

President and Secretary, respectively, was adopted and afterwards forwarded to Mrs. Harrington:

"The members of the Executive Council of the Entomological Society of Ontario desire to express their profound sympathy with you in the loss that you have sustained through the death of your husband, Mr. William Hague Harrington. For more than forty years he was a member of this Society and took an active interest in its welfare and shared in its work. He was regarded not only in Canada, but in the United States as well, as a thoroughly scientific entomologist, whose published contributions were distinguished by their painstaking accuracy and the many original observations contained in them. He was justly considered to be the highest authority upon hymenopterous insects in the Dominion of Canada. We deplore his loss to science and to our Society, and grieve at the removal of a colleague and friend."

The Ottawa Field-Naturalists' Club on March 15 resolved as follows:

"The Council of the Ottawa Field-Naturalists' Club has learned with deep regret of the death on Wednesday, March 13, of Mr. William Hague Harrington, F.R.S.C. Mr. Harrington was known and highly respected by entomologists, botanists and other scientific men, not only in Canada but throughout the United States as well. His studies, particularly on certain families of insects, had given him a wide reputation, and in his death the science of entomology particularly has lost a devoted worker. As a former Secretary and Past President of the Club he was held in high regard by our members."

The following is a list of Harrington's more important writings:

IN THE CANADIAN ENTOMOLOGIST:

Entomology for Beginners—Some Wood Eaters; 1880, 95, 258;
Field Notes; 1881, 7;

Entomology for Beginners—Long-stings; 1882, 81;

Notes on the occurrence of some species of Uroceridæ; 1882,
224;

Variations in markings of *Cicindela sexguttata*; 1883, 239;
