My cure lasted 3 days; if I had relied upon will power or faith I would still be a drunkard, because an alcohe! stave has no will power while drinking. I rejoiced to greatly at having found a true cure that I decided to devote my life to removing the curse from others. My success has been marvelous. During eight years I have personally attended to over 6000 men and women who were addicted to drink; the list includes very many persons notable in all walks of life, including these of brains and those of physical energy. If I were permitted to mention names of those who have been saved through this queck, permanent cure the public would be astonished. They include senators, congressmen, public officials, great lawyers, bankers, clergymen, noted merchanta, stilled mechanics, trusted managers and clerks, farmers and others in all vocations.

I tell about the secret in my book, which I send FREE to every person (or relative of riend) who takes alcohel in any form to excess. My one purpose in life is to cure the drunkard. I rejoice in every cure, each victim has my sympathy. What I promise is absolutely guaranteed. My remedy is for either steady or periodical drinkers. Think of it—a complete and permanent home cure between Friday night and Monday might—or any other 72 hours!
