

Care for your live stock would seem an almost superfluous piece of advice to farmers, cattle raisers, horsemen and others, whose capital is largely invested in quadrupeds. Yet how often are the diseases and sanitary requirements of these left to the care of the ignorant and brutal, and irrationally treated when unwell? No stock yard, farm or stable can be said to be properly equipped where an efficient remedial agent is not provided. The best and most highly approved by veterinarians is Thomas' Eucalyptic Oil, which besides being a thorough remedy for lung complaints, bronchitis, rheumatism, neuralgia, sores and hurts of the human race, remedies with certainty Galls, Contractions or Cracking of the Hoof, Distemper, Scours, Curb, Coughs, scratches, sore teats and other disorders and troubles of horses and cattle. Sold by all medicine dealers. Prepared only by Northrop & Lyman, Toronto, Ont.

WEEKLY REVIEW—WHOLESALE MARKETS.

Business showed signs of improvement in more than one branch of trade this week, but the detention of the first ocean steamers of the Spring fleet in the ice proved quite a drawback to the general trade of the city. We notice that, despite the poor outlook for grain freights from this port in the immediate future, several of the smaller steamship lines are increasing their facilities here, and about a dozen fine iron steamships will trade here this summer for the first time.

Flour.—Superior Extra, \$6.40 to \$6.50; Extra Superior, \$6.30 to \$6.35; Spring Extra, \$6.15 to \$6.20; Superfine, \$6.70 to \$6.80; Canada Strong Bakers, \$6.50 to \$6.75; American Strong Bakers, \$7.50 to \$8.00; Fine, \$6.15 to \$6.25; Middlings, \$4.25 to \$4.50; Pollards, \$3.75 to \$4.00; Ontario Bags, Medium to Strong, \$3.05 to \$3.10; Spring Extra, \$2.95 to \$3.00; Superfine, \$2.85 to \$2.90; City Bags (delivered), \$3.80 to \$4.00.

We quote Canada red winter wheat \$1.48 to \$1.47. For Canada white, \$1.38 would be taken, the difficulty being an absence of buyers over \$1.36. Canada spring is quoted at \$1.40 to \$1.50, according to quality. In peas there is some business doing at earlier prices than formerly, a sale of 10,000 bushels being reported on p. t., the figure supposed to be a shade under \$1. We quote 99c to \$1. Oats are steady, holders asking 43c. Barley is purely nominal at 65c to 67c, and rye at 85c to 90c.

MONTREAL STREET MARKET.—May 9.

The public markets to-day were fairly supplied with produce, but only a moderate business was done. The season being yet early there are few important changes to note in vegetables and fruit, though strawberries, pine apples and green stuffs are all easier. One steamer brought in 80 cases of oranges, thus putting an end to the scarcity of this fruit.

Flour, per 100 lbs, \$3.50 to 3.60; buckwheat flour, \$2.00; oatmeal, do, \$2.60; cornmeal, do, \$1.80 to 1.90; moulie, do, \$1.60 to 1.80; bran, per 100 lbs, \$1.25.

GRAIN—Oats, per bush, \$1.05 to 1.10; peas, per bush, \$1.05 to \$1.10; beans, \$2; buckwheat, per bush, 80c.

VEGETABLES.—Potatoes, per bag, 95c to \$1.10; carrots, per bushel, 50c; onions, per bbl, \$1.75 to 2.50; Montreal cabbages, per bbl, \$3.50; lettuce, per dozen, \$1.50; Montreal turnips, per barrel, \$1.50; beets, per bush, 75c; parsnips, \$1 per bushel; artichokes, \$1 per bushel; rhubarb, 75c to \$1 per doz; bunches; cucumbers 20c to 25c each; lettuce, 30c to 60c per doz; asparagus, 75c per bunch.

FRUIT.—Apples per barrel, \$4.00 to 5.50; cranberries, \$1 per gallon, \$5.50 per box, \$9 to \$12 per bbl; oranges \$12 per case; lemons, \$6 per case; Florida tomatoes, \$2 per box; strawberries, 50c per quart; pine apples, 40c to 50c each.

DAIRY PRODUCTS.—Poor to choice print butter, per lb, 25c to 30c; tub butter, new, 22c to 23c; eggs, new laid, per dozen, 16c to 18c. POULTRY AND GAME.—Fowls, per lb, 11c; chickens, per 12c; turkeys, per lb, 13c; geese, 10c; wild ducks, 50c per brace; plover, \$3.50 per doz; black ducks, \$1 per brace.

MEATS.—Beef, per lb, trimmed, 13c to 15c; mutton, 10c to 12c; lamb, per quarter, \$1 to 2; veal, per lb, 10c to 15c; pork, per lb, 13c to 15c; hams, per lb, 14c to 15c; lard, per lb, 13c to 15c; sausages, per lb, 12c to 14c; dressed hogs, \$9.75 to 10.

FISH.—Lake trout, per lb, 12c to 15c; smelts, 12c; fresh herrings, 30c per doz; pike and lobsters, per lb, 12c; white fish, per lb, 12c; halibut, per lb, 15c to 20c; haddock and cod, per lb, 6c to 7c; mackerel, per lb, 12c; black bass, per bunch, 40c to 50c; maskinonge, per lb, 12c to 15c; sword fish, per lb, 12c to 15c.

MONTREAL CATTLE MARKET.—May 8.

Prices ruled firm again to-day and as high as 6 1/2c was asked in one or two instances. Butchers say they will have to go into the back country to buy. For good to choice cattle 5 1/2c to 6 1/2c was paid on an average. W. Roberts of the Townships had two loads of shipping cattle and one of butchers' cattle, he sold the latter at 4 1/2c to 5 1/2c. Price of Delorme, city traders, sold a load at much the same price. R. Monette, city trader, sold part of a load to butchers at 5 1/2c; W. Kinners, Toronto, sold a load at 5 1/2c to 6 1/2c, and B. J. Hopper 1 load at 4 1/2c to 5 1/2c. At Viger

market the offerings were 150 cattle, 100 calves, 50 sheep and lambs, and 25 live hogs. Calves brought \$3 to \$10 each; sheep, \$10 to \$12; lambs, \$4 to \$6, and hogs \$3.50 to \$5 each.

FIREARMS, ETC.

The attention of our readers is directed to the advertisement in other columns of Mr. Charles Stark, No. 52 Church street, Toronto, who is the largest importer of firearms of every description in the Dominion. Mr. Stark has likewise in stock an endless variety of clocks, silver and platedware, watches, jewellery and cutlery, to which he invites the attention of the public from all sections. All the goods we have enumerated are beautifully illustrated, and their prices specified, in Mr. Stark's catalogue, which will be forwarded to any address on receipt of a six cent stamp to prepay postage.

DIED.

DOWNNEY.—At Chippewa Falls, Wisconsin, April 28th, Thomas Downney, aged 70 years and 7 months. Deceased was a native of the County Limerick, Ireland. He emigrated to Canada in the year 1847, with his wife and four children, to seek shelter from the cruel landlord and periodical famines caused by British misrule. He struggled to maintain his children and how out at home in the age when machinery was almost unknown to the backwoodsman. He was a fervent Catholic, and died fortified with all the rites of the Church, which again crowns a man lives so he must die. He moved to Wisconsin in 1877, to spend his last hours amongst his children, whom he loved so well, who, in their turn, went to seek a home in the West, had seven of them to smooth his pillow in his last hour. He had no fear for the future nor regret for the past. He subscribed for the *True Witness* over twenty years, and no other paper pleased him so well. Gentle reader, breathe a prayer for his soul, that is now enjoying the reward of a good conscience, a loving husband, and an indulgent father.

"THE TWO LEADING PIANOS OF AMERICA!"

WEBER AND STEINWAY CONTRASTED.

"In speaking of these two Pianos, we do not ignore the claims of other makers. The Chickering, Knabe, Decker & Son, Decker Bros., Vose & Son, all good composers of Pianos in the sense in which we speak of commercial pictures as distinct from those that are acknowledged works of art. They are generally well and honestly made, and, being manufactured and sold at a moderate price, give satisfaction to the ordinary purchaser. But the musician, the artist, or the connoisseur, who would obtain from the Piano the grandest results of which this noble instrument is capable, must seek these results from either of the two great names that head this article.

"The Weber and Steinway Pianos are universally acknowledged to be the leading Pianos of America. They are not, nor have they ever been, strictly speaking, rivals. In a mechanical sense there is positively little difference between them, and the cost is about the same. Both makers have achieved the utmost limits of perfection so far as durability and good workmanship are concerned, but in respect of tone there can be no comparison. The Weber Pianos possess a tone of great purity, richness and sonority, perhaps equal in this respect to Weber, but here the comparison ends. They cannot approach the Weber for purity, richness and volubility—three qualifications which combined give that distinct and perfect articulation, which only one hears in vocal organs or the highest order and calibre. Hence all the principal artists of the present day, whether vocalists or instrumentalists, prefer the Weber Pianos for their public performances and private use. They are sympathetic, and capable of giving the various lights and shades of expression in so remarkable a manner as to make them incomparably superior to any other piano of this age."—Spectator.

MALARIA! MALARIA!!

THE CAUSE OF DISEASE IN THE STOMACH, KIDNEYS & NERVOUS SYSTEM!

Below will be found a brief Summary of a Lecture upon the Liver, delivered before the Eclectic College of Medicine, by

DR. J. HAYDOCK.

The Liver has been known as the great blood-maker and blood-purifier of the circulation. From its size and spongy structure, it plays a most important part in the animal economy, as regards assimilation and nutrition. Food taken in the mouth and acted upon by the digestive organs or the stomach is converted into Glucose or Peptone, and in these forms enters the Portal vein. Here, by the action of the Liver, these substances are converted into a form of sugar and pass out of the Liver by a large vein, called the Hepatic vein, into the general circulation. The new material now formed serves two purposes, viz: the maintenance of heat in the body and assisting in the cell growth of the system.

Dr. Haydock says—"The composition of bile and its secretion is very complex. It is constantly being secreted by the Liver and, increasing suddenly before eating, gradually decreases as soon as the appetite is satisfied and feeding ceases." Now, if this most important organ of the body becomes torpid, or the passage of bile interfered with, amelioration and disease ensue. I note eight marked peculiarities that now occur, and which we all know of:

1. The patient complains of a feeling of weight and fullness of the epigastrium.
2. Distention of the Stomach and Bowels with wind.
3. Heart-burn.
4. A feeling of weariness, pains in the limbs, and great sleepiness after meals.
5. A bad taste in the mouth, especially in the morning, and furred tongue.
6. Constipation, with occasional attacks of diarrhoea.
7. Headache in front of head.
8. Depression of spirits and great melancholy, with lassitude and a disposition to leave everything for to-morrow.

All of the above symptoms go to show functional derangement of the Liver; and now comes the great importance of any error made as to the condition of the patient. He should immediately provide himself with a LIVER STIMULANT, the most common form of which is a Pill. Daily experience shows that this, when the Pill is compounded properly, is the readiest mode of exciting and promoting the action of the Liver, and can be almost always relied on. I have devoted many years of my life, as many of you now before me know, to compounding a Pill that will act readily and systematically as a Bileous Remedy. I do not believe in great purgatives, and therefore have made a Pill, one of which is an active and thorough dose. I have called it

Dr. Haydock's New Liver Pill.

The People Know Them! The People Use Them! The People Praise Them!

WHAT HUNDREDS OF LETTERS SAY FROM PATIENTS ALL OVER THE HABITABLE GLOBE.

Dr. Haydock, your new Liver Pill has rid me of all biliousness. No more noxious doses for me of five or ten pills taken at one time. One of your pills cured me.

Thanks, Doctor. My headache has left me. Send me another vial to keep in the house. Our doctors treated me for chronic constipation, as they called it, and at last said I was incurable. Your new Liver Pills cured me. I had no appetite; Dr. Haydock's New Liver Pills gave me a hearty one.

Dr. Haydock has cured my headache that was chronic.

For all Diseases of the Kidneys, Retention of Urine, Dr. Haydock's New Liver Pills are a perfect cure. One pill will satisfy the most skeptical.

For Female Bile, Nervous Weakness, General Lassitude, Want of Appetite, and Sick Headache, Dr. Haydock's New Liver Pills will be found an Effective Remedy.

They are universal in their effects, and a cure can almost always be guaranteed. Each Vial Contains Twenty Pills.—One Pill is a Dose. Price, Twenty-five Cents. For Sale by all Druggists.

Every Pill is Sugar-Coated. If your druggist does not keep them, we will mail them free to any address on receipt of 25 cents. Five vials for \$1. BUY AT ONCE. DO NOT DELAY.

HAYDOCK & CO., New York.

Caution!—Druggists are desired to notice that the name of J. H. Haydock, sole agent, is written across each box, package or Haydock's Liver Pills. All without this are counterfeits.
