Rev. James Hair Maclean, B.D., was ordained as a missionary to India on 16th ult., in the Middle church, Greenock, the Presbytery having associated with them on the occasion the local United Presbyterian Presbytery.

Prof. Story considers the absence of Swiss brethren from the Grindelwald conference to have greatly detracted from the value of the discussion on reunion of the Scottish Presbyterian Churches. Were he again a parish minister, he says, he would rather exchange pulpits with Herr Strasser than with Dr. Hutton.

The jubilee celebrations at Kirkintilloch ended with a public soiree, at which Mr. Mitchell was presented with addresses from the presbytery, the congregation and his former congregation at Leven, and with a public testimonial in the form of a purse of sovereigns. Among the speakers were Rev. D. Kinross, moderator of synod, and Rev. Drs. Hutton and Drummond.

Rev. Robert Kirke, D.D., of Hutton has been presented by his congregation with an address congratulating him on his jubilee. A native of New Kilpatrick, he was ordained to Newark, Port-Glasgow, in 1845. Some three years later he was translated to the Middle parish, Paisley, whence nine years afterwards he went to the Berwickshire parish. Mrs. Kirke received a pair of silver candlesticks and a silver-mounted lady's companion.

A life-like bust in clay of Ian MacLaren (Rev. John Watson) prepared for reproduction in parian is now in the hands of the well known firm of art manufacturers, Messrs. Robinson and Leadbeater of Stoke-on-Trent. The artist is Mr. Laidlaw of Liverpool. Mr. Alderman Leadbeater, a leading partner in the firm, is senior elder of the Presbyterian congregation of Hanley. He has been repeatedly invited to become Mayor of Stoke, and has now agreed to accept the invitation if the present Mayor declines re-election.

Rev. John C. Brown, LL. D., Haddington, died on 17th ult., at the age of 87. A grandson of the famous commentator, he was ordained in 1821, undertook the pastorate of a Congregational church in St. Petersburg for several years. He was afterwards minister of Belmont-street United Presbyterian church, Aberdeen. Strongly attracted to science, he resigned after eleven years' labour, and became Colonial Botanist at the Cape. For the last twenty-one years he resided in his native town, devoting himself to literary and scientific investigation. Deeply evangelical, he aimed at reconciling science and religion.

NO TIME TO LOSE.

VARIABLE AUTUMN WEATHER
OFTEN SEALS THE FATE OF
RHEUMATIC SUFFERERS.

VICTIMS OF RHEUMATISM

FIND A CURE IN

PAIN'S CELERY COMPOUND.

NOTHING LIKE IT FOR BANISHING THE AWFUL
DISEASE.

OLD AND CHRONIC SUFFERERS ARE
MADE HALE AND STRONG.

Mr. William McWilliams, of Bradford, Ont., writes as follows about his case:—

Unsolicited, I forward this testimonial as to the value of Paine's Celery Compound. I am well up in years and was sorely afflicted with rheumatism. I purchased and used six bottles of your medicine, and am now perfectly well, I have no rheumatism left."

The above is just an ordinary sample of the proof that cured people furnish every week.

Let us utter a few words of warning to all who feel the pangs of a disease that makes life a misery and burden.

The most dangerous season of the year is now with us; there is no necessity to enlarge upon this fact. Chilling winds, damp weather and heavy im-

pure atmosphere, aggravate every condition of rheumatism, and brings many a sufferer to the grave.

Take courage all victims of rheumatism. If you have failed with doctors and the ordinary medicines of the day, remember, you have not yet given Paine's Celery Compound a trial. This marvellous medicine has made new men and women of thousands who were pronounced incurable by physicians. It can and will, do the same good work for you, if you fairly and honestly use it for a time. Mr. McWilliams' case was one that baffled all other medicines but Paine's Celery Compound, which proved victorious at every point, giving him a new and better life. Go thou and follow his example.
