat at 50c to 51c per cwt.

Butter and Eggs—The supply of butter was moderately large. Sales were fairly brisk for the best grades, which sold at 15c for crocks and 16c for pound rolls. Eggs were scarce and in good demand at 20c to 21c per dozen, wholesale.

Several loads of hay, which were ordered on the previous day, sold at \$8.50 per ton.

Vegetables and Roots—Potatoes were the feature of this line. By actual count there were 40 large loads on sale besides an equal number of small loads. Sales were made at 60c to 70c per bag, wholesale; and 10c to 12c per bag, retail.

Onions—Onions were sold at 20c per bag, wholesale; and 10c to 12c per bag, retail.

STOCK MARKETS.
H. C. Becker, stock broker, Bank of Commerce building, received the following by private wire from Bartlett, Fraser & Carrington today:

New York, Oct. 23, Noon.—The bank statement as indicated in the forecasts is colorless and unimportant. The expansion in loans and deposits is greater than the activity which has prevailed through the week and gives reason to apprehend the movement of cash gold shipments. It is believed that the use for some time to come, but any advance in the rates here will be likely to check the movement. The market shows unusually well formed people is, that barring further complications, which will affect the foreign market, we may expect a continuation of the rise. We still have especially favorable talk regarding Erie securities, which there is some foundation for as well.

AS HIGH AS 5 1/2% CAN STILL be obtained on 5% investments in bonds and stocks of undoubted security.
