

THE PUREST AND BEST

REMEDY EVER MADE.—IT IS COMPOUNDED FROM HOPS, MALT, BUCHU, MAN-DRAGE, AND DANDELION.

The oldest, best, most renowned and valuable medicine in the world, and in addition it contains all the best and most effective curative properties of all other remedies, being the greatest liver regulator, blood purifier, and life and health restoring agent on earth.

It gives new life and vigour to the aged and infirm. To clergymen, lawyers, literary men, ladies, and all whom sedentary employments cause irregularities of the Blood, Stomach, Bowels, or Kidneys, or who require an appetizer, tonic, and mild stimulant, it is invaluable, being highly curative, tonic and stimulating, without being intoxicating.

No matter what your feelings or symptoms are, or what the disease or ailment is, use Hop Bitters. Don't wait until you are sick, but if you only feel bad or miserable use the bitters at once. It may save you life. Hundreds have been saved by so doing, at a moderate cost. Ask your druggist or physician. Do not suffer yourself or let your friends suffer, but use and urge them to use Hop Bitters.

If you have lameness in the loins, with frequent pains and aches; numbness of the thigh; scanty, painful and frequent discharge of urine, filled with pus, and which will turn red by standing; a voracious appetite and unquenchable thirst; harsh and dry skin; clammy tongue, often darkly furred; swollen and inflamed gums; dropsical swelling of the limbs; frequent attacks of hiccough; inability to void the urine, and great fatigue in attempting it—you are suffering from some form of Kidney or Urinary Complaint, such as BRIGHT'S DISEASE of the kidneys, stone or inflammation of the bladder, gravel and renal calculi, diabetes, stranguary stricture and retention of the urine, and Hop Bitters is the only remedy that will permanently cure you.

Remember, Hop Bitters is no vile, drugged, drunken nostrum, but the purest and best medicine ever made, and no person or family should be without it.

Don't risk any of the highly lauded stuff with testimonials of great cures, but ask your neighbour, druggist, pastor or physicians what Hop Bitters has and can do for you and test it.

WELLS, RICHARDSON & CO'S IMPROVED BUTTER COLOR A NEW DISCOVERY. For several years we have furnished the Dairy men of America with an excellent artificial color for butter; so meritorious that it met with great success everywhere, yielding the highest and only prizes at both International Dairy Fairs.

Scientific and Useful.

To KEEP BUTTER as hard as if on ice, take a new flower-pot, wash it clean, wrap in a wet cloth, and set it over the butter.

Mix a little carbonate of soda with the water in which flowers are immersed, and it will preserve them for a fortnight. Common saltpetre is also a very good preservative.

The term *hydra* may be used to represent any manifold evil. If you would battle successfully with this many-headed monster of disease you will find it expedient to keep Mrs. Pinkham's Vegetable Compound always at hand.—Dr. Manning.

CORN CHOWDER.—Cut a half pound of salt pork in little half-inch squares; slice two onions very thin, as for frying, and boil pork and onions together in two quarts of water for twenty minutes; cut six medium-sized potatoes in rather thick slices so they will keep their shape; add them to the soup and boil ten minutes (meanwhile scald one quart of milk); after the potatoes have boiled add one quart can of corn, and lastly the milk, and let all come to a boil; cover the bottom of the soup dish with buttered crackers, and pour the soup over them.

Do boldly what you do at all. Boldly do we affirm that Kidney-Wort is the great remedy for liver, bowels and kidney diseases. Rheumatism and piles vanish before it. The tonic effect of Kidney-Wort is produced by its cleansing and purifying action on the blood. Where there is a gravelly deposit in the urine, or milky,ropy urine from disordered kidneys, it always cures.

USE OF FEATHER DUSTERS.—A Paris journal of hygiene warns housekeepers against the use of a feather duster instead of a wet cloth. The duster simply chases the particles from the furniture into the air, where they are inhaled. Dust is formed of innumerable quantities of spores and eggs and germs, as well as of inert matter. A flourish of the duster may set loose an assassinating germ. The dangerous particles attach themselves readily to a dampened cloth. The origin of many diseases is traceable to the mere specks which ought to be removed, and not simply stirred up.

The Diamond Dyes always do more than they claim to do. Colour over that old dress. It will look like new. Only 10 cents.

HOW TO MAKE PEPPERMINT DROPS.—Take a convenient quantity of granulated sugar; place it in a pan having a lip from which the contents may be poured or dropped; add a very little water, just enough to make the sugar a stiff paste, two ounces of water to a pound of sugar being about the right proportion; set it over the fire and allow it to nearly boil, keeping it continually stirred; it must not actually come to a full boil, but must be removed from the fire just as the bubbles, denoting the boiling point is reached, begin to rise. Allow the syrup to cool a little, stirring all the time; add strong essence of peppermint to suit the taste, and drop on tins, or sheets of smooth white paper. The dropping is performed by tilting the vessel slightly, so that the contents will slowly run out, and with a small piece of stiff wire the drops may be stroked off on to the tins or paper. They should then be kept in a warm place for a few hours to dry. If desired, a little red colouring may be added just previous to dropping, or a portion may be dropped in a plain, white form, and the remainder coloured.—Confectioner and Baker.

FELONS—BOILS—"Felons," which are usually termed "whitlows" by physicians, we believe, are a very painful and often a very serious affection of the fingers, generally of the last joints, and often near or involving the nails. As the fingers are much exposed to bruises, felons are quite common among those who constantly use their hands at hard work. If allowed to continue until matter (pus) forms, and the periosteum or bone sheathing is affected, lancing is necessary; but if taken in time, a simple application of copal varnish, covering it with a bandage, is highly recommended. If the varnish becomes dry and unpleasantly hard, a little fresh varnish may be applied from time to time. When a cure is effected, the varnish is easily removed by rubbing into it a little lard and washing with soap and water. Dr. A. B. Isham details in the "Medical News" a number of cases of its application

with uniform success, where formation of puss had not previously occurred. In two cases there was apparently a combination of the "run-around" with the felon, and in all of them there was swelling, redness, heat, and great pain. He suggests the use of copal varnish for felons, "run-arounds," boils, and any local acute inflammation of external parts.

A NOTED BUT UNTITLED WOMAN. (From the Boston Globe.)

Mrs. Editors.—The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life's study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhoea, irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, dull pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only \$1. per bottle or six for \$5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of either sex this compound is unsurpassed as abundant testimonials show. "Mrs. Pinkham's Liver Pills," says one writer, "are the best in the world for the cure of Constipation, Biliousness and Torpidity of Liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity. All medicines put her as an Agent of Mercy whose sole aim is to relieve suffering." Price 25c. Sold by all Druggists.
