

NOTES ON SPECIALTIES.

Relief in Rheumatoid Conditions.

Dr. Pettinghill, of New York city, under the head of "Intestinal Antisepsis," reports some excellent experiences, from which the following is selected:

"Every physician knows full well the advantages to be derived from the use of antikamnia in very many diseases, but a number of them are still lacking a knowledge of the fact that antikamnia in combination with various other remedies, has a peculiarly happy effect. Particularly is this the case when combined with salol. Salol is a most valuable remedy in many affections; and its usefulness seems to be enhanced by combining it with antikamnia. The rheumatoid conditions

so often seen in various manifestations are wonderfully relieved by the use of this combination. After fevers, inflammation, etc., there frequently remain various painful and annoying conditions which may continue, namely: the severe headaches which occur after meningitis, a 'stitch in the side' following pleurisy, the precordial pain of pericarditis and the painful stiffness of the joints which remain after a rheumatic attack—all these conditions are relieved by this combination called 'Antikamnia and Salol Tablets' containing $2\frac{1}{2}$ grains each of antikamnia and of salol, and the dose of which is one or two every two or three hours. They are also recommended highly in the treatment of

Glyco- Thymoline

IS INDICATED FOR

CATARRHAL CONDITIONS

Nasal, Throat, Intestinal,
Stomach, Rectal, and
Utero-Vaginal.

SAMPLES ON APPLICATION.

KRESS & OWEN COMPANY
210 Fulton St., NEW YORK
