Are You Getting Your Share?

Schools are now open, and if you want the lion's share of the ink trade you will have to sell an ink that will **WRITE BLACK AND STAY BLACK**—not brown, or gray, or purple, **BUT BLACK, JET BLACK AT THAT,** and will flow as freely as any other ink.

There is only one ink made

that answers these requirements.

This is the new

"JAPANESE"

School Black.

Best for school and home use. Second only to **OUR BLUE-BLACK WRITING FLUID** for office use.

Manufactured and sold only to the trade by

THE COLONIAL INK CO., LIMITED
