BUILDING ACTIVITY

AT LAWRENCETOWN

Lawrencetown.—Building activities are booming in Lawrencetown, there being at least six new and attractive buildings in course of construction at the present time. Mr. Arthur Balcom, who is erecting a building in the west end, is now adding the finishing touches and hopes to be settled in his new home before the cold winds put in an appearance. Coming up along the line we next come to Mr. R. J. Shaffner's beautiful dwelling, having one of the best locations in the town. Captain Morris is building more in the heart of the business section, and hopes to have his building completed within two or three months. C. R. Banks has already completed construction of a barn and is now rapidly making headway on a new house in the east end. On the south side we first find Mr. L. D. Hanley's residence fast nearing completion. He has a barn nearly finished already that is of large structure and very commodious. Directly on the corner south side, with an ideal location we discover a house that is practically complete, now being the property of Mr. Chas. Merry. We further note that Mr. F. L. Bishop whose house was badly damaged in a recent fire is now adding extensive repairs, and is changing somewhat the plan previously owned. E. C. Shaffner, Lawrencetown's merchant, who recently moved from the homestead in Williamstown to take charge of Shaffner's Ltd., has completely renovated the house formerly occupied by R. J. Shaffner and is now happily situated in one of the nicest residences in the Valley. A garage is under construction in the rear and when completed will further add to the attractiveness of the town.

SUNDAY SCHOOL PICNIC AT HAMPTON

The annual picnic to Hampton took place on Wednesday last. On account of rainy weather a number of postponements had been made and this year the Baptist S. School and Gordon-Providence United Church Sunday School joined forces. Nine large double teams accommodating twenty persons each, five other doubles, a number of single rigs and cars as well conveyed the three hundred or more who enjoyed the bracing breezes and restful sea. A good program of sports was arranged including two baseball matches, one for the boys and the other for the men married vs. single. The single won out 12 to 6. In the 50 yard dash first event, Jas. Peters was the winner on the second J. Mitchell. Hartley Marshall won the Broad Jump. Ralph Warren the High Jump.

An interesting tug of war took place between teams captained by Mr. Earl Marshall and Mr. Laurence. The boys also had a number of contests of the same class. After which the boys secured or captured, we are not sure which is correct by the card, a monster hellebore fish. Capt. Clinton Collins who conducts most successfully on the grounds an establishment for the sale of ice cream, soft drinks, etc., contributed most materially in every way in which he could assist, and there were many ways to make everything enjoyable for the picnickers.

CLEMENTSPORT

"THE QUEEN OF THE BASIN"

Wednesday, 19th inst., Clementsport and vicinity were well showered with yellow posters, advertising a great sale of goods in Bear River at a sacrifice. The first personal pronoun was used, stating the sale was no take and that the "Ego" guaranteed names, titles, or firm, were given. A guarantee is of a name to back it up. We would advise Clementsport people to be very chary how they deal with these people whoever they may be. Such forms of advertising should receive no response in a reputable locality.

We believe a great deal of good has been done by the Highways Commission, but if they would take the public into their confidence a bit, it might be better for all concerned. For example: How do they decide what special places in the main highways to render safe or at which to post danger signals? There were some very dangerous places the west side of Victoria bridge which have been rendered comparatively safe and further improvements for safety are planned for that section. Now how is this brought about? Does the Highway Board have an official who especially makes it his business to look out the danger spots and report to headquarters the needed changes, etc., or is it necessary for the local authorities or citizens to bring the conditions to the Board's notice? Now one of the most dangerous spots on the main Halifax to Yarmouth highway is just a few hundred yards out of Clementsport, going west where the wharf road goes off the main road, the latter is very, very narrow just here and the former descends as the latter ascends. Several cars have been turned upside down here. Traveling at night where one finds he has taken the wrong road he swings to the left, runs up the bank, and over he goes. This trap should be removed. A suggestion is to cut out the side of the bank on the main highway—and to post danger signals in the village and one at the forks of the roads. We trust a hint to the wise will be sufficient.

The station!!! Well, we have every confidence in the General Manager of the D.A.R., that he will carry out the promise made a year ago, to give us a station just as soon as possible. We did not take this to be just a way of setting the matter aside, but to be a genuine statement. We have a suggestion to Mr. Graham, which we trust he will receive and adopt. It is this: Place on the proposed site of your new station, a sign board, large enough to be seen from the train, bearing words to this effect, "The D.A.R. will erect on this spot a new up-to-date station in 1923". This means that the D.A.R., while not being able to do it this year, lets the travelling public know it is a progressive and public spirited R.R. It is indeed pleasing to see the burning displayed from the flag poles of this village on Sundays and holidays. The latest in this patriotic move is Mr. Abbott, who has erected a 40 ft. flag staff on a good elevation and which flies the Canadian ensign. May there be many more before the year is out.

Dr. L. J. Lovett, M.P., was in the village for a little while on Monday, 17th inst., seeing some of his many friends. Mrs. Frank Dakin and four children, of Medford, Mass., are visiting her father, Mr. R. W. Caffery. Mr. J. L. Davidson, who we are glad to say, is able to be about again, after a very serious operation, left on Tuesday, 17th inst., for a week's visit to Eastport, Maine.

We are informed that St. Luke's Anglican Church, Annapolis Royal, held its annual Sunday School picnic on Mr. Barnum's grounds at Durling's Cove, on Tuesday, the 18th inst. This is at least the second year it has been held here. The charms of Clementsport keep drawing many more year after year.

Mrs. Moore McCormick, Annapolis Royal who came to the Sunday School picnic on Tuesday, spent the night with her parents, Capt. and Mrs. Amos Burns.

Capt. Herbert Rawding, in the Thomas P. Beal steamer, is reported as having arrived at San Pedro, on the 17th inst., en route to Los Angeles, San Francisco and Seattle.

Mr. Geo. Gilliat, who has been sailing out of Boston as mate for the past three months, is at home again. Miss Catherine Fraser, a former teacher here, who taught at Dominion No. 1, last year, is spending a few days at Riverside Cottage. Her many friends are delighted to see her. She is accompanied by her sister, Miss Constance Fraser.

Mr. E. A. Dresser, of Salem, Mass., Mr. Holyoke Mutual Insurance Co., and friend of Mr. Charles Ray, is at Riverside Cottage.

Mr. Alice Rawding, of Atlanta, Georgia, after a long absence of 31 years, is visiting his friend. At present he is with Mr. Jag. Ray, Deep Brook.

On Tuesday evening, 17th inst., some of Mr. C. F. Tupper's friends gave him a genuine surprise party. It was the occasion of his birthday, and twenty-six men and women gathered bringing with them a choice supply of refreshments. A very pleasant evening was spent, during the course of which Mr. and Mrs. Robertson presented to Mr. Tupper a purse of \$15, wishing him on behalf of the donors, a long and happy life and many returns of the day. Mr. Tupper replied in suitable words.

Saturday, July 22nd, Bruce Beeler, the little three-year-old son of Mr. Horace Beeler was playing on a raking machine in his bare feet, when one of his small brothers in some way tripped the gear and Bruce's foot was caught, taking off the top of the second toe, breaking the third and fourth and making a bad gash in the sole of the foot. Dr. Campbell attended to the injury and the little fellow is resting easily.

C. G. I. T. CELEBRATE DELEGATES RETURN

The Stead-vance C. G. I. T. celebrated the return of their delegates from Camp Wallace by having a tea in the school room of Gordon-Providence Church.

After having done justice to the good things on the table and toasted "The King", "Our Guest", "Our Leader", "Our President", "Our Delegate", "The Group" and "Our next Merry Meeting", they enjoyed an excellent report of the life and work at Camp Wallace.

New stunts in calisthenics and suggestions for the next meeting's program, closed a very pleasant evening.

Judging by the merry faces that surrounded the table and the quality of the feast provided the C.G.I.T. is not neglecting the well being of the individual; and the report given and general conduct of the meeting showed that the girls know how to do things.
