NEW YORK, July 30.—Extraordinary duliness attended operations in stocks today. For this condition several theories were advanced, including uncertainty regarding earnings of the Steel Corporation for the recent quarter, to be issued after the market's close, and concern as to the fiinding against that corporation by the majority of the Stanley committee. Slight majority of the Stanley committee. Slight heaviness was noted at the outset, followed by a firmer tone, under lead of Reading, which was weak yesterday on intimations of a further inquiry into the anthractic industry. BERNIER GOING NORTH TO SEEK FOR GOLD

WITH NEW RULER Great State Ceremonies in Connection With Change of Japanese Emperor.

NATION REMAINS CALM

Special Session of Parliament To Be Called When Cabinet Will Resign.

[Canadian Press:]
Tokio, Japan, July 36. — The great state ceremonies in connection with the change in the rulers of the Japanese Empire caused by the death early yesterday morning, of Mutsuhito and the accession to the throne of his son 814 Yoshihito, were continued today.

The announcement was made at an early hour of the name under which the new era is to be known. The era changes with every reign and an official decree says the new designation is to be Taisei, in place of Neiji, as it was during the reign of Mutsuhito.

Calm reigns throughout the empire today, and the nation for the moment appears completely overcome with sorrow. All the people have put on signs of mourning, and all public functions have been stopped. It is expected that a special session of Parliament will be called, and that all the members of the cabinet will offer their resignations as is customary

when a change of rule occurs. The new Emperor and Empress, as well as the Dowager Empress, remain in virtual seclusion from the public, the only persons permitted to see them being the high dignitaries of state.
