DR. M'LANE'S CELEBRATED

LIVER PILLS,

FOR THE CURE OF

Hepatitis or Liver Complaint, DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

DAIN in the right side, under the edge of the ribs, increases on pressure; somezmes the pain is in the left side; the paient is rarely able to lie on the left side; sometimes the pain is felt under the shoul, der blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bawels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a pain. ful sensation of having loft undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. M'LANE'S LIVER PILLS, IN CASES of Aoue and Fever, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with his disease to give them a FAIR TRIAL.

Dr. J. Walker's California Yinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Ren-ovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases. They are casy of administration, prompt in their results, safe and reliable in all forms of diseases. If men will enjoy good health, letthem

use Vinegan Briters as a medicine, and avoid the use of alcoholic stimulants in every form. R. H. McDONALD & CO. Druggists and General Agents, San Francisco, California, and cor. Washington and Charlton Sts., New York.

Sold by all Bruggists and Dealers. PROSPECTUS FOR 1874. - SEVENTH EAR "THE ALDINE,"

An Illustrated Monthly Journal, Universally Admitted to be the Handsomest Periodical in the World. A Representative and Champion of Amc-

rican Taste. NOT FOR SALE IN BOOK OR NEWS STORES. THE ALDINE, while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception-alone and unapproached -absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten

times its cost; and then, there are the chromos, besides !

ART DEPARTMENT, 1874.

The illustrations of THE ALDINE have won a world-wide reputation, and in the art centres of Europe it is an admitted fact that its wood cuts are examples of the highest perfection ever attained .-The common prejudice in favor of "steel plates," is rapidly yielding to a more educated and discriminating taste which recognizes the advantages of superior artistic quality with greater facility of production. The wood-cuts of THE ALDINE possess all the delicacy and elaborate finish of the most costly steel plate, while they afford a better tendering of the artist's original.

wonderful work which ALDINE is doing for the cause of art culture in America, it is only necessary to consider the cost to the people of any other decent representations of

the productions of great painters. In addition to designs by the members of the National Academy, and other noted American artists, THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest. Thus the subscriber to *THE ALDINE* will, at a trifling cost, enjoyin his own home the pleasures and refining influences of true art.

The quarterly tinted plates for 1874 will be by Thos. Moran and J. D. Woodward.

The Christmas issue for 1874 will contain special designs appropriate to the season, by our best artists, and will surpass in attractions any of its predecessors, THE ALDINE will, hereafter, be obtainable only by subscription There will be no reduced or club rate; cash for subscriptions must be sent to the publishers direct, or handed to the local canvasser, without responsibility to the publishers, except in cases

where the certificate is given bearing the fac-simile signature of James Sutton & Co. PREMIUM FOR 1874. Every subscriber to THE ALDINE for the year

1874 will receive a pair of chromos. The original pictures were printed in oil for the publishers of THE ALDINE, by Thomas Moran, whose great Colorado picture was purchased by Congress for ten thousand dollars. The subjects were chosen to re-present "The East" and "The West." One is a view in The White Mountains, New Hampshire; the other gives The Cliffs of Green River, Wyoming Territory. The difference in the nature of the scenes themselves is a pleasing contrast, and affords a good display of the artist's scope and coloring. The chromes are each worked from thirty distinct plates, and are in size (12×16) and appearance exact fac-similes of the originals. The presentation of a worthy example of America's greatest landscape painter to the subscribers of THE ALDINE was a bold but peculiarly happy idea, and its successful realization is attested by the following testimonial, over the signature of Mr. Moran himself.

These chromos are in every sense American. They are by an original American process, with material of American manufacture, from designs of American scenery by an American painter, and presented to subscribers to the first successful American Art Journal. If no better because of all this, they will certainly possess an interest no foreign production can inspire, and neither are they any the worse if by reason of peculiar facilities of production they cost the publishers only a trifle, while equal in every respect to other chromos that are sold single for double the subscription price of THE ALDINE. Persons of taste will prize these pictures for themselves—not for the price they did or did not cost, and will appreciate the enterprise that renders their distribution possible.

CANVASSERS WANTED. Any person wishing to act permanently as a local canvasser will receive full and prompt information by appplying to
